Watergate Mar 05 2021 A New York Times Notable Book A Washington Post Notable Book A St. Louis Post-Dispatch Best Book of 2012 A 2013 PEN/Faulkner Award for Fiction Finalist From one of our most esteemed historical novelists, a remarkable retelling of the Watergate scandal, as seen through a kaleidoscope of its colorful perpetrators and investigators. For all the monumental documentation that Watergate generated—uncountable volumes of committee records, court transcripts, and memoirs—it falls at last to a novelist reconstruct some of the scandal’s greatest mysteries (who did erase those eighteen-and-a-half minutes of tape?) and to see this gaudy American catastrophe in its human entirety. In *Watergate*, Thomas Mallon conveys the drama and high comedy of the Nixon presidency through the urgent perspectives of seven characters we only thought we knew before now. Mallon achieves with *Watergate* a scope and historical intimacy that surpasses even what he attained in his previous novels, and turns a “third-rate burglary” into a tumultuous, first-rate entertainment.

Mom and Dad, We Need to Talk Nov 12 2021 Learn to start open, productive talks about money with your parents as they age As your parents age, you may find that you want or need to broach the often-difficult subject of finances. In *Mom and Dad, We Need to Talk: How to Have Essential Conversations with Your Parents About Their Finances*, you'll learn the best ways to approach this issue, along with a wealth of financial and legal information that will help you help your parents into and through their golden years. Sometimes parents are reluctant to address money matters with their adult children, and topics such as long-term care, retirement savings (or lack thereof), and end-of-life planning can be particularly touchy. In this book, you'll hear from others in your position who have successfully had "the talk" with their parents, and you'll read about a variety of conversation strategies that can make talking finances more comfortable and more productive. Learn conversation starters and strategies to open the lines of communication about your parents' finances Discover the essential financial and legal information you should gather from your parents to be prepared for the future Gain insight from others' stories of successfully talking money with aging parents Gather the courage, hope, and motivation you need to broach difficult subjects such as care facilities and end-of-life plans For

children of Baby Boomers and others looking to assist aging parents with their finances, Mom and Dad, We Need to Talk is a welcome and comforting read. Although talking money with your parents can be hard, you aren't alone, and this book will guide you through the process of having fruitful financial conversations that lead to meaningful action.

Financial Freedom with Real Estate Investing Mar 17 2022 Discover the (surprising) secret to lifelong financial freedom with real estate investing. Real estate has always been a powerful tool for investing, and many people believe that a single-family home investment strategy will help them achieve their goals. However, the true path to financial freedom using real estate is found in apartment buildings. Real estate investing expert and author Michael Blank learned that once investors did their first deal, the curious "Law of the First Deal" led to the second and third deals in rapid succession. Most were able to quit their jobs within 3-5 years of getting started. Of course, when most people hear "apartment buildings" they immediately assume they need years of investing experience and money saved up to be able get into the game. This simply isn't true. Michael has compiled the results of his research into his new book, *Financial Freedom with Real Estate Investing: The Blueprint to Quitting Your Job with Real Estate - Even without Experience or Cash*. He's outlined the "Financial Freedom Blueprint" that guides you through your first multifamily deal, even if you have no prior experience or your own cash.

Catch the Moon, Mary Apr 17 2022 A magical story about a gifted but vulnerable girl who is both saved and damned by an angel who falls in love with her music and claims it as his own in a Faustian pact. With Mary in his thrall, he ruthlessly kills those who threaten his plan to bring Mary to Carnegie Hall where her talent will be hailed supreme. Sunday Express, March 2017: 'Catch the Moon, Mary is one of my six favourite books' - Amanda Redman, actress/director/arts patron/head of ATS, New

Tricks, The Good Karma Hospital, Sexy Beast 'Beyond beautiful' - Simon Egerton, singer-songwriter, composer, lyricist 'Original and scintillating, tantalising and thought-provoking. A novel about the transformative powers of music and beauty' - Hazel Philips OAM, Gold Logie winner, author of Black River, Bright Star 'Weaves a singular spell mesmerising the reader on several levels like a fugue. Wendy Waters and her characters believe deeply in the power of music, which pours lyrically from her sentences' - Joshua Rosenblum, composer, conductor, music critic 'A rare and ingenious glimpse into the real and the surreal. Waters interfaces these twin realities with ease and dexterity, reminding us of the profound yet often neglected depth of imagination. A brave and unique journey' - Gerry Taylor-Wood, international lecturer on Esoteric Sciences and author of The Journey to the Sacred Well

Introduction to UAV Systems Jul 01 2023 Unmanned aerial vehicles (UAVs) have been widely adopted in the military world over the last decade and the success of these military applications is increasingly driving efforts to establish unmanned aircraft in non-military roles. Introduction to UAV Systems, 4th edition provides a comprehensive introduction to all of the elements of a complete Unmanned Aircraft System (UAS). It addresses the air vehicle, mission planning and control, several types of mission payloads, data links and how they interact with mission performance, and launch and recovery concepts. This book provides enough information to encourage a student to learn more; to provide a specialist with a basic appreciation of the technical issues that drive other parts of the system and interact with their specialty; or to help a program manager understand system-level tradeoffs and know what questions to ask. Key features: Comprehensive overview of all elements of a UAS and of how they interact. Introduces the underlying concepts of key subsystems. Emphasizes system-

integration issues and how they relate to subsystem design choices. Practical discussion of issues informed by lessons learned in UAV programs. Introduction to UAV Systems, 4th edition is written both for newcomers to the subject and for experienced members of the UAV community who desire a comprehensive overview at the system level. As well as being a primary text for an introductory course on UAS or a supplementary text in a course that goes into more depth in one of the individual technologies involved in a UAS, this book is a useful overview for practicing engineers, researchers, managers, and consultants interested in UAV systems.

How to Rebuild and Restore Classic Japanese Motorcycles Apr 29 2023 Everything you need to know to restore or customize your classic Japanese motorcycle. Whether you want to correctly restore a classic Japanese motorcycle or create a modified, custom build, you need the right information about how to perform the mechanical and cosmetic tasks required to get an old, frequently neglected, and often long-unridden machine back in working order. How to Rebuild and Restore Classic Japanese Motorcycles is your thorough, hands-on manual, covering all the mechanical subsystems that make up a motorcycle. From finding a bike to planning your project to dealing with each mechanical system, How to Rebuild and Restore Classic Japanese Motorcycles includes everything you need to know to get your classic back on the road. Japanese motorcycles have been the best-selling bikes in the world since the mid-1960s, driven by the "big four": Honda, Yamaha, Suzuki, and Kawasaki. Of course certain bikes have always had a following - Honda CB750, 305 Hawk, CB400-4, Benly; Suzuki GT750, Katana, GS1000S; Yamaha XS650, RD400 Daytona, TZ; Kawasaki H1, H2, Z1R - and these have now become the blue-chip Japanese bikes leading collectors to seek out more common (and now more affordable) alternatives. This is the perfect book for anyone interested in classic Japanese motorcycles, as well as prepping a bike to build a cafe racer, street tracker, or other custom build.

Moments of Grace Jul 21 2022 Sharing our stories, who we are, what we love, how we feel, why we fear, connects us to one another. Weaving moments of grace with spiritual practices that have grounded her through life's challenges, Laurie Blefeld invites the reader into her sacramental stories. You will find yourself in Laurie's stories and reclaim bits and pieces of your own. "Our days are a stream of moments - some devastating, some down to earth and some filled with ineffable meaning. Laurie Blefeld has written a book full of tender moments that warm the heart and remind us to be grateful for and conscious of how laced with grace our lives really are. This is a book to enjoy and treasure."-Gunilla Norris, author of *Sheltered in the Heart* and *Companions on the Way: A Little Book of Heart-full Practices* "Laurie's transformational stories, told in her authentic and lyrical voice, are evocative of the highs and lows in everyone's life. Laurie's generous prose connects us to her family's

living history - and through it to our own. She is a natural spiritual teacher. Moments of Grace is luminous, warm, comforting and filled with such good practices."- Dr. Joan Borysenko, from the Foreword

Japan's Motorcycle Wars May 31 2023 For decades the crown jewels of Japan's postwar manufacturing industry, motorcycles remain one of Japan's top exports. Japan's Motorcycle Wars assesses the historical development and societal impact of the motorcycle industry, from the influence of motor sports on vehicle sales in the early 1900s to the postwar developments that led to the massive wave of motorization sweeping the Asia-Pacific region today. Jeffrey Alexander brings a wealth of information to light, providing English translations of transcripts, industry publications, and company histories that have until now been available only in Japanese. By exploring the industry as a whole, he reveals that Japan's motorcycle industry was characterized not by communitarian success but by misplaced loyalties, technical disasters, and brutal competition.

WALNECK'S CLASSIC CYCLE TRADER, OCTOBER 1993 Jan 07 2024

Language, Culture, and Society Oct 04 2023 Why should we study language? How do the ways in which we communicate define our identities? And how is this all changing in the digital world? Since 1993, many have turned to *Language, Culture, and Society* for answers to questions like those above because of its comprehensive coverage of all critical aspects of linguistic anthropology. This seventh edition carries on the legacy while addressing some of the newer pressing and exciting challenges of the 21st century, such as issues of language and power, language ideology, and linguistic diasporas. Chapters on gender, race, and class also examine how language helps create - and is created by - identity. New to this edition are enhanced and updated pedagogical features, such as learning objectives, updated resources for continued learning, and the inclusion of a glossary. There is also an expanded discussion of communication online and of social media outlets and how that universe is changing how we interact. The discussion on race and ethnicity has also been expanded to include Latin- and Asian-American English vernacular.

The Museum's Borders Jun 19 2022 *The Museum's Borders* demonstrates that museum practices are deeply entangled in border making, patrol, mitigation and erasure, and that the border lens offers a new tool for deconstructing and reconfiguring such practices. Arguing that the museum is a critical institution for the operation of knowledge-based democracies, Knell investigates how they have been used by scientists, art historians and historians to construct our bordered world. Examining the role of museums in the Windrush scandal in Britain, the exclusion of Black artists in America, ideological and propaganda discourses in Europe and China, and the remembering of contested pasts in the Balkans,

Knell argues for the importance of museums in countering unethical, nationalistic, post-fact political discourse. Using the principles of Knell's 'Contemporary Museology', *The Museum's Borders* considers the significance of the museum for societies that wish to know and remember in ways that empower citizens and build cohesive societies. The book will be of great interest to students and academics engaged in the study of museums and heritage, art history, science studies, cultural studies, anthropology, memory studies and history. It is required reading for museum professionals seeking to adopt non-discriminatory practices.
