The Most Dangerous Game Richard Connell, 2023-02-23 Sanger Rainsford is a big game hunter who finds himself washed up on an island owned by the eccentric General Zaroff Zaroff a big game hunter himself has heard of Rainsford's abilities with a gun and organizes a hunt However they're not after animals they're after people When he protests Rainsford the hunter becomes Rainsford the hunted Sharing similarities with *The Hunger Games* starring Jennifer Lawrence this is the story that created the template for pitting man against man Born in New York Richard Connell 1893-1949 went on to become an acclaimed author screenwriter and journalist He is best remembered for the gripping novel *The Most Dangerous Game* and for receiving an Oscar nomination for the screenplay *Meet John Doe* *I Know Why the Caged Bird Sings* Maya Angelou, 2010-07-21 Here is a book as joyous and painful as mysterious and memorable as childhood itself *I Know Why the Caged Bird Sings* captures the longing of lonely children the brute insult of bigotry and the wonder of words that can make the world right Maya Angelou's debut memoir is a modern American classic beloved worldwide Sent by their mother to live with their devout self-sufficient grandmother in a small Southern town Maya and her brother Bailey endure the ache of abandonment and the prejudice of the local *poorwhites* At eight years old and back at her mother's side in St Louis Maya is attacked by a man many times her age and has to live with the consequences for a lifetime Years later in San Francisco Maya learns that love for herself the kindness of others her own strong spirit and the ideas of great authors I met and fell in love with William Shakespeare will allow her to be free instead of imprisoned Poetic and powerful *I Know Why the Caged Bird Sings* will touch hearts and change minds for as long as people read *I Know Why the Caged Bird Sings* liberates the reader into life simply because Maya Angelou confronts her own life with such a moving wonder such a luminous dignity James Baldwin From the Paperback edition *The Last Utopia* Samuel Moyn, 2012-03-05 Human rights offer a vision of international justice that today's idealistic millions hold dear Yet the very concept on which the movement is based became familiar only a few decades ago when it profoundly reshaped our hopes for an improved humanity In this pioneering book Samuel Moyn elevates that extraordinary transformation to center stage and asks what it reveals about the ideal's troubled present and uncertain future For some human rights stretch back to the dawn of Western civilization the age of the American and French Revolutions or the post World War II moment when the Universal Declaration of Human Rights was framed Revisiting these episodes in a dramatic tour of humanity's moral history *The Last Utopia* shows that it was in the decade after 1968 that human rights began to make sense to broad communities of people as the proper cause of justice Across eastern and western Europe as well as throughout the United States and Latin America human rights crystallized in a few short years as social activism and political rhetoric moved it from the hallways of the United Nations to the global forefront It was on the

ruins of earlier political utopias Moyn argues that human rights achieved contemporary prominence The morality of individual rights substituted for the soiled political dreams of revolutionary communism and nationalism as international law became an alternative to popular struggle and bloody violence But as the ideal of human rights enters into rival political agendas it requires more vigilance and scrutiny than when it became the watchword of our hopes [The Tell-Tale Heart](#) Edgar Allan Poe,2024-01-29 In Edgar Allan Poe s [The Tell Tale Heart](#) the narrator tries to prove his sanity after murdering an elderly man because of his vulture eye His growing guilt leads him to hear the old man s heart beating under the floorboards which drives him to confess the crime to the police **Stiff: The Curious Lives of Human Cadavers** Mary Roach,2004-05-17 Beloved best selling science writer Mary Roach s acutely entertaining morbidly fascinating Susan Adams Forbes classic now with a new epilogue For two thousand years cadavers some willingly some unwittingly have been involved in science s boldest strides and weirdest undertakings They ve tested France s first guillotines ridden the NASA Space Shuttle been crucified in a Parisian laboratory to test the authenticity of the Shroud of Turin and helped solve the mystery of TWA Flight 800 For every new surgical procedure from heart transplants to gender confirmation surgery cadavers have helped make history in their quiet way Delightful though never disrespectful Les Simpson Time Out New York **Stiff** investigates the strange lives of our bodies postmortem and answers the question What should we do after we die This quirky funny read offers perspective and insight about life death and the medical profession You can close this book with an appreciation of the miracle that the human body really is Tara Parker Pope Wall Street Journal Gross educational and unexpectedly sidesplitting Entertainment Weekly **King Arthur's Socks and Other Village Plays** Floyd Dell,1922 **Titian Remade** Maria H.
