Reviewing the Populists and Analyzing Progressives 1870-1920

APUSH Review Guide - AMSCO chapter 19 (Populists only) and chapter 21.

Directions -> Print document and take notes in the spaces provided. Read through the guide before you begin reading. This step will help you focus on the most significant ideas and information as you read.

(Political cartoon at left shows Capital, Commerce, and Labor with a caption saying, "Come brothers (Commerce speaking to Capital and Labor), you have grown so big you cannot afford to quarrel".)

Period 7 Main Ideas:

An increasingly pluralistic United States faced profound domestic and global challenges, debated the proper degree of government activism, and sought to define its international role.

Key Concept 7.1: Governmental, political, and social organizations struggled to address the effects of large-scale industrialization, economic uncertainty, and related social changes such as urbanization and mass migration.

Key Concept 7.2: A revolution in communications and transportation technology helped to create a more mass culture and spread "modern" values and ideas, even as cultural conflicts between groups increased under the pressure of migrations, world wars, and economic distress.

Key Concept 7.3: Global conflicts over resources, territories, and ideologies renewed debates over the nation's values and its role in the world, while simultaneously propelling the United States into a dominant international military, political, cultural, and economic position.

Learning Goals:

Evaluate the changing role of government along with the contributions of progressive citizens illustrated by political, economic, and social reforms at the local, state, and federal levels.
Analyze the extent to which the Progressive Era was actually progressive.

- 1. Identify and explain political, economic, and social consequences of closing the frontier.

Highlight **causes** and analyze the significance of the events by answering the questions in the spaces provided.

A striking manifestation of rural discontent came through the Farmer's Alliance, founded in Texas in the late 1870s. Farmers came together in the alliance to socialize, but more importantly to break the stranglehold of the railroads and manufacturers through cooperative buying and selling. Unfortunately, the alliance weakened itself by ignoring the plight of landless tenant farmers, sharecroppers, and farm workers. Even more debilitating was the Alliance's exclusion of blacks, who counted for more than half of the agricultural population of the South.

Was the Farmer's Alliance successful? Why or why not?
No due to them ignoring a lot of their supporters (Blacks, tenant farmers, etc.)

We have room for but one flag, the American flag... We have room for but one language here, and that is the English language... and we have room for but one loyalty and that is a loyalty to the American people.
— Theodore Roosevelt, 1907

What is pluralism?

A condition or system in which 2 or more states, groups, sources of authority, etc coexist
