*Secrets of Methamphetamine Manufacture 8th Edition* Uncle Fester, 2009-03-01 The best book ever written in the field of clandestine chemistry has just gotten better in a new 8th edition I have trained the champions of the field of clandestine chemistry for over 20 years and this book gives the new techniques required for this constantly evolving field I have uncovered a very easily done and supplied method for cooking your own ephedrine and pseudoephedrine from health food store and hardware store materials This completely eliminates the need to show ID and buy adulterated and expensive pills containing these materials I have also reconfigured older recipes to make use of the weaker or polluted materials now commonly found on hardware store shelves This 8th edition shows the futility of politically motivated attempts by pandering politicians to regulate the private lives of individuals **Guidelines Manual** United States Sentencing Commission, 1996-11

Through news bites and tabloid clippings reassembled in reverse chronology Sotos examines the media apotheosis of Payne's parents in the wake of her disappearance scrutinizes the hidden motives of reporters and citizens driven to hysterical excess by grief vengeance and opportunism and illumines the insatiable lusts that govern the actions of sexual predators Punctuated by philosophical overtures and self deprecating quips Comfort and Critique is a brutal meditation on fantasy and desire set against a backdrop of media banter and illicit back room activity in bars and underground sex clubs Supplemented by over 100 photos this volume is possibly Sotos most revealing and multi faceted work yet From publisher's web site <http://www.voidbooks.com> Advanced Techniques of Clandestine Psychedelic & Amphetamine Manufacture Fester, Fester (Uncle.), 1998
