Why Do I Keep Doing This!!? Judith E Pearson, 2012-01-31 What prevents people from doing what they sincerely want to do You can come up with all sorts of explanations ranging from childhood trauma to genetics to personality types but what it really boils down to is the fact that most people simply aren't skilled in managing their minds When we try to break a habit our brain sends out signals of alarm and discomfort To get past this we must put our logical brain in charge Using self hypnosis and Neuro Linguistic Programming NLP is one of the easiest ways to achieve this Hypnosis relaxes and quietens the mind's chatter and can provide strategies to manage the mind and to access the qualities and strengths that we already possess NLP is the one psychological approach that spells out those strategies step by step This book explains how the concepts and mechanisms of hypnosis and the principles of NLP make for effective approaches to self hypnosis

Stop Smoking Script. Pre-Talk and Hypnosis. Psychotherapy and Hypnotherapy. Neuro-Linguistic Programming (NLP). Cognitive Behavioural Therapy (CBT). Clinical Psychology David Glenn, 2017-05-05

THOSE STUDENTS THAT HAVE READ MY BOOK Beginner to Advanced Practitioner Training Course Self Development in Psychotherapy Hypnotherapy Neuro Linguistic Programming NLP Cognitive Behavioural Therapy CBT Clinical Psychology Vol One will not need to read this book The information within this book has already been covered in the book just mentioned Even so I have also published this script and three others as a separate book for those people that requested me to do so This book is more than just a stop smoking script I will also give many examples of real clients that I treated in therapy I will show you how I structure a set plan for a stop smoking therapy session and of what needs to be done to help the client overcome their problem Also I will explain to you the knowledge that the client needs to be educated on in order to help them further The script in this book has been written in a way not intended to be read out to your clients word for word I simply want to show you different beginners and advanced ways of conducting therapy in a structured session that you can personalise to each client This script can be adapted and used for any stop smoking session I have written both the pre talk and what is said under hypnosis to the client far longer than it need be I have done this purposely to give you more examples of what can be said so that you can pick and choose what you feel fits that particular client best So once again please note that this script is not intended to be read word for word to the client It can even be used in a number of sessions if needed to make each session different from the previous I am David Glenn a Professional Psychotherapist Hypnotherapist NLP Practitioner and Trainer with over twenty year s experience in this profession I have written this book to pass on my knowledge for those

- 1 Interested in the psychology of oneself as a self development help guide in understanding and utilising the power of your own mind to overcome smoking in order to get the best out of your life
- 2 Wanting to have a successful career in Hypnotherapy Neuro Linguistic Programming NLP Cognitive Behavioural Therapy CBT Life Coaching and Psychotherapy as a whole

Developing or enhancing your therapy skills in dealing with weightloss clients to help them recover their cognitive health and wellbeing Everybody can study this stop smoking script course book as home study training It is laid out in layman s terms so those with no previous knowledge of the subject can still learn how to use the power of your own mind to enrich your life Even if you do not want to be a Professional Therapist you can still study this course to understand yourself more for self help and personal development This will enable you to break negative habits and have unlimited confidence with the techniques that you can learn and use in your life or therapy practice to improve your psyche or that of a client s cognitive health psychological health and wellbeing You will also learn how to hypnotise your clients friends and family and find the beneficial power of self hypnosis Enrich your knowledge and skills with what I am going to teach you which can be used in general life for yourself and others or by those wishing a new profession in Hypnotherapy CBT NLP Practitioner or Psychotherapist Keep an open mind to new possibilities How you have thought communicated and acted throughout life may need to change or be adapted for positive effect I will teach you the tools of how this can be done to enable you or others to move on positively in life Once you have read and fully understood this book for many people it is a life changing experience

**Manual of Smoking Cessation** Andy McEwen, Peter Hajek, Hayden McRobbie, Robert West, 2008-04-15 Manual of Smoking Cessation provides the crucial knowledge required if you are involved in helping smokers to stop. The manual provides facts, figures, suggested interventions, and sources of further information to assist in providing evidence-based treatment for smokers wishing to stop. This manual covers the core content areas and key learning outcomes described in the Standard for Training in Smoking Cessation Health Development Agency 2003. Manual of Smoking Cessation is structured in two concise parts. Part 1 provides essential information on smoking demographics along with the risks of smoking and the benefits of stopping. Part 2 offers a range of practical advice to implement with clients. The Smoking Cessation Manual is an essential text for all those involved in the provision of smoking cessation services, including smoking cessation counsellors, nurses, pharmacists, doctors, health promotion officers, dental professionals, and other members of the health care team. The book is an invaluable resource for those learning about smoking cessation and a succinct aide memoire to those already practicing in the field. The authors represent the who's who in the field of smoking cessation and are affiliated to University College London and Cancer Research UK. Andy McEwen and Robert West: St Bartholomew's Royal London School of Medicine and Dentistry; Peter Hajek and the University of Auckland; Hayden McRobbie.

**Cognitive-Behavioral Therapy, Mindfulness, and Hypnosis for Smoking Cessation** Joseph P. Green, Steven Jay Lynn, 2018-11-12 A scientifically informed intervention to help smokers quit for life based in cognitive behavioral therapy. Cognitive Behavioral Therapy, Mindfulness, and Hypnosis for Smoking Cessation: A Scientifically Informed Intervention presents a comprehensive program developed by noted experts to help smokers achieve their goal of life-long abstinence from smoking. This brief, cost-effective intervention called The Winning Edge incorporates state-of-the-science advances and best clinical practices in the treatment of tobacco addiction and offers participants a unique blend of strategies based on cognitive behavioral, mindfulness, and hypnotic approaches to achieve smoking cessation. This valuable treatment guide, developed and refined over the past 30 years, provides all of the information necessary for health care providers to implement the program on a group or individual basis. This important resource provides a detailed step-by-step guide to conducting the program with scripts for providers and handouts for participants. Explains the scientific basis for the many strategies of cognitive behavioral and affective change in The Winning Edge program. Contains information for treatment providers on frequently asked questions, adapting and tailoring the program to the needs of participants, and overcoming challenges, ambivalence, and resistance to stop smoking. Written for a wide audience of mental health professionals. Cognitive Behavioral Therapy, Mindfulness, and Hypnosis for Smoking Cessation: A Scientifically Informed Intervention offers a comprehensive, science-based approach to help participants achieve their goal of a smoke-free life.
