The Red Army and the Great Terror Peter Whitewood, 2015-09-25 On June 11 1937 a closed military court ordered the execution of a group of the Soviet Union's most talented and experienced army officers including Marshal Mikhail Tukhachevskii all were charged with participating in a Nazi plot to overthrow the regime of Joseph Stalin There followed a massive military purge from the officer corps through the rank and file that many consider a major factor in the Red Army's dismal performance in confronting the German invasion of June 1941 Why take such action on the eve of a major war The most common theory has Stalin fabricating a military conspiracy to tighten his control over the Soviet state In *The Red Army and the Great Terror* Peter Whitewood advances an entirely new explanation for Stalin's actions an explanation with the potential to unlock the mysteries that still surround the Great Terror the surge of political repression in the late 1930s in which over one million Soviet people were imprisoned in labor camps and over 750 000 executed Framing his study within the context of Soviet civil military relations dating back to the 1917 revolution Whitewood shows that Stalin sanctioned this attack on the Red Army not from a position of confidence and strength but from one of weakness and misperception Here we see how Stalin's views had been poisoned by the paranoid accusations of his secret police who saw spies and supporters of the dead Tsar everywhere and who had long believed that the Red Army was vulnerable to infiltration by foreign intelligence agencies engaged in a conspiracy against the Soviet state Recently opened Russian archives allow Whitewood to counter the accounts of Soviet defectors and conspiracy theories that have long underpinned conventional wisdom on the military purge By broadening our view *The Red Army and the Great Terror* demonstrates not only why Tukhachevskii and his associates were purged in 1937 but also why tens of thousands of other officers and soldiers were discharged and arrested at the same time With its thorough reassessment of these events the book sheds new light on the nature of power state violence and civil military relations under the Stalinist regime

Bloodlands Timothy Snyder, 2012-10-02 From the author of the international bestseller *On Tyranny* the definitive history of Hitler's and Stalin's politics of mass killing explaining why Ukraine has been at the center of Western history for the last century Americans call the Second World War the Good War But before it even began America's ally Stalin had killed millions of his own citizens and kept killing them during and after the war Before Hitler was defeated he had murdered six million Jews and nearly as many other Europeans At war's end German and Soviet killing sites fell behind the Iron Curtain leaving the history of mass killing in darkness Assiduously researched deeply humane and utterly definitive *Bloodlands* is a new kind of European history presenting the mass murders committed by the Nazi and Stalinist regimes as two aspects of a single story With a new afterword addressing the relevance of these events to the contemporary decline of democracy *Bloodlands* is required reading for anyone seeking to understand the central tragedy of modern history and its meaning today

Stalinist Perpetrators on Trial Lynne Viola, 2017 Between the summer of 1937 and November 1938 the Stalinist regime arrested over 15 million people for counterrevolutionary and anti Soviet activity and either summarily executed or exiled them to the Gulag While we now know a great deal about the experience of victims of the Great Terror we know almost nothing about the lower and middle level Narodnyi Komissariat Vnutrennikh Del NKVD or secret police cadres who carried out Stalin's murderous policies Unlike the postwar public trials of Nazi war criminals NKVD operatives were tried secretly And what exactly happened in those courtrooms was unknown until now In what has been dubbed the purge of the purgers almost one thousand NKVD officers were prosecuted by Soviet military courts Scapegoated for violating Soviet law they were charged with multiple counts of fabrication of evidence falsification of interrogation protocols use of torture to secure confessions and murder during pre trial detention of suspects and many were sentenced to execution themselves The documentation generated by these trials including verbatim interrogation records and written confessions signed by perpetrators testimony by victims witnesses and experts and transcripts of court sessions provides a glimpse behind the curtains of the terror It depicts how the terror was implemented what happened and who was responsible demonstrating that orders from above worked in conjunction with a series of situational factors to shape the contours of state violence Based on chilling and revelatory new archival documents from the Ukrainian secret police archives Stalinist Perpetrators on Trial illuminates the darkest recesses of Soviet repression the interrogation room the prison cell and the place of execution and sheds new light on those who carried out the Great Terror

Down with Big Brother Michael Dobbs, 2013-10-17 The author of this volume was present during the final decade of the Soviet empire first for Reuters then for the Washington Post While Dobbs watched playwrights and electricians were transformed into presidents while Communist Party leaders became jailbirds or newly minted tycoons He identifies the seeds of destruction and shows how Mikhail Gorbachev in particular was the unwitting inspiration for the upheaval of the empire while he thought he could save the Communist Party by reforming it Dobbs conclusion is that though Big Brother may be dead his dark legacy is still alive in the turbulence in Russia Romania Bosnia and other countries that once made up the most brutal empire of the 20th century
