However, the book's authors also understand that everyone's destination may be different. Some students will become accountants while others are destined for careers in management, marketing, or finance. Not only does the Brewer text teach students managerial accounting concepts in a clear and concise way, it also asks students to consider how the concepts they are learning will apply to the real world situations they will eventually face in their careers. This combination of conceptual understanding and the ability to apply that knowledge directs students toward success whatever their final destination may be.
