

### Reaction Paper of Educational Tour for Subject History

It is almost a month when we had our educational tour for our subject, History 23, which toured us in historical places of Batangas and Laguna. Packed with excitement to learn and to see ancestral things, I prepared my things up even before the exact date of our tour. It was on the first day of August 2012, Wednesday at 6:00 in the morning, when our journey which I called "time travel" begun. Our first itinerary was on the ancestral house of Dr. Jose Rizal in Calamba, Laguna, where our national hero was raised.

There, we saw a lot of things which really made me feel that I am travelling back on Rizal's time because the antiques were all preserved. We took on pictures with some antique stuffs and parts of the house. After going to Rizal's ancestral house, we then went next to his brother's house which is in Los Banos, Laguna. There lies the tomb of General Paciano Rizal. Inside the house, the pictures of Paciano's family was displayed in the living room. After that, we had visited Don Leon Apacible's house in Taal, Batangas.

I was not able to take pictures in this itinerary because the battery of my camera was already emptied. Our next stop was the house of Marcella Agoncillo, who made the Philippine flag. In this house, I saw a piano in which I wanted to play with but it is restricted. We had also lectures from this house as they told us the history of the house. As we had to go to our next itinerary, we had taken pictures in front of Marcella Agoncillo's statue in which she is holding the Philippine Flag. We also went to Casa de Segunda in Lipa City, Batangas which I admired most.

I was amazed to the structure of the house and how they preserved it. There, I saw how beautiful Segunda Katigbak is through her picture which is displayed in the house. We had also visited the Taal Basilica, the largest stone church in Asia, which is in Taal, Batangas. The church was so big and so majestic in the inside for I came to think that I was in Europe. I was also amazed with the paintings painted on the side, even to the highest ceiling of the church. We weren't able to get inside the San Sebastian Cathedral for there was a funeral service in the church that time.

Unfortunately, we weren't able to get inside the Caysasay Church too because we are running out of time for we are about to go home. Our tour guide told us some information about the Caysasay church and the stories behind it. From the tour guide, classmates and friends whom I shared my time with during the entire trip, I can clearly say that I enjoy doing the time travel with them. I really did enjoy my time in visiting such historical places of our country and it is indeed worth visiting for.

**Field Trips in Environmental Education** Martin Storksdieck, 2011-01-01 Hauptbeschreibung Field trips are a popular method for introducing students to concepts ideas and experiences that cannot be provided in a classroom environment This is particularly true for trans disciplinary areas of teaching and learning such as science or environmental education While field trips are generally viewed by educators as beneficial to teaching and learning and by students as a cherished alternative to classroom instruction educational research paints a more complex picture At a time when school systems demand proof of the educational value of field trips large gaps ofte

**Understanding by Design** Grant P. Wiggins, Jay McTighe, 2005 What is understanding and how does it differ from knowledge How can we determine the big ideas worth understanding Why is understanding an important teaching goal and how do we know when students have attained it How can we create a rigorous and engaging curriculum that focuses on understanding and leads to improved student performance in today's high stakes standards based environment Authors Grant Wiggins and Jay McTighe answer these and many other questions in this second edition of Understanding by Design Drawing on feedback from thousands of educators around the world who have used the UbD framework since its introduction in 1998 the authors have greatly revised and expanded their original work to guide educators across the K-16 spectrum in the design of curriculum assessment and instruction With an improved UbD Template at its core the book explains the rationale of backward design and explores in greater depth the meaning of such key ideas as essential questions and transfer tasks Readers will learn why the familiar coverage and activity based approaches to curriculum design fall short and how a focus on the six facets of understanding can enrich student learning With an expanded array of practical strategies tools and examples from all subject areas the book demonstrates how the research based principles of Understanding by Design apply to district frameworks as well as to individual units of curriculum Combining provocative ideas thoughtful analysis and tested approaches this new edition of Understanding by Design offers teacher designers a clear path to the creation of curriculum that ensures better learning and a more stimulating experience for students and teachers alike

**Becoming a Critically Reflective Teacher** Stephen D. Brookfield, 2017-02-13 A practical guide to the essential practice that builds better teachers Becoming a Critically Reflective Teacher is the landmark guide to critical reflection providing expert insight and practical tools to facilitate a journey of constructive self critique Stephen Brookfield shows how you can uncover and assess your assumptions about practice by viewing them through the lens of your students eyes your colleagues perceptions relevant theory and research and your own personal experience Practicing critical reflection will help you Align your teaching with desired student outcomes See your practice from new perspectives Engage learners via multiple teaching formats Understand and manage classroom power dynamics Model critical thinking for your students Manage the complex rhythms of diverse classrooms This fully revised second edition features a wealth of new material including new chapters on critical reflection in the context of social media teaching race and racism leadership in a critically reflective key and team teaching as critical reflection In addition all chapters have been thoroughly updated and expanded to align with today's classrooms whether online or face to face in large lecture formats or small groups In his own personal voice Stephen Brookfield draws from over 45 years of experience to illustrate the clear benefits of critical reflection Assumptions guide practice and only when we base our actions on accurate assumptions will we achieve the results we want Educators with the courage to challenge their own assumptions in an effort to improve learning are the invaluable role models our students need Becoming a Critically Reflective Teacher provides the foundational information and practical tools that help teachers reach their true potential

**Dirtmeister's Nitty Gritty Planet Earth** Steve Tomecek, 2015 Come and explore the world under your feet with the Dirtmeister and friends Part graphic novel part fun guidebook this very cool rocky journey introduces both eager and reluctant readers to the basic geologic processes that shape our Earth Clear and concise explanations of the various geologic processes reveal the comprehensive science behind each fascinating topic Fun facts and simple DIY experiments reinforce the concepts while short biographies of important scientists inspire future geoscientists

*What Shamu Taught Me About Life, Love, and Marriage* Amy Sutherland, 2009-04-14 While observing trainers of exotic animals journalist Amy Sutherland had an epiphany What if she used their techniques with the human animals in her own life specifically her dear husband Scott As Sutherland put training principles into action she noticed that not only did her twelve year old marriage improve but she herself became more optimistic and less judgmental What started as a goofy experiment had such good results that Sutherland began using the training techniques with all the people in her life including her mother her friends her students even the clerk at the post office Full of fun facts fascinating insights hilarious anecdotes and practical tips *What Shamu Taught Me About Life Love and Marriage* reveals the biggest lesson Sutherland learned The only animal you can truly change is yourself

**A Nation at Risk** United States. National Commission on Excellence in Education, 1983

**Hall-Dennis and the Road to Utopia** Josh Cole, 2021-07-15 The quarter century that followed the end of the Second World War was marked by intense social and economic transformation the changing face of postwar capitalism a revolution in communications technology the rise of youth culture and the pronounced ascent of individual freedom all contributed to a dramatic push to remake and thus improve society This push was especially felt within education the primary vehicle for modernizing the postwar world from the ground up *Hall-Dennis and the Road to Utopia* explores this moment of renewal through a powerful and influential education reform project 1968's *Living and Learning: The Report of the Provincial Committee on Aims and Objectives of Education in the Schools of Ontario* The Hall-Dennis report as it became known urged Ontarians to accept a new vision of education in which students were no longer organized in classes their progress no longer measured by grades and their experience no longer characterized by the painful acquisition of subjects but rather by a joyous and open ended process of learning This new democratic system of education was associated with the highest ideals of postwar progress liberalism and humanism yet its recommendations were paradoxically both profoundly radical and fundamentally conservative Its avant garde research strategies and controversial post literate curricular reforms were balanced by a pedagogical approach designed to mould students into obedient citizens and productive economic actors As Canadians once again find themselves asking fundamental questions about the aims and objectives of education under radically changing circumstances Josh Cole revisits Hall-Dennis to show how the committee and its report represent a significant moment in Canadian cultural and political history a prescient document in the history of education and a revealing expression of the fragmentary circumstances of global modernity in the second half of the twentieth century
