Seven Myths About Education Daisy Christodoulou, 2014-03-14 In this controversial new book Daisy Christodoulou offers a thought provoking critique of educational orthodoxy Drawing on her recent experience of teaching in challenging schools she shows through a wide range of examples and case studies just how much classroom practice contradicts basic scientific principles She examines seven widely held beliefs which are holding back pupils and teachers Facts prevent understanding Teacher led instruction is passive The 21st century fundamentally changes everything You can always just look it up We should teach transferable skills Projects and activities are the best way to learn Teaching knowledge is indoctrination In each accessible and engaging chapter Christodoulou sets out the theory of each myth considers its practical implications and shows the worrying prevalence of such practice Then she explains exactly why it is a myth with reference to the principles of modern cognitive science She builds a powerful case explaining how governments and educational organisations around the world have let down teachers and pupils by promoting and even mandating evidence less theory and bad practice This blisteringly incisive and urgent text is essential reading for all teachers teacher training students policy makers head teachers researchers and academics around the world

[The Left Case for Brexit](#) Richard Tuck, 2020-04-09 Liberal left orthodoxy holds that Brexit is a disastrous coup orchestrated by the hard right and fuelled by xenophobia which will break up the Union and turn what's left of Britain into a neoliberal dystopia Richard Tuck's ongoing commentary on the Brexit crisis demolishes this narrative He argues that by opposing Brexit and throwing its lot in with a liberal constitutional order tailor made for the interests of global capitalists the Left has made a major error It has tied itself into a framework designed to frustrate its own radical policies Brexit therefore actually represents a golden opportunity for socialists to implement the kind of economic agenda they have long since advocated Sadly however many of them have lost faith in the kind of popular revolution that the majoritarian British constitution is peculiarly well placed to deliver and have succumbed instead to defeatism and the cultural politics of virtue signalling Another approach is however still possible Combining brilliant contemporary political insights with a profound grasp of the ironies of modern history this book is essential for anyone who wants a clear sighted assessment of the momentous underlying issues brought to the surface by Brexit
