 Air Force Enlisted Force Management Jul 24 2023 A fundamental goal of
 the Air Force personnel system is to ensure that the manpower
 inventory, by Air Force specialty code and grade, matches
 requirements. However, there are structural obstacles that impede
 achieving this goal. To remove one of those obstacles, the authors
 propose a methodology that would marginally modify grade
 authorizations within skill levels to make it possible to better
 achieve manpower targets.

In Defense of the Constitution: Ending America's Occupation Apr 28
 2021 This highly controversial book is going to change the political
 and cultural direction and scene of America in the 21st Century. It
 will do this by providing Americas Compatriots the tools theyve been
 searching for to stop Americas Government, Supreme Court Judges, and
 Politicians from continuing to push this great Republic into the Abyss
 of a Borderless and lawless nation. By analyzing key words and the US
 Constitution, this book shows Americas Compatriots how to stop their
 Government from wresting power from the Republic (a Government who
 continues to misinterpret and misread key parts of the Constitution).
 And, unfortunately for the Republic, these misinterpretations are
 allowing Mexicos (and other foreign nations) criminal citizens and
 colonizers to invade and occupy US sovereign soil, destroy Americas

Western Christian Culture via cultural genocide, and allowing their American born (not-legal) children to claim unlawful citizenship. Unfortunately for Mexico's colonizing invaders and these children, this book proves these lawless colonizers' invasion, is not, any kind of immigration, so politicians are breaking Federal law to protect them. Chapter 1: This book tells readers why this book was written; Chapters 2 through 4 are this book's heart. It introduces readers to key literary facts, definitions, and analysis of the Constitution, and key sections that prove America's Government and politicians have betrayed the Republic's Citizens. Finally, Chapter 5, and the 3 Appendixes sum up and complete the research. We feel, with these facts, Americans should be ready to save the Country that our Constitution's drafters wrote was blessed and ordained by God. We hope they will be ready to fight these rogue politicians and judges, and to stop the cultural genocide of America's Western Christian culture, English language, and US sovereignty.
