Off-Label Navigator Bruce Armon, John Reiss, 2008-10-08 Off Label Navigator On the Road Guide for Pharmaceutical Sales Representatives Off label promotion of

prescription drugs is perhaps the most challenging area for sales representatives when detailing to physicians. Any suggestion by the pharmaceutical professional of uses for a product not on the product's FDA approved label can have significant consequences, usually in the form of hefty fines. It is imperative that your sales force know what they can and cannot say to physicians while marketing your products.

The Off Label Navigator On the Road Guide for Pharmaceutical Sales Representatives is a convenient pocket guide that will educate pharmaceutical sales staff on how to promote products while remaining in compliance. The guide contains important information about off label regulations established by the FDA and practical case studies that demonstrate how to handle certain gray areas your staff may encounter while detailing to physicians. Customize with your company logo and policies. Ask us for a free sample. The Off Label Navigator can be customized with your company's logo and policies and procedures. Ask us for a free sample.
