Ex Factor Guide

Your Ex-factor Stephan Poulter, 2009 Clinical psychologist Poulter provides a praiseworthy model for how to dissolve a marriage or serious relationship On the assumption that endings are often inevitable he demonstrates through case studies and exercises how to tackle this emotional period in a dignified manner creating the possibility for future loving relationships First he says one must accept that the relationship is over and he advocates taking personal responsibility as the foundation for moving forward He insists that anger should not be used as a weapon but rather as a positive motivator for personal change and recommends writing oneself a letter entitled Anger to explore the ways in which the relationship and its breakup caused resentment Caveat this letter along with other exercises in the book is for personal discovery only and not meant for sharing with one's ex spouse or partner Poulter acknowledges that the hardest part of moving on is breaking destructive behavior patterns and he provides valuable insight and action plans to aid in achieving this With considerable skill Poulter strikes a hopeful chord on postrelationship strategies that leave the reader refreshed rather than depressed July Copyright Reed Business Information a division of Reed Elsevier Inc All rights reserved
