In a future where the United States has split along party lines, Agent Matt Tennimore's job is to get people out of the Confederated Red States, whether they're captured special ops agents from his own country or gay CRS citizens who've petitioned for asylum. He never expected to have to retrieve his high school crush, aka the guy who ostracized him for being gay. Rescuing James Ayala isn't going to be easy: he's crawling with tracking nanos and has a cybernetic

brain implant that's granted him psychic power he isn't sure how to control. That's the good news. The bad? The implant is compromising James's mental stability. So they're on the run, avoiding surveillance by AI aircraft and hiding from enemy militia. Then James confesses he tormented Matt in high school because James wanted him. Matt can't resist the temptation James offers, but he wants so much more than sex, assuming they ever make it home alive. Is James really a good bet when he's got a ticking time bomb in his brain and there's the question of how much he's actually changed? Peter Gunnarson

Rambo, son of Gunnar Petersson, was born in about 1612 in Hisingen, Sweden. He came to America in 1640 and settled in Christiana, New Sweden (now Delaware). He married Brita Mattsdotter 7 April 1647. They had eight children. He died in 1698. His daughter, Gertrude Rambo, was born 19 October 1650. She married Anders Bengtsson. Descendants and relatives lived mainly in Pennsylvania, Delaware, Virginia, North Carolina and Ohio. The fans, the money...none of that made Nick Ventura happy. Maybe hitting the bottom was the best thing that could've

happened to him. Rock star Nick Ventura has finally hit rock bottom. He may have thought he was partying a little too hard... but it wasn't that bad right? At least that's what he keeps telling himself until his spiral ends with him crashing his car into a department store window. He's publicly humiliated and only his top-notch legal team can keep him from doing jail time. Instead, he's on his way to a court-ordered rehab facility. Which is... less than awesome. But then he meets Luka, the facility's nutritionist. Luka is flamboyant, effeminate, and sunshiny sweet. He's the kind of guy

Nick would usually sneer at. But his sunny smile hides depth and his own set of problems. Nick is fascinated by Luka and very attracted to him. He finds himself dreading the weekends when Luka doesn't come into work. Even more, he's worried about what's going to happen when he goes home and Luka no longer has to see him. Their professional relationship slowly turns into a friendship, then that tentative friendship turns into romance. Nick never needed anyone until Luka came into his life. Now he has to reconcile his careless past with the future he suddenly wants

more than anything. The first lesson he has to learn is how to become the man both he and Luka need him to be, rather than stay the boy he was. Alone. The kingdom of Wilderheim stands bastion between the world of humans and the Otherlands. It is ruled as much by people as it is by creatures Other and as such, it must always have a wizard at the right hand of its king. Nico has seen three generations of rulers sit the throne; he knows he will not see the fourth. Desperate to find a worthy apprentice, when Nia appears like a godsend in his path he wastes no time taking her under his wing as his last

sworn duty to the young king Saeran. But Nia and Saeran have many trials ahead of them. With destinies converging toward an inevitable battle for power, countless lives hang in the balance, including theirs. As love brings them together, so strife tears them apart and as the balance between justice and magic shifts, the royal wizard and her king get caught in a maelstrom of colliding forces. Nothing is ever as it seems with a trickster hiding in the shadows. When the gods begin to play, mortals tremble... Who hasn't been hot for a jock, or, for that matter, an entire team? Those sweat-drenched Lotharios

induce lust in the heart of all and finally receive their due in Hot Jocks, erotic short stories with an athletic theme. Trophy-winning master editor Richard Labonte has gathered a collection featuring tales of inter-athlete lust, the skinny nerd's hot for a jock, and about unavoidable links between sports and sex. Wrestlers, quarterbacks, surfers, swimmers, boxers, soccer players, bowlers, divers, and martial artists: abound. We also venture outside the stereotypical jock box: cross-country runners, MMA fighters, badminton players, speed skaters,

weightlifters, archers, rowers - even cricket players can be very sexy. Having a baby to save a marriage—it's the oldest of clichés. But what if the marriage at risk is a gay one, and having a baby involves a surrogate mother? Pat Faunce is a faltering romantic, a former poetry major who now writes textbooks. A decade into his relationship with Stu, an airline pilot from a fraught Jewish family, he fears he's losing Stu to other men—and losing himself in their “no rules” arrangement. Yearning for a baby and a deeper commitment, he pressures Stu to move from Manhattan to Cape

Cod, to the cottage where Pat spent boyhood summers. As they struggle to adjust to their new life, they enlist a surrogate: Debora, a charismatic Brazilian immigrant, married to Danny, an American carpenter. Gradually, Pat and Debora bond, drawn together by the logistics of getting pregnant and away from their spouses. Pat gets caught between loyalties—to Stu and his family, to Debora, to his own potent desires—and wonders: is he fit to be a father? In one of the first novels to explore the experience of gay men seeking a child through surrogacy, Michael Lowenthal writes passionately

about marriages and mistakes, loyalty and betrayal, and about how our drive to create families can complicate the ones we already have. The Paternity Test is a provocative look at the new "family values." Step into the enchanting world of nursery rhymes with Randolph Caldecott's "Hey Diddle Diddle and Baby Bunting." This beautifully illustrated picture book brings to life classic English rhymes, making it a delightful read for both children and adults. Caldecott's illustrations add charm and whimsy to each page, celebrating the joy of timeless tales. Brad "Frat Boy" Feller and

Sebastian "Topy" DeWitt have been together for nine months, and their relationship is as hot as ever. The only cloud Brad sees on their horizon is Sebastian's stress over his thesis. And their uncertain future together after graduation. And how Sebastian sometimes takes Brad for granted. And Sebastian's unwillingness to introduce Brad to his father. Other than that, everything's awesome. All of Sebastian's energy is currently devoted to his thesis, and getting into a top-notch PhD program. Fortunately, his boyfriend takes care of all the domestic stuff and Sebastian's needs.

Any minor strain between them will disappear and they'll return to the status quo after Sebastian graduates. As long as nothing upsets their delicate balance in the meantime. Then a friend Brad once had a small fling with is forced to take refuge with them, and Frat Boy and Topy's delicate balance topples like an elephant on a waterski. Now Sebastian has to face some truths about how he's been treating Brad, what he wants for their future, and what he has to do to get it. It's all fun and games until someone puts his heart out. After being outed to his hockey team and

then changing schools, Jock figures he's due for something good — like the sex he missed out on in the closet. Toby, the hot grad student he meets at a frat party, seems like a great place to start, and their night together is an awesome introduction to the fine art of hooking up. Toby's heart takes a bruising after the near-perfect experience with Jock leads to...nothing. He's been left on the outside as his friends pair up into blissful coupledness, and he's in danger of never completing (or starting) his thesis. Can't something go right? Then Toby's coerced into chaperoning a

Theta Alpha Gamma trip to France. Not that he's complaining. What better place to finish his thesis and get over that frat boy? Except Jock's outing is leaked to the press, turning him into an unwilling gay rights martyr, and he decides France would be a great escape, too. It's a break from reality for both guys, but they soon find their connection is as real as it gets. Thirty-seven-year-old Nate Albano's second relationship ever ended three years ago, and since he's grace—gray asexual—he doesn't anticipate beating the odds to find a third. Still, he's got his dog, his hobbies, and his job

as a special effects technician on Wolf's Landing, so he can't complain—much. Seth Larson, umpteenth generation Bluewater Bay, is the quintessential good-time guy, content with tending bar and being his grandmother's handyman. The night they meet, Seth's looking for some recreational sex to escape family drama. But for Nate, romantic attraction comes before sexual attraction, so while Seth thinks they're hooking up, Nate just wants to talk . . . genealogy? Dude. Seriously? So they declare a "just friends" truce. Then Seth asks for Nate's help investigating a

sinister Larson family secret, and their feelings start edging way beyond platonic. But Nate may want more than Seth can give him, and Seth may not be able to leave his good-time image behind. Unless they can find a way to merge carefree with commitment, they could miss out on true love—the best time of all. Runner-Up: Best Asexual Book in the 2017 Rainbow Awards Sebastian does more than notice Brad; he takes him to bed. Brad's been with plenty of girls, but with Sebastian, the sex is something else entirely—hot, mind-blowing, affirming, and a little domineering in a way that drives him wild. But when

great sex turns into something more, Brad must face the crushing realization that Sebastian doesn't feel the same. Unless, of course, he does. After all, even grad students can be idiots about matters of the heart. CMH 30-15. Army Historical Series. 2nd of three planned volumes on the history of Army domestic support operations. This volume encompasses the period of the rise of industrial America with attendant social dislocation and strife. Major themes are: the evolution of the Army's role in domestic support operations; its strict adherence to law; and the disciplined manner in which it

conducted these difficult and often unpopular operations. Can dairy farmer Foster and migrant worker Javi discover a dream they can share, despite their different backgrounds? Hypothetical love can be a real pain in the ass. Paul's been called many things — graduate student, humanities tutor, jock-hater, even broke — but "forgiving" isn't one of them. When the new women's softball coach at Calapooya College specifically requests Paul to tutor his athletes, Paul's forced to put aside his strict "no athletes" policy for the sake of his paycheck. Enter Trevor Gardiner, former Major

League Baseball player and Paul's high school boyfriend. Yeah, that one — the guy who sacrificed Paul for the safety of his closet and his future career. But Trevor's come out and retired from baseball, and now he's looking for forgiveness and a second chance. There's no earthly reason Paul should give him one, but he keeps letting the man state his case. And touch him. And take him sailing. The waters are far from smooth, though, and Paul says awful things to Trevor he isn't sure he means. Now Paul has to decide: apologize and forgive Trevor for everything, or chalk it up as revenge and move on.

Jennifer McKinnon is convinced there are no more knights in shining armor—at least not in Manhattan. Little does she know that a hero of legendary chivalry waits her...800 years in the past. It's just a friend thing. Before confessing his gayness to his best friend, Tierney Terrebonne's sex life is -strictly restroom. After confessing his gayness to his best friend . . . it doesn't improve much. Why bother trying when the man he's loved for fourteen years (see: "best friend") is totally unattainable? Good thing Tierney is an old hand at accepting defeat; all it takes is a bottle of bourbon. Or fifty. Repeat as

needed. Dalton Lehnart has a history of dating wealthy, damaged, closeted, lying, cheating, no-good, cowardly men, so of course he's immediately attracted to Tierney Terrebonne. Fortunately, Tierney is so dissolute that even Dalton's feelings for the man would be better described as pity. Which becomes sympathy as they get to know each other. Followed by compassion, concern, caring, and hopefulness as Tierney struggles to change his life. When the man comes out very publicly and enters rehab, Dalton finds himself downright attached to Tierney. And as everyone

knows, after attachment comes . . . Uh oh. But post-rehab Tierney can't handle more than friendship, so Dalton should be safe from repeating his own past mistakes, right? Right? The magnitude of the legal violence exercised by the French to colonize and occupy Algeria (1830–1962) is such that only aesthetic works have been able to register its enduring effects. In *Decolonizing Memory* Jill Jarvis examines the power of literature to provide what demographic data, historical facts, and legal trials have not in terms of attesting to and accounting for this destruction. Taking up the unfinished

work of decolonization since 1962, Algerian writers have played a crucial role in forging historical memory and nurturing political resistance—their work helps to make possible what state violence has rendered almost unthinkable. Drawing together readings of multilingual texts by Yamina Mechakra, Waciny Laredj, Zahia Rahmani, Fadhma Aïth Mansour Amrouche, Assia Djebar, and Samira Negrouche alongside theoretical, juridical, visual, and activist texts from both Algeria's national liberation war (1954–1962) and war on civilians

(1988–1999), this book challenges temporal and geographical frameworks that have implicitly organized studies of cultural memory around Euro-American reference points. Jarvis shows how this literature rewrites history, disputes state authority to arbitrate justice, and cultivates a multilingual archive for imagining decolonized futures. Sam's life is as dull as the dishwater in his small-town Montana diner, and that's just how he wants it. The breezy young drifter who answers his help-wanted ad makes him uneasy, but he can't help but be pulled in by Jay Colby's spunky

attitude, endless stories, and undeniable sex appeal. Fresh off yet another romantic disaster, Jay doesn't understand his attraction to the taciturn line cook, but there's no fighting the chemistry that lands them in bed, where Sam's subtly dominant streak takes command, and Jay delights in discovering the pleasures of his submissive side. Assuming their relationship is temporary, neither lover holds back when the heat is on. Until Sam's deadly past catches up with them with a vengeance, forcing him to drop the life he's built, pick up his lover, and run. As danger cuts

closer to the bone, Sam and Jay are forced to face the truth. About themselves, about the depth of their love—and the newly forged bonds that are about to be tested to the limit. The best-selling visual history of the rock concert poster, now available at an irresistible price Electric, outrageous, erotic, rebellious—rock concert posters are the visual equivalent of the music they advertise. The Art of Rock traces the history of this energizing art form from the bold letterpress posters advertising Elvis's early shows, through the multicolored fantasies of the psychedelic era, to

the avant-garde collages of new wave and punk. More than 1,500 posters and other graphics—tickets, backstage passes, buttons, handbills—are presented in their original blazing color (or their stark black and white, as the case may be). The text features dozens of exclusive interviews with musicians, concert promoters, and the poster artists themselves, including legends like Stanley Mouse, Alton Kelley, or Wes Wilson—who also designed the cover of this book. A visual journey through thirty years of rock and roll, as well as a valuable reference, The Art of Rock is an essential volume for

every music lover (and art lover). "A story of healing and confronting demons... " Detective Aidan Calloway is rock-solid strong. He's a man of justice-loyal to his friends, family, and job-even if it requires bending a law...or two. He shields himself behind an abrasive, fearless facade, until a phone call one night chips his armor and throws his perfectly planned, hollow life into a tailspin. Jessie Vega is the epitome of optimism. His carefully crafted attitude of hope and positivity protects him from a past filled with too much pain. When a ghost from a dark time resurfaces and

nearly breaks him, he must tap into his inner strength or risk losing everything he's worked so hard to build. But Jessie can't do it alone. He must fight to break through Aidan's ironclad defenses to reveal the heart of the man hiding beneath the tough surface and mend his damaged spirit. Only then can they truly heal and become strong enough to battle the demons that haunt them and threaten their chance to finally be together. -----

collection of fascinating and disturbing true-crime stories—drawn from her real-life personal files—in this seventeenth volume in the #1 New York Times bestselling Crime Files series. In this gripping collection of investigative accounts from her private archives, “America’s best true-crime writer” (Kirkus Reviews) exposes the most frightening aspect of the murderous mind: the waiting game. Trusted family members or strangers, these cold-blooded killers select their unsuspecting prey, wait for the perfect moment to strike, then turn normality into homicidal mayhem in a matter

of moments. Ann Rule will have you seeing the people and places around you with heightened caution as you read these shattering cases, including: - New mothers murdered, their infants kidnapped, in an atrocious baby-selling scheme - The man who kept his criminal past hidden from his wife—and his wife from his mistress—until he coldly disposed of one of them - The beautiful daughter of a State Department official ran away from the privileged world she knew and hitched a ride with a man she didn't...with fatal consequences - For months, a vicious, rage-filled serial

rapist eluded police and terrorized Seattle's women—when would he strike next, and how far would his violence escalate? - A criminal known for his Houdini-like escapes is serving time for murder in a botched robbery—now the convict is being served dinner in a civilian's home, where he has one more trick up his sleeve - A long-lost relative who came home to visit, leaving a bloody trail through Washington and Oregon; no one realized how dangerous he and his ladylove were—until it was far too late... With her ability to translate the most complex cases into

storytelling “as dramatic and chilling as a bedroom window shattering at night” (The New York Times), Rule expertly analyzes the thoughts and deeds of the sociopath, in this seventeenth essential Crime Files volume. Chapters will look at the glamorous life of a writer and the equally glamorous life of a musician, true stories from a whiny traveler, being the sole human occupant of a house in the woods, and dogs, so much about dogs. When Plan A fails, turn to Man A. Thanks to Collin Montes, Theta Alpha Gamma now welcomes gay and bisexual students. Persuading his Uncle Monty, president of the TAG Alumni Association, that the open approach won't adversely affect TAG's reputation is Collin's own first step toward coming out. As long as there are no

repercussions, he'll escape the closet by graduation. Enter repercussions, stage left: someone rigs the TAG House water heater to launch through the ceiling, then plants a bomb — thankfully unsuccessful — in the fraternity's basement. Now Collin has his hands full not only trying to convince his uncle that this might not be the work of homophobes, but also dealing with a fratful of brothers worried about their kegger fridge. Paramedic Eric Dixon can't stop thinking about the kid he met during a call at his former college fraternity house. The age gap between them is trumped by sexy

eyes, so when Eric sees Collin again at the bomb scene, he pursues him. Soon, Eric is dreaming of being a househusband, fighting to keep Collin safe from whoever's trying to destroy the fraternity, and helping his sweet young thang realize that repercussions sometimes have silver linings. The tribes were his to lose...and theirs to regain. History taught that rebels executed the imperial family, including young Prince Nika Marisek, and hid the bodies in an unmarked grave. History was wrong. Decades later, yarn shop owner Nick Goode reclaimed his identity to see his

long-dead family decently buried. He'll do whatever he must to persuade elders who now rule the tribes...even offer to abdicate. Some, however, seek to capitalize on Nick's survival. Who better to drag the tribes from corruption into freedoms the rebellion had promised if not the prince who became one of the peasantry in exile? Arit hates politics. When Elder Benjic, his estranged sire, shows up with the celebrity prince to fulfill a pre-war mating pact, Arit refuses. He craves strength on strength, the challenge of an alpha mating another alpha. A

damaged omega who knits won't do. Arit will guide them on an adventure tour exploring their wolf instincts; that's his job. But that's all he'll do. Except Nick isn't an omega. He isn't damaged. And if he seduces Arit to win Benjic's support, Nick won't give up his throne, either. He'll risk everything to realize the ideals of the rebellion...and end his fate as the tribes' last emperor. made the biggest mistake of his life. He caved to pressure from his new record label and kicked his best friend Jesse out of their band, Luck. To this day, Shane has never wanted anyone more. All the sex, drugs, and rock n' roll can't fill the void Jesse left behind. Not even the prospect of teaming up with Britain's hottest band, Moonlight, for a massive world tour can get him out of his funk. Then he meets lead singer Kayden Berlin and falls into instant lust. Kayden may act like he's not interested, but Shane knows he feels the spark between them. Yet the harder Shane pushes, the more Kayden pulls away.

Until one explosive night leaves Shane with a broken heart. That seems to be his lot -- lucky at everything but love. First, Audrey moved back to their hick-infested hometown, Bluewater Bay, and now she's marrying a local. His own brother, in fact. And as her man of honor, Lucas gets coerced into returning for an extended stay. Although, between his unfaithful ex-boyfriend and his artist's block, going home isn't the worst thing that could happen. Even

if the best man is Gabriel Savage, Lucas's first crush, first hookup, and first heartbreak. The only reason Gabe hasn't been waiting for Lucas to return to Bluewater Bay is because he never thought it'd happen. Not that it matters now that Lucas is back—Gabe's still a logger who's never been anywhere (Canada doesn't count), and Lucas is now a famous sculptor who's been everywhere twice. Plus, there's that shared past. When Audrey asks Lucas to make her wedding favors, the only place to set up a kiln is at Gabe's tree farm. Soon, they pick up where they left off twelve years before, then blow past it,

discovering why neither of them forgot the other. Now they have to choose how much of their history they'll repeat, and what future they'll make together.
