Sen,1983-01-20 The main focus of this book is on the causation of starvation in general and of famines in particular The author develops the alternative method of analysis the entitlement approach concentrating on ownership and exchange not on food supply The book also provides a general analysis of the characterization and measurement of poverty Various approaches used in economics sociology and political theory are critically examined The predominance of distributional issues including distribution between different occupation groups links up the problem of conceptualizing poverty with that of analyzing starvation *An Apologie for Poetrie, 1595* Sir Philip Sidney,1595 *The Poems of Phillis Wheatley* Phillis Wheatley,2012-03-15 At the age of 19 Phillis Wheatley was the first black American poet to publish a book Her elegies and odes offer fascinating glimpses of the beginnings of African American literary traditions Includes a selection from the Common Core State Standards Initiative *When I Was the Greatest* Jason Reynolds,2014-01-07 From 1 New York Times bestselling author Jason Reynolds a funny and rewarding Publishers Weekly coming of age novel about friendship and loyalty across neighborhood lines and the hardship of life for an urban teen A lot of the stuff that gives my neighborhood a bad name I don t really mess with The guns and drugs and all that not really my thing Nah not his thing Ali s got enough going on between school and boxing and helping out at home His best friend Noodles though Now there s a dude looking for trouble and somehow it s always Ali around to pick up the pieces But hey a guy s gotta look out for his boys right Besides it s all small potatoes it s not like anyone s getting hurt And then there s Needles Needles is Noodles s brother He s got a syndrome and gets these ticks and blurts out the wildest craziest things It s cool though everyone on their street knows he doesn t mean anything by it Yeah it s cool until Ali and Noodles and Needles find themselves somewhere they never expected to be somewhere they never should ve been where the people aren t so friendly and even less forgiving *Eve Out of Her Ruins* Ananda Devi,2016-08-22 With brutal honesty and poetic urgency Ananda Devi relates the tale of four young Mauritians trapped in their country s endless cycle of fear and violence Eve out of Her Ruins is a heartbreaking look at the Mauritius tourists don t see and an exploration of the construction of personhood at the margins of society *No Place to Call Home* JJ Bola,2018-06-05 A tale of love loss identity and belonging No Place to Call Home tells the story of a family who fled to the United Kingdom from their native Congo to escape the political violence under the dictator Le Mar chal The young son Jean starts at a new school and struggles to fit in An unlikely friendship gets him into a string of sticky situations eventually leading to a suspension At home his parents pressure him to focus on school and get his act together to behave more like his star student little sister As the family tries to integrate in and navigate modern British society while holding on to their roots and culture they meet Tonton a womanizer who loves alcohol and parties Much to Jean s father s dismay after losing his job Tonton moves in with them He introduces the family via his church where colorful characters congregate to a familiar community of fellow country people making them feel slightly less alone The family begins to settle but their current situation unravels and a threat to their future appears while the fear of uncertainty remains *Being Brought from Africa to*

Hope, B. Chikulo, 1999-08-18 Bringing together a distinguished cast of contributors the book provides an authoritative and definitive analysis of the theory practice and development impact of corruption in Africa Combating corruption is demonstrated to require greater priority in the quest for African development *Hope Over Fate* Scott MacMillan, 2022-08-01 Nicholas Kristof of The New York Times called him one of the unsung heroes of modern times Fazle Hasan Abed was a mild mannered accountant who may be the most influential man most people have never even heard of As the founder of BRAC his work had a profound impact on the lives of millions A former finance executive with almost no experience in relief aid he founded BRAC originally the Bangladesh Rehabilitation Assistance Committee in 1972 aiming to help a few thousand war refugees A half century later BRAC is by many measures the largest nongovernmental organization in the world and by many accounts the most effective anti poverty program ever BRAC seems to stand apart from countless failed development ventures Its scale is massive with 100 000 employees reaching more than 100 million people in Asia and Africa In Bangladesh where it began Abed s work gave rise to some of the biggest gains in the basic condition of people s lives ever seen anywhere according to The Economist His methods changed the way global policymakers think about poverty By the time of his death at eighty three in December 2019 he was revered in international development circles Yet among the wider public he remained largely unknown His story has never been told until now Abed avoided the limelight He thought his own story was of little consequence compared to the millions of women who rose from poverty with BRAC s help bending the arc of history through their own tenacity and grit The challenges he faced often seemed insurmountable Abed s personal life was a tapestry of love and grief a lover s suicide a wife who died in his arms He was a taciturn man with a short temper that erupted on rare occasions Many of his ventures failed but Abed persevered This book is also the biography of an idea the idea that hope itself

has the power to overcome poverty For too long people thought poverty was something ordained by a higher power as immutable as the sun and the moon Abed wrote in 2018 His life s mission was to put that myth to rest This is the story of a man who lived a life of complexity blemishes and all driven by the conviction that in the dominion of human lives hope will ultimately triumph over fate

A Modest Proposal Jonathan Swift,2024-05-30 In one of the most powerful and darkly satirical works of the 18th century a chilling solution is proposed to address the dire poverty and overpopulation plaguing Ireland Jonathan Swift presents a shockingly calculated and seemingly rational argument for using the children of the poor as a food source thereby addressing both the economic burden on society and the issue of hunger This provocative piece is a masterful example of irony and social criticism as it exposes the cruel attitudes and policies of the British ruling class towards the Irish populace Jonathan Swift s incisive critique not only underscores the absurdity of the proposed solution but also serves as a profound commentary on the exploitation and mistreatment of the oppressed A Modest Proposal remains a quintessential example of satirical literature its biting wit and moral indignation as relevant today as it was at the time of its publication

JONATHAN SWIFT 1667 1745 was an Anglo Irish author poet and satirist His deadpan satire led to the coining of the term Swiftian describing satire of similarly ironic writing style He is most famous for the novel Gulliver s Travels 1726 and the essay A Modest Proposal 1729
