Dental Practice Hero Dr Paul Etchison, 2017-12-30 Dr Etchison is not your average dentist. A visionary leader, he combines marketing and business knowledge, clinical excellence, and leadership to create a thriving, growing practice. And he wants to share this special knowledge with you. It's time to set off on a quest to implement systems that take your practice to the next level, inspire your team to greatness, and help you become the visionary leader who can transform your practice and your life. In *Dental Practice Hero*, the reader will learn the systems Dr Etchison used to grow his startup to 1M in collections the first year and continue to grow 30-40% each year after to almost 3M in just 5 years and still growing. And all out of 5 ops to destress the day-to-day of running his practice so that he could only do 3 days/week of clinical to become the leader that influences practice culture so positively that practice growth becomes organic. Reviews: Paul's book has all the elements necessary to assess your practice as well as your life and make it exceptional. Most books written for dentists are designed to provide some cheerleading, give you a few helpful nuggets to improve your practice, and then motivate you to sign up with their consulting services. This book, however, breaks down piece by piece every component of a highly functioning practice and provides the tools and insight to take your practice to the highest level possible. You get ALL the nuggets needed to redesign your practice and in effect create the life you desire. Thank you, Paul, for providing this book at a critical time when many dentists are scrambling to find the answers to an ever-changing field. Dr Lance Pietropola: Dr Paul's book, *Dental Practice Hero*, is an easy-to-digest, real-world, entertaining look at the way all of us private practitioners should be practicing. He provides humor, insight, and a lot of great and easy-to-understand examples of what he is trying to get across to the reader. He organizes the book into subcategories that make it simple to tackle the issues we face in our dental offices, one problem at a time. What I really enjoyed was how he uses a different perspective on how to view things we see as road blocks and turns them into manageable bumps in the road. A great read. Definitely recommend. Picked up a lot of great information that I should have implemented when I started working in private practice years ago. Dr David Sanders: *Dental Hero* is a must-read for any entrepreneur. A truly inspiring and enjoyable piece of literature. Dr Etchison's philosophies are now at the core of how we practice, manage our business. Dr Sunil Kurup: Great Guide for modern methods combined with compassionate dentistry. Comprehensive methods to differentiate your dental practice and increase your income. I have implemented the methods in the book, and it has helped my office grow past 1.5M in a 1-doc practice with room to grow. Dr Joe Lee
