Christian Apologetics A Comprehensive Case For Biblical Faith Douglas R Groothuis

Christian Apologetics Douglas Groothuis, 2022-02-08 The Christian faith offers people hope But how can we know that Christianity is true How can Christians confidently present their beliefs in the face of doubts and competing views In this second edition of a landmark apologetics text Douglas Groothuis makes a clear and rigorous case for Christian theism addressing the most common questions and objections raised regarding Christianity

Christian Apologetics Douglas R. Groothuis, 2012 **The Knowledge of God in the World and the Word** Douglas Groothuis, Andrew I.

Shepardson, 2022-12-06 Amid the crisis of authority in our modern and postmodern era Christians need to be able to point to God's revelation in the natural world in addition to defending God's unique revelation in the Bible and in the person of Jesus Christ Classical apologetics takes a two step approach to commending the Christian picture of reality First arguments for the existence of God such as those of natural theology are employed to create common ground with people outside the household of the Christian faith and to provide intellectual support for Christians Second classical apologetics defends key items of Christian revelation including the reliability of the Bible the identity of the historical Jesus and the resurrection of Jesus Christ from the dead In *Knowledge of God in the World and the Word* authors Douglas Groothuis and Andrew Shepardson provide a simple introduction to classical apologetics that also addresses the most common objections to natural theology Readers will discover in the book an easy point of entry into understanding why Christian beliefs about Jesus are true and rational Further the authors apply the power of classical apologetics to Christian ministry Truth Decay Douglas

Groothuis, 2009-09-20 A 2001 Christianity Today Award of Merit winner The concept of truth as absolute objective and universal has undergone serious deterioration in recent years No longer is it a goal for all to pursue Rather postmodernism sees truth as inseparable from culture psychology race and gender Ultimately truth is what we make it to be What factors have accelerated this decay of truth Why are people willing to embrace such a devalued concept How does this new view compare and contrast with a Christian understanding While postmodernism contains some truthful insights despite its attempt to dethrone truth Douglas Groothuis sees its basic tenets as intellectually flawed and hostile to Christian views In this spirited presentation of a solid biblical and logical perspective Groothuis unveils how truth has come under attack and how it can be defended in the vital areas of theology apologetics ethics and the arts **Reasons for Faith (Foreword by**

Lee Strobel) Norman L. Geisler, Chad V. Meister, 2007-10-26 Many Christians want to witness for their faith but they are afraid they will not be able to answer questions that others may ask of them First Peter 3:15 reminds believers to always be prepared to make a defense to anyone who asks you for a reason for the hope that is in you Norman Geisler and Chad

Meister realize the fear of facing questions about the Christian faith Their book *Reasons for Faith* gives believers grounded biblical apologetics to help them defend their faith By covering the importance of apologetics and then applying apologetics to popular culture and theological issues these authors give all Christians the tools they need to stand firm in their faith and to be able to share that faith in today's society **In Defense of Natural Theology** James F. Sennett, Douglas

Groothuis, 2005-10-04 James F Sennett and Douglas Groothuis have assembled a distinguished array of scholars to examine the Humean legacy with care and make the case for a more robust if chastened natural theology after Hume **Unmasking**

the New Age Douglas Groothuis, 1986-01-24 Douglas Groothuis explains what the New Age movement is analyzes its major doctrines and shows how it is influencing politics science health care and education **The Knowledge of God in the**

World and the Word Workbook Douglas Groothuis, Andrew I. Shephardson, 2023-02-28 Amid the crisis of authority in our modern and postmodern era Christians need to be able to point to God's revelation in the natural world in addition to defending God's unique revelation in the Bible and in the person of Jesus Christ Classical apologetics takes a two step approach to commending the Christian picture of reality First arguments for the existence of God such as those of natural theology are employed to create common ground with people outside the household of the Christian faith and to provide intellectual support for Christians Second classical apologetics defends key items of Christian revelation including the reliability of the Bible the identity of the historical Jesus and the resurrection of Jesus Christ from the dead In the *Knowledge of God in the World and the Word Workbook* designed to be used alongside the *Knowledge of God in the World and the Word* textbook by authors Douglas Groothuis and Andrew I Shephardson students are guided through learning exercises that introduce them to classical apologetics and to innovative defenses of natural theology *The Universe Next Door (Large*

Print 16pt) James W. Sire, 2011-01-26 For more than thirty years *The Universe Next Door* has set the standard for a clear readable introduction to worldviews In this new fifth edition James Sire offers additional student friendly features to his concise easily understood introductions to theism deism naturalism Marxism nihilism existentialism Eastern monism New Age philosophy and postmodernism Included in this expanded format are a new chapter on Islam and informative sidebars throughout The book continues to build on Sire's refined definition of worldviews from the fourth edition and includes other updates as well keeping this standard text fresh and useful In a world of ever increasing diversity *The Universe Next Door* offers a unique resource for understanding the variety of worldviews that compete with Christianity for the allegiance of minds and hearts *The Universe Next Door* has been translated into over a dozen languages and has been used as a text at over one hundred colleges and universities in courses ranging from apologetics and world religions to history and English literature Sire's *Naming the Elephant* *Worldview as a Concept* provides a useful companion volume for those desiring a more in depth discussion of the nature of a worldview **Confronting the New Age** Doug Groothuis, 2010-01-04 The first book to tell you how to confront the New Age The threat is growing So not only do we need to understand the New Age we need to

stem the tide of this growing religious movement Here s the first book that tells how You ll find all you need to know for Witnessing to New Age adherents Identifying New Age influences in business seminars Exposing New Age curriculum in our public schools Discerning New Age influences in pop psychology biofeedback therapy visualization and New Age music This book takes you a step beyond other books with its practical advice and sound suggestions

The Rationality of Theism Paul Copan, Paul Moser, 2004-07-31 The Rationality of Theism is a controversial collection of brand new papers by thirteen outstanding philosophers and scholars Its aim is to offer comprehensive theistic replies to the traditional arguments against the existence of God offering a positive case for theism as well as rebuttals of recent influential criticisms of theism

The Soul in Cyberspace Doug Groothuis, 1999-03-08 While most Christians are content with a superficial and pragmatic assessment of the new information technologies Douglas Groothuis probes more deeply He wisely recognizes the symbolic power of technology machines don t just do things they shape us by equipping our imaginations and language with powerful new images metaphors and assumptions Groothuis has done a great service in alerting us to the temptations that will challenge the twenty first century church and in providing the tools to discern what is real what is true and what is to be treasured Ken Myers

Walking Through Twilight Douglas Groothuis, 2017-11-21 How do you continue to find God as dementia pulls your loved one into the darkness Philosopher Douglas Groothuis offers a window into his experience of caring for his wife as a rare form of dementia ravages her once brilliant mind Mixing personal narrative with spiritual insight he captures moments of lament as well as theological reflection and poignant pictures of their life together

On Pascal Douglas Groothuis, 2003 ON PASCAL like other titles in the Wadsworth Philosopher s Series offers a concise yet comprehensive introduction to this philosopher s most important ideas Presenting the most important insights of well over a hundred seminal philosophers in both the Eastern and Western traditions the Wadsworth Philosophers Series contains volumes written by scholars noted for their excellence in teaching and for their well versed comprehension of each featured philosopher s major works and contributions These titles have proven valuable in a number of ways Serving as standalone texts when tackling a philosopher s original sources or as helpful resources for focusing philosophy students engagements with these philosopher s often conceptually daunting works these titles have also gained extraordinary popularity with a lay readership and quite often serve as refreshers for philosophy instructors
