dumb. Why?
Because you only
get paid when
you're working.
This book provides
a detailed and up-
to-date overview on

data mining
methods. The first
part is focused on

It is a serious crime that can wreak havoc with your finances, credit history, and reputation - and it can take time, money, and

patience to resolve. The Federal Trade Commission (FTC), the nation's consumer protection agency, prepared this guide to help you repair the damage that identity theft can cause, and reduce the risk of identity theft happening to you. If you suspect that someone has stolen your identity, acting quickly is the best way to limit the damage. Setting things straight involves some work. This guide has tips, worksheets, blank forms, and sample letters to guide you through the recovery process. It covers:

- what identity theft victims must do immediately
- what problems may crop up
- how you can reduce your risk of

identity theft

Rose is a princess, a Cinder, and half-human. She is the last one born of her kind, and on her twenty-first birthday, she must enter the woods and travel to find her Prince, as her sisters did before her. ". . . And we will all dance at the Grand Ball," her sisters would always say. But the Human servants are keeping a secret that could prevent the Cinders from reaching their Happily Ever After....Hidden in Rose's dreams and vision are the answers of the past between Cinders and Humans, and she is quickly running out of time trying to solve their hidden messages. She knows the

answer lies in her first clue-- identifying an animal she has never seen before-- that persistent vision of a furry white animal, holding a gold metal object and exclaiming, "Oh dear! Oh dear! I shall be too late!" Many of James Oliver Curwood's action-adventure novels follow intrepid explorers who are equal parts foolish and brave as they make their way in the wilds of northern Canada. In *The Courage of Marge O'Doone*, a chance encounter on a train turns into the adventure of a lifetime for two audacious souls. Will the pair be able to make it back alive?
