The Return Of George Washington 1783 1789 Edward J Larson

The Return of George Washington Edward J. Larson, 2014-10-07 NEW YORK TIMES BESTSELLER An elegantly written account of leadership at the most pivotal moment in American history Philadelphia Inquirer Pulitzer Prize winning historian Edward J Larson reveals how George Washington saved the United States by coming out of retirement to lead the Constitutional Convention and serve as our first president After leading the Continental Army to victory in the Revolutionary War George Washington shocked the world he retired In December 1783 General Washington the most powerful man in the country stepped down as Commander in Chief and returned to private life at Mount Vernon Yet as Washington contentedly grew his estate the fledgling American experiment floundered Under the Articles of Confederation the weak central government was unable to raise revenue to pay its debts or reach a consensus on national policy The states bickered and grew apart When a Constitutional Convention was established to address these problems its chances of success were slim Jefferson Madison and the other Founding Fathers realized that only one man could unite the fractious states George Washington Reluctant but duty bound Washington rode to Philadelphia in the summer of 1787 to preside over the Convention Although Washington is often overlooked in most accounts of the period this masterful new history from Pulitzer Prize winner Edward J Larson brilliantly uncovers Washington s vital role in shaping the Convention and shows how it was only with Washington s support and his willingness to serve as President that the states were brought together and ratified the Constitution thereby saving the country

The Return of George Washington Edward John Larson, 2014 Historian Edward J Larson recovers a crucially important yet almost always overlooked chapter of George Washington s life revealing how Washington saved the United States by coming out of retirement to lead the Constitutional Convention and serve as our first president After leading the Continental Army to victory in the Revolutionary War Washington shocked the world he retired In December 1783 the most powerful man in the country stepped down as Commander in Chief and returned to private life Yet as Washington contentedly grew his estate the fledgling American experiment floundered Under the Articles of Confederation the weak central government was unable to raise revenue to pay its debts or reach a consensus on national policy The states bickered and grew apart When a Constitutional Convention was established to address these problems the other Founding Fathers realized that only one man could unite the fractious states George Washington Reluctant but duty bound Washington rode to Philadelphia in the summer of 1787 to preside over the Convention Although Washington is often overlooked in most accounts of the period this new history brilliantly uncovers Washington s vital role in shaping the Convention and shows how it was only with Washington s support and his willingness to serve as President that the states were brought together and ratified the Constitution thereby saving the country From publisher description *A Magnificent Catastrophe* Edward J. Larson, 2007-09-18 CHOICE Outstanding Academic Title They could write like angels and scheme like

demons So begins Pulitzer Prize winner Edward Larson's masterful account of the wild ride that was the 1800 presidential election an election so convulsive and so momentous to the future of American democracy that Thomas Jefferson would later dub it America's second revolution This was America's first true presidential campaign giving birth to our two party system and indelibly etching the lines of partisanship that have so profoundly shaped American politics ever since The contest featured two of our most beloved Founding Fathers once warm friends facing off as the heads of their two still forming parties the hot tempered but sharp minded John Adams and the eloquent yet enigmatic Thomas Jefferson flanked by the brilliant tacticians Alexander Hamilton and Aaron Burr who later settled their own differences in a duel The country was descending into turmoil reeling from the terrors of the French Revolution and on the brink of war with France Blistering accusations flew as our young nation was torn apart along party lines Adams and his elitist Federalists would squelch liberty and impose a British style monarchy Jefferson and his radically democratizing Republicans would throw the country into chaos and debase the role of religion in American life The stakes could not have been higher As the competition heated up other founders joined the fray James Madison John Jay James Monroe Gouverneur Morris George Clinton John Marshall Horatio Gates and even George Washington some of them emerging from retirement to respond to the political crisis gripping the nation and threatening its future Drawing on unprecedented meticulous research of the day to day unfolding drama from diaries and letters of the principal players as well as accounts in the fast evolving partisan press Larson vividly re creates the mounting tension as one state after another voted and the press had the lead passing back and forth The outcome remained shrouded in doubt long after the voting ended and as Inauguration Day approached Congress met in closed session to resolve the crisis In its first great electoral challenge our fragile experiment in constitutional democracy hung in the balance A Magnificent Catastrophe is history writing at its evocative best the riveting story of the last great contest of the founding period

Franklin & Washington Edward J. Larson, 2020-02-11 Larson's elegantly written dual biography reveals that the partnership of Franklin and Washington was indispensable to the success of the Revolution Gordon S Wood From the Pulitzer Prize winning historian comes a masterful first of its kind dual biography of Benjamin Franklin and George Washington illuminating their partnership's enduring importance NATIONAL BESTSELLER One of Washington Post's 10 Books to Read in February One of USA Today's Must Read Books of Winter 2020 One of Publishers Weekly's Top Ten Spring 2020 Memoirs Biographies Theirs was a three decade long bond that more than any other pairing would forge the United States Vastly different men Benjamin Franklin an abolitionist freethinker from the urban north and George Washington a slaveholding general from the agrarian south were the indispensable authors of American independence and the two key partners in the attempt to craft a more perfect union at the Constitutional Convention held in Franklin's Philadelphia and presided over by Washington And yet their teamwork has been little remarked upon in the centuries since Illuminating Franklin and Washington's relationship with striking new detail and energy Pulitzer Prize winning historian Edward J Larson

shows that theirs was truly an intimate working friendship that amplified the talents of each for collective advancement of the American project. After long supporting British rule, both Franklin and Washington became key early proponents of independence. Their friendship gained historical significance during the American Revolution when Franklin led America's diplomatic mission in Europe, securing money and an alliance with France, and Washington commanded the Continental Army. Victory required both of these efforts to succeed, and success in turn required their mutual coordination and cooperation. In the 1780s, the two sought to strengthen the union, leading to the framing and ratification of the Constitution, the founding document that bears their stamp. Franklin and Washington, the two most revered figures in the early republic, staked their lives and fortunes on the American experiment in liberty and were committed to its preservation. Today, the United States is the world's great superpower, and yet we also wrestle with the government Franklin and Washington created more than two centuries ago: the power of the executive branch, the principle of checks and balances, the electoral college, as well as the wounds of their compromise over slavery. Now, as the founding institutions appear under new stress, it is time to understand their origins through the fresh lens of Larson's *Franklin Washington*, a major addition to the literature of the founding era.

George Washington, Nationalist Edward J. Larson, 2016-07-11. George Washington was the unanimous choice of his fellow founders for president, and he is remembered to this day as an exceptional leader, but how exactly did this manifest itself during his lifetime? In *George Washington Nationalist*, acclaimed author Edward J. Larson reveals the fascinating backstory of Washington's leadership in the political, legal, and economic consolidation of the new nation, spotlighting his crucial role in forming a more perfect union. The years following the American Revolution were a critical period in American history when the newly independent states teetered toward disunion under the Articles of Confederation. Looking at a selection of Washington's most pivotal acts, including conferring with like-minded nationalists, establishing navigational rights on the Potomac, and quelling the near uprising of unpaid revolutionary troops against the Confederation Congress, Larson shows Washington's central role in the drive for reform leading up to the Constitutional Convention. His leadership at that historic convention, followed by his mostly behind-the-scenes efforts in the ratification process and the first federal election, and culminating in his inauguration as president, complete the picture of Washington as the nation's first citizen. This important and deeply researched book brings Washington's unique gift for leadership to life for modern readers, offering a timely addition to the growing body of literature on the Constitution, presidential leadership, executive power, and state-federal relations. Gay Hart Gaines, Distinguished Lectures. Preparation of this volume has been supported by The Fred W. Smith National Library for the Study of George Washington at Mount Vernon and by a gift from Mr. and Mrs. Lewis E. Lehrman.

First Among Men Maurizio Valsania, 2022-10-11. The first definitive recasting of George Washington in the context of eighteenth-century practices and ideals of masculinity. It answers the fundamental question that no biography has ever asked in such a direct way: What do we know really about Washington as an actual eighteenth-century Virginia upper

class male To the Edges of the Earth Edward J. Larson, 2018-03-13 Winner of the National Outdoor Book Award From the Pulitzer Prize winning historian a suspenseful WSJ and adrenaline fueled Outside entwined narrative of the most adventurous year of all time when three expeditions simultaneously raced to the top bottom and heights of the world As 1909 dawned the greatest jewels of exploration set at the world's frozen extremes lay unclaimed the North and South Poles and the so called Third Pole the pole of altitude located in unexplored heights of the Himalaya Before the calendar turned three expeditions had faced death mutiny and the harshest conditions on the planet to plant flags at the furthest edges of the Earth In the course of one extraordinary year Americans Robert Peary and Matthew Henson were hailed worldwide at the discovers of the North Pole Britain's Ernest Shackleton had set a new geographic Furthest South record while his expedition mate Australian Douglas Mawson had reached the Magnetic South Pole and at the roof of the world Italy's Duke of the Abruzzi had attained an altitude record that would stand for a generation the result of the first major mountaineering expedition to the Himalaya's eastern Karakoram where the daring aristocrat attempted K2 and established the standard route up the most notorious mountain on the planet Based on extensive archival and on the ground research Edward J Larson weaves these narratives into one thrilling adventure story Larson author of the acclaimed polar history *Empire of Ice* draws on his own voyages to the Himalaya the arctic and the ice sheets of the Antarctic where he himself reached the South Pole and lived in Shackleton's Cape Royds hut as a fellow in the National Science Foundation's Antarctic Artists and Writers Program These three legendary expeditions overlapping in time danger and stakes were glorified upon their return their leaders celebrated as the preeminent heroes of their day Stripping away the myth Larson a master historian illuminates one of the great overlooked tales of exploration revealing the extraordinary human achievement at the heart of these journeys **Summer for the Gods** Edward J Larson, 2020-06-16 The Pulitzer Prize winning history of the Scopes Trial and the battle over evolution and creation in America's schools In the summer of 1925 the sleepy hamlet of Dayton Tennessee became the setting for one of the twentieth century's most contentious courtroom dramas pitting William Jennings Bryan and the anti Darwinists against a teacher named John Scopes represented by Clarence Darrow and the ACLU in a famous debate over science religion and their place in public education That trial marked the start of a battle that continues to this day in cities and states throughout the country Edward Larson's classic *Summer for the Gods* winner of the Pulitzer Prize in History is the single most authoritative account of this pivotal event An afterword assesses the state of the battle between creationism and evolution and points the way to how it might potentially be resolved *Sex, Race, and Science* Edward J. Larson, 1996-10-11 In the first book to explore the theory and practice of eugenics in the American South Edward Larson shows how the quest for strong bloodlines expressed itself in specific state laws and public policies from the Progressive Era through World War II Presenting new evidence of race based and gender based eugenic practices in the past Larson also explores issues that remain controversial today including state control over sexuality and reproduction the rights of disabled persons and of

ethnic minorities and the moral and legal questions raised by new discoveries in genetics and medicine Larson shows how the seemingly broad based eugenics movement was in fact a series of distinct campaigns for legislation at the state level campaigns that could often be traced to the efforts of a small group of determined individuals Explaining how these efforts shaped state policies he places them within a broader cultural context by describing the workings of Southern state legislatures the role played by such organizations as women s clubs and the distinctly Southern cultural forces that helped or hindered the implementation of eugenic reforms

Fallout Lesley M.M. Blume,2020-08-04 A NEW YORK TIMES NOTABLE BOOK OF 2020 New York Times bestselling author Lesley M M Blume reveals how one courageous American reporter uncovered one of the deadliest cover ups of the 20th century the true effects of the atom bomb potentially saving millions of lives Just days after the United States decimated Hiroshima and Nagasaki with nuclear bombs the Japanese surrendered unconditionally But even before the surrender the US government and military had begun a secret propaganda and information suppression campaign to hide the devastating nature of these experimental weapons The cover up intensified as Occupation forces closed the atomic cities to Allied reporters preventing leaks about the horrific long term effects of radiation which would kill thousands during the months after the blast For nearly a year the cover up worked until New Yorker journalist John Hersey got into Hiroshima and managed to report the truth to the world As Hersey and his editors prepared his article for publication they kept the story secret even from most of their New Yorker colleagues When the magazine published Hiroshima in August 1946 it became an instant global sensation and inspired pervasive horror about the hellish new threat that America had unleashed Since 1945 no nuclear weapons have ever been deployed in war partly because Hersey alerted the world to their true devastating impact This knowledge has remained among the greatest deterrents to using them since the end of World War II Released on the 75th anniversary of the Hiroshima bombing **Fallout** is an engrossing detective story as well as an important piece of hidden history that shows how one heroic scoop saved and can still save the world

Canyon Dreams Michael Powell,2019-11-19 The inspiration for the Netflix film **Rez Ball** produced by LeBron James The moving story of a Navajo high school basketball team its members struggling with the everyday challenges of high school adolescence and family and the great and unique obstacles facing Native Americans living on reservations Deep in the heart of northern Arizona in a small and isolated patch of the vast 17.5 million acre Navajo reservation sits Chinle High School Here basketball is passion passed from grandparent to parent to child **Rez Ball** is a sport for winters where dark and cold descend fast and there is little else to do but roam mesa tops work and wonder what the future holds The town has 4,500 residents and the high school arena seats 7,000 Fans drive thirty to fifty even eighty miles to see the fast paced and highly competitive matchups that are more than just games to players and fans Celebrated Times journalist Michael Powell brings us a narrative of triumph and hardship a moving story about a basketball team on a Navajo reservation that shows how important sports can be to youths in struggling communities and the transcendent magic and painful realities

that confront Native Americans living on reservations This book details his season long immersion in the team town and culture in which there were exhilarating wins crushing losses and conversations on long bus rides across the desert about dreams of leaving home and the fear of the same **Jefferson's Daughters** Catherine Kerrison,2018 Includes a partial Heming s family tree *Evolution's Workshop* Edward J. Larson,2002-04-18 Originally published London Allen Lane 2001

A Short History of Wisconsin Erika Janik,2011-02-02 Rediscover Wisconsin history from the very beginning A Short History of Wisconsin recounts the landscapes people and traditions that have made the state the multifaceted place it is today With an approach both comprehensive and accessible historian Erika Janik covers several centuries of Wisconsin s remarkable past showing how the state was shaped by the same world wars waves of new inhabitants and upheavals in society and politics that shaped the nation Swift authoritative and compulsively readable A Short History of Wisconsin commences with the glaciers that hewed the region s breathtaking terrain the Native American cultures who first called it home and French explorers and traders who mapped what was once called Mescousing Janik moves through the Civil War and two world wars covers advances in the rights of women workers African Americans and Indians and recent shifts involving the environmental movement and the conservative revolution of the late 20th century Wisconsin has hosted industries from fur trapping to mining to dairying and its political landscape sprouted figures both renowned and reviled from Fighting Bob La Follette to Joseph McCarthy Janik finds the story of a state not only in the broad strokes of immigration and politics but also in the daily lives shaped by work leisure sports and culture A Short History of Wisconsin offers a fresh understanding of how Wisconsin came into being and how Wisconsinites past and present share a deep connection to the land itself **George Washington's Journey** T.H. Breen,2016-01-12 This is George Washington in the surprising role of political strategist T H Breen introduces us to a George Washington we rarely meet During his first term as president he decided that the only way to fulfill the Revolution was to take the new federal government directly to the people He organized an extraordinary journey carrying him to all thirteen states It transformed American political culture For Washington the stakes were high If the nation fragmented as it had almost done after the war it could never become the strong independent nation for which he had fought In scores of communities he communicated a powerful and enduring message that America was now a nation not a loose collection of states And the people responded to his invitation in ways that he could never have predicted Thomas Paine and the Clarion Call for American Independence Harlow Giles Unger,2019-09-10 From New York Times bestselling author and Founding Fathers biographer Harlow Giles Unger comes the astonishing biography of the man whose pen set America ablaze inspiring its revolution and whose ideas about reason and religion continue to try men s souls Thomas Paine s words were like no others in history they leaped off the page inspiring readers to change their lives their governments their kings and even their gods In an age when spoken and written words were the only forms of communication Paine s aroused men to action like no one else The most widely read political writer of

his generation he proved to be more than a century ahead of his time conceiving and demanding unheard of social reforms that are now integral elements of modern republican societies Among them were government subsidies for the poor universal housing and education pre and post natal care for women and universal social security An Englishman who emigrated to the American colonies he formed close friendships with Benjamin Franklin Thomas Jefferson and James Madison and his ideas helped shape the Declaration of Independence and the Bill of Rights However the world turned against Paine in his later years While his earlier works Common Sense and Rights of Man attacked the political and social status quo here on earth The Age of Reason attacked the status quo of the hereafter Former friends shunned him and the man America had hailed as the muse of the American Revolution died alone and forgotten Packed with action and intrigue soldiers and spies politics and perfidy Unger s Thomas Paine is a much needed new look at a defining figure

Wages of Rebellion Chris Hedges,2015-05-12 Revolutions come in waves and cycles We are again riding the crest of a revolutionary epic much like 1848 or 1917 from the Arab Spring to movements against austerity in Greece to the Occupy movement In Wages of Rebellion Chris Hedges who has chronicled the malaise and sickness of a society in terminal moral decline in his books Empire of Illusion and Death of the Liberal Class investigates what social and psychological factors cause revolution rebellion and resistance Drawing on an ambitious overview of prominent philosophers historians and literary figures he shows not only the harbingers of a coming crisis but also the nascent seeds of rebellion Hedges message is clear popular uprisings in the United States and around the world are inevitable in the face of environmental destruction and wealth polarization Focusing on the stories of rebels from around the world and throughout history Hedges investigates what it takes to be a rebel in modern times Utilizing the work of Reinhold Niebuhr Hedges describes the motivation that guides the actions of rebels as sublime madness the state of passion that causes the rebel to engage in an unavailing fight against overwhelmingly powerful and oppressive forces For Hedges resistance is carried out not for its success but as a moral imperative that affirms life Those who rise up against the odds will be those endowed with this sublime madness From South African activists who dedicated their lives to ending apartheid to contemporary anti fracking protests in Alberta Canada to whistleblowers in pursuit of transparency Wages of Rebellion shows the cost of a life committed to speaking the truth and demanding justice Hedges has penned an indispensable guide to rebellion

[The Education of John Adams](#) Richard B. Bernstein,2020 This book a free standing companion to Bernstein s 2003 biography Thomas Jefferson responds to the public curiosity about Adams his life and his work for those intrigued by popular culture portrayals of Adams in the Broadway musical 1776 and the HBO television miniseries John Adams As with Bernstein s other work e g The Founding Fathers A Very Short Introduction it is a clear scholarly concise well written and well researched account of Adams s life career and thought addressing anyone seeking to learn more about him

American Dialogue Joseph J. Ellis,2018-10-16 The award winning author of Founding Brothers and The Quartet now gives us a deeply insightful examination of the relevance of the views of George Washington

Thomas Jefferson James Madison and John Adams to some of the most divisive issues in America today The story of history is a ceaseless conversation between past and present and in American Dialogue Joseph J Ellis focuses the conversation on the often asked question What would the Founding Fathers think He examines four of our most seminal historical figures through the prism of particular topics using the perspective of the present to shed light on their views and in turn to make clear how their now centuries old ideas illuminate the disturbing impasse of today s political conflicts He discusses Jefferson and the issue of racism Adams and the specter of economic inequality Washington and American imperialism Madison and the doctrine of original intent Through these juxtapositions and in his hallmark dramatic and compelling narrative voice Ellis illuminates the obstacles and pitfalls paralyzing contemporary discussions of these fundamentally important issues *Power and Liberty* Gordon S. Wood,2021 Written by one of early America s most eminent historians this book masterfully discusses the debates over constitutionalism that took place in the Revolutionary era
