**"This book encourages us to stop doing church and to start being the Church. It shows how allowing God to change us from the core of our being gives us freedom to stop trying to ACT like a Christian and to just actively BE a Christian."--Provided by publisher. Veith unpacks the Bible's teaching about the doctrine of vocation, guiding readers in discovering God's purpose and calling in those seemingly ordinary areas of life. Why Jesus? Perhaps you have had the funny feeling that God wants to get your attention. Or maybe you're intrigued with what you've heard about Jesus. Or maybe you're simply looking for meaning and direction in your life. John Stott has spent a lifetime wrestling with questions about Jesus both personally and in dialogue with skeptics and seekers around the globe. Now in Why I Am a Christian he provides a compelling, persuasive case for considering the Christian faith. If you take an honest look at Jesus, you will discover that following him gives you the purpose, identity and freedom you've been searching for--and far more than you have ever imagined. We were created by an infinitely creative God to reflect his love and character to the world. One way we do that is by continuing his creative work. In this energizing book, serial entrepreneur and bestselling author Jordan Raynor helps artists, entrepreneurs, writers, and other creatives reimagine our work as service to God and others, addressing such penetrating questions as - Is my work as a creative really as God-honoring as that of a pastor or missionary? - What does it look like to create not to make a name for myself but to glorify God and serve others? - How can I use my work to fulfill Jesus's command to create disciples? - Will what I make today matter in eternity? To answer these questions, Raynor shares compelling stories from an eclectic group of 40+ Christian entrepreneurs, including the founders of TOMS Shoes, Charity: Water, Chick-fil-A, In-N-Out Burger, Guinness, HTC, and Sevenly, as well as nontraditional entrepreneurs such as C. S. Lewis, Johann Sebastian Bach, and J. R. R. Tolkien. Raynor's "show" rather than "tell," story-driven style makes you feel as if you are sitting at the feet of some of the godliest and most successful entrepreneurs of all time. Perfectly poised to reach today's growing creative class, this unique work restores God's position as the first entrepreneur, helping readers see the eternal value in the work they do today. ***we were created to do. The act of productivity is its own reward. Half a man's life is bound up in his work, but few men ever learn a biblical framework, or "theology of work," to help think correctly about all those hours, weeks and years they invest in their job. Patrick Morley, author of The Man in the Mirror knows that men everywhere want their lives to count and make a real difference. He has written a book for men in the workforce who want to integrate their faith and work. Whether a businessman, construction worker, salesman, lawyer, accountant, or plumber, men will be introduced to principles which provide a better understanding of themselves and how to be most effective and valuable in their chosen career. A Man's Guide to Work helps train men for the marketplace. It helps them figure out how their relationship with God should influence their work and relationships with colleagues. It ultimately shows men how to experience the power of God in their work, to bring about social transformation through their work and how to make their work life count for the glory of God! By anchoring your understanding of productivity in God's plan, What's Best Next gives you a practical approach for increasing your effectiveness in everything you do. There are a lot of myths about productivity--what it means to get things done and how to accomplish work that really matters. In our current era of innovation and information overload, it may feel harder than ever to understand the meaning of work or to have a sense of vocation or calling. So how do you get more of the right things done without confusing mere activity for actual productivity? Matt Perman has spent his career helping people learn how to do work in a gospel-centered and effective way. What's Best Next explains his approach to unlocking productivity and fulfillment in work by showing how faith relates to work, even in our everyday grind. What's Best Next is packed with biblical and theological insight and practical counsel that you can put into practice today, such as: How to create a mission statement for your life that's actually practicable. How to delegate to people in a way that really empowers them. How to overcome time killers like procrastination, interruptions, and multitasking by turning them around and making them work for you. How to process workflow efficiently and get your email inbox to zero every day. How to have peace of mind without needing to have everything under control. How generosity is actually the key to unlocking productivity. This expanded edition includes: a new chapter on productivity in a fallen world a new appendix on being more productive with work that requires creative thinking. Productivity isn't just about getting more things done. It's about getting the right things done--the things that count, make a difference, and move the world forward. You can learn how to do work that matters and how to do it well. When you understand it properly, the doctrine of vocation—"doing everything for God's glory"—is not a platitude or an outdated notion. This principle that we vaguely apply to our lives and our work is actually the key to Christian ethics, to influencing our culture for Christ, and to infusing our ordinary, everyday lives with the presence of God. For when we realize that the "mundane" activities that consume most of our time are "God's hiding places," our perspective changes. Culture expert Gene Veith unpacks the biblical, Reformation teaching about the doctrine of vocation, emphasizing not what we should specifically do with our time or what careers we are called to, but what God does in and through our callings—even within the home. In each task He has given us—in our workplaces and families, our churches and society—God Himself is at work. Veith guides you to discover God's purpose and calling in those seemingly ordinary areas by providing you with a spiritual framework for thinking about such issues and for acting upon them with a changed perspective. Previously released as *Choosing to Cheat* What am I going to do with my life? is a question that young people commonly face, while many not-so-young people continue to wonder about finding direction and purpose in their lives. Whether such purpose has to do with what job to take, whether to get married, or how to incorporate religious faith into the texture of their lives, Christians down the centuries have believed that God has plans for them. This unprecedented anthology gathers select passages on work and vocation from the greatest writers in Christian history. William Placher has written insightful introductions to accompany the selections — an introduction to each of the four main historical sections and a brief introduction to each reading. While the vocational questions faced by Christians have changed through the centuries, this book demonstrates how the distilled wisdom of these saints, preachers, theologians, and teachers remains relevant to Christians today. This rich resource is to be followed by a companion volume, edited by Mark R. Schwehn and Dorothy C. Bass, featuring texts drawn mainly from fiction, memoir, poetry, and other forms of literature. A study guide is available from Programs for the Theological Exploration of Vocation (PTEV) on their website. The number of Christian women in today's professional workforce is increasing, and they are hungry for practical mentoring. They yearn to learn from someone who has

*climbed the ladder of success without sacrificing family or faith--something author Diane Paddison has done with excellence and grace. The stories Paddison shares about her corporate, personal, and spiritual life, as well as the lives of other women like her, are both inspiring and instructive, providing on-target advice and concrete examples of how to succeed without feeling overwhelmed or compromised. This is a working book for working women. Full of practical, proven guidance that is both professionally viable and biblically sound, each chapter includes sidebars featuring pertinent facts from current research, resources relevant to the chapter's topic, action-oriented "to do" lists, and other interactive material. Chapters also include questions suitable for discussion, making it an excellent resource for use in small groups. Work, Love, Pray is a valuable resource for professional Christian women, but it's also a must-read for the husbands, sisters, daughters, and friends who share their lives. The most enduring success principles for the workplace have roots in Scripture. In a world that increasingly endorses moral relativism, secular humanism, political correctness, and anti-Christian bias, employers still cry out for personnel who are honest, dependable, selfless, and diligent—personnel who solve problems rather than cause them, prevent conflict rather than incite it, seek responsibility instead of running from it, work to improve the team rather than pursuing their own agendas, prevent stress rather than instigate it, and win the trust and respect of their coworkers in spite of differences in worldviews. Christian Women on the Job provides twelve specific strategies that will help women excel by overcoming the hindrances they face at work. Karen Moore, bestselling author of devotional and prayer books, shares encouraging words and inspiring prayers and thoughts. The church was established to serve the world with Christ-like love, not to rule the world. It is called to look like a corporate Jesus, dying on the cross for those who crucified him, not a religious version of Caesar. It is called to manifest the kingdom of the cross in contrast to the kingdom of the sword. Whenever the church has succeeded in gaining what most American evangelicals are now trying to get - political power - it has been disastrous both for the church and the culture. Whenever the church picks up the sword, it lays down the cross. The present activity of the religious right is destroying the heart and soul of the evangelical church and destroying its unique witness to the world. The church is to have a political voice, but we are to have it the way Jesus had it: by manifesting an alternative to the political, "power over," way of doing life. We are to transform the world by being willing to suffer for others - exercising "power under," not by getting our way in society - exercising "power over." This book is a multi-faceted collection of readings focused on the biblical, historical, cultural, and strategic dimensions of the task of world evangelization. The editors have pooled the contributions of over 70 authors to provide laymen and college students with an introduction to the history and potential of the World Christian Movement, a movement of men and women who have responded with courage and conviction to the challenges of this task. - Back cover. Jesus divided the world into two groups—those who follow him and those who don't. But what happens when someone thinks he or she is a Christian, but isn't? With his witty, engaging style, Mike McKinley takes readers on a journey of what it means to be a Christian. He asserts that "manipulative evangelism techniques and a poor understanding of the gospel have resulted in an abundance of professing Christians who have no idea what it means to follow Christ." Each chapter title begins with "You're not a Christian [if/when/just because you]..." As he surveys what it means to be Christian, McKinley offers criteria for evaluating one's standing before God. Readers are guided through a series of challenges to reflect, repent, remember, and report to another person. Am I Really a Christian? ends with chapters on salvation and the local church. This unique book is written for nominal or new Christians and can be used in personal or small-group study. When you understand*

***it properly, the doctrine of vocation--"doing everything for God's glory"--Is not a platitude or an outdated notion. For when we realize that the "mundane" activities that consume most of our time are "God's hiding places," our perspective changes. Culture expert Gene Veith unpacks the biblical, Reformation teaching about the doctrine. I love to read. I hate to read. I don't have time to read. I only read Christian books. "Going Public with Your Faith" is a call for believers to be ordinary followers of Jesus, taking their faith to work and living it out daily in the ordinary transactions of life. It includes personal stories from individuals who have made an impact in their workplaces and examines biblical characters in their places of work. Undaunted Hope in a Post-Christian World We live in a post-Christian world. Contemporary thought—claiming to be “progressive” and “liberating”—attempts to place human beings in God’s role as creator, lawgiver, and savior. But these post-Christian ways of thinking and living are running into dead ends and fatal contradictions. This timely book demonstrates how the Christian worldview stands firm in a world dedicated to constructing its own knowledge, morality, and truth. Gene Edward Veith Jr. points out the problems with how today’s culture views humanity, God, and even reality itself. He offers hope-filled, practical ways believers can live out their faith in a secularist society as a way to recover reality, rebuild culture, and revive faith. What does it mean to be called as a husband, a wife, a parent, a child? How does the grace of the gospel impact how we carry out our particular calling? How does God's presence influence the struggles that families face? Gene Veith joins forces with his daughter Mary Moerbe to explore these kinds of questions as well as the roles of calling and vocation in family life. Though we have little control over who is in our family (other than choosing a spouse and deciding to have children), God has placed us with specific people for specific reasons. Veith and Moerbe show how our roles are distinct and important to God's plan for our lives—and that when we have a biblical understanding of those roles in our families, we can move away from common dysfunctions and toward forgiveness and healing. Writing with sensitivity and wisdom, Veith and Moerbe address the common problems facing contemporary families: the crosses, the weaknesses, and the uncertainties. They articulate a compelling, biblical paradigm for creating and sustaining loving and forgiving families who maintain hope in the face of cultural pressure. This book is an important resource for all Christians, including pastors, counselors, and those working in family ministry. Guidebook contains ideas for reflection, discussion, and action based on the chapters in the main text. **What Can Blue-Collar Business Teach Us About Work and Faith? The faith and work conversation is alive and well, but most resources focus on white-collar jobs, neglecting the majority of the workforce. When Dave Hataj realized he needed to go home and take over the family gear shop, he didn't expect it to become a spiritually transformative season of his life. Yet as he began to think about what it meant to be a Christian in business, he discovered just how much our work matters to God and how blue-collar business can change people, communities, and even the world. Drawing on the stories of his business, Edgerton Gears, Dave teaches you how to cultivate true inner goodness, meaning, and mission at work—no matter what you do. Your workplace can and should be a place of significance. Christianity and Social Work is written for social workers whose motivations to enter the profession are informed by their Christian faith, and who desire to develop faithfully Christian approaches to helping. This is also a wonderful resource for group Bible studies. Whether you're a man or woman, young or old, parent or child, married or single, this guide will enable you to enjoy both work and rest as God intended. It's not a Bible verse: "Do your best," but this truth is communicated in Scripture. Ecclesiastes 9:10 says, "Whatever your hand finds to do, do it with your might," and Colossians 3:23-24 says, "Whatever you do, work heartily, as for the Lord and not for men." The Family Guide will help you do your best and learn what is the work of a Christian. Discover joy and purpose in all you do! Endorsed by prominent ministry leaders: "God commands us to work. And God also commands us to rest. Scott LaPierre shows how the Bible discloses the sinfulness of laziness and 'idleness,' and he unpacks the contrary Biblical virtue of 'diligence.' But he also shows how our relationship to work can become sinful. Workaholism turns work into an addiction that can lead to burnout and idolatry. The Biblical principle of the Sabbath counters those tendencies with physical rest, the cessation of busyness necessary for spiritual devotion, and the life of faith, in which we realize that our salvation comes not by our work, but by resting in Christ. Work and Rest God's Way is a welcome contribution as Christians rediscover the doctrine of vocation in all of its practicality and spiritual richness." —Dr. Gene Edward Veith—Provost at Patrick Henry College, director of the Cranach Institute at Concordia Theological Seminary, and author of God at Work "In Work and Rest God's Way Scott LaPierre wonderfully reconciles the very real tension between work and rest by resisting the celebrated extremes of workaholism and play by relying on the principles and patterns laid out in God's Word. In an age when so many are sacrificing so much to gain so very little—manifested through materialism on the one hand and hedonism on the other—this book will help you, especially if you're a young man, navigate this life-altering strait." —Kirk Smith—Church planter, pastor, and Executive Director for the Illinois Christian Home Educators (ICHE) "Scott LaPierre has produced a much-needed resource to help our churches and families recognize the blessing and purpose of work. He addresses sloth, the penalty for it and overwork and the need to rest, ultimately finding our rest in Christ." —Gary Powers—Preaching elder and founder and CEO of Ortho Molecular Products In Lifetime Guarantee (more than 100,000 copies sold), Bill Gillham writes of his struggle to live a life of victory in Christ, "After 12 years...I finally crashed and burned. That was the best thing the Lord could have ever let happen to me." As a professor, counselor, and radio host, Gillham heard countless stories of people who tried to live the Christian life but repeatedly failed. Then he realized that only one person can live like Christ—Jesus Himself—and that He wants to live His life through each and every believer. Readers will appreciate Gillham's gut-honest and encouraging tone as they discover... the root of their problems—the techniques they have developed for satisfying their needs for love and self-esteem the key to victory—their true identity in Christ God's goal for their lives—conformity to Christ's image as He lives through them Perfect for individuals or small groups. A fully developed biblical perspective of work and leisure finds the holistic balance missing from today in Puritan enjoyment of both as important to life. Sloan explores the impact that the Protestant theological renaissance (1925-1960) had on American colleges and universities, focusing in particular on the church's most significant claim to have a continuing voice in higher education. He traces the role of the national ecumenical and denominational organizations, and studies the changing place of college chaplains. Pitch the Christian dating rulebook out the window. There's a better way! No matter what you might have heard, God didn't mandate a divine way to date.**

***What He did do, in the Bible, is lay out principles for wise and healthy relational living among believers. His boundaries for us are wise and good. But exactly how you apply God's principles to your dating life is up to you to figure out. All you need is guidance, not micromanagement. How Should a Christian Date? doesn't try to boss you around. It just offers wisdom about the relevant principles in God's Word. Eric Demeter—a single guy who has given this subject a lot of thought—separates the truths of Scripture from the baggage of Christian dating subculture. He talks to you like a big brother or favorite uncle, not your mother. You'll cover topics such as: Busting 12 Myths of Christian Dating How to Meet People & Have a Good First Date Clearing the Fog in Sex and Physical Affection Getting the Best from a Breakup Take Dating One Stage at a Time There isn't one "Christian" way to date. But there are ways that Christians should handle themselves while dating . . . and those are the truths to live by. Our technology shapes the way we live, interact, work, play, and even worship. Technology and its power are both old and new—as is the wisdom we need to envision, design, build, and use it well. For Christians passionate about developing technology, it's not always clear how their faith and work intersect. How can designing and using technology actually be a way of loving God and our neighbors? Veteran engineers and teachers Ethan Brue, Derek Schuurman, and Steve VanderLeest provide a field guide for fellow explorers working with technology. Using numerous case studies, historical examples, and personal stories, they explore issues such as: biblical themes and passages that relate to technology the ethics and norms involved in technology design how engineering and technology tap into human dreams for a better world Along the way they acknowledge the challenges arising from technology but also point to the wonderful possibilities it offers us and its ability to contribute to the common good. For Christians studying and working in engineering, computer science, technical design, architecture, and related fields, this book is packed with wisdom and practical guidance. By sharing what they have learned, the authors encourage readers to ask harder questions, aspire to more noble purposes, and live a life consistent with their faith as they engage with technology. Bestselling author Morgan applies the remarkable words of Romans 8: 28 and other related Bible verses to real-life stories of hope overcoming heartache. Although good works do not earn our way to heaven, the true believer is highly motivated to serve Christ in practical ways. In this timeless classic, R.A. Torrey uses material originally distributed to teach others Bible basics, and how to prepare Bible lessons and evangelical sermons. In this text, Torrey lays out nine prerequisites to being a successful Christian worker. Within the context of real-life situations, he gives readers a plan to increase their effectiveness for Christ. Being a pastor is a complicated calling. Pastors are often pulled in multiple directions and must "become all things to all people" (1 Cor. 9:22). What does the New Testament say (or not say) about the pastoral calling? And what can we learn about it from the apostle Paul? According to popular New Testament scholar Scot McKnight, pastoring must begin first and foremost with spiritual formation, which plays a vital role in the life and ministry of the pastor. As leaders, pastors both create and nurture culture in a church. The biblical vision for that culture is Christofornity, or Christlikeness. Grounding pastoral ministry in the pastoral praxis of the apostle Paul, McKnight shows that nurturing Christofornity was at the heart of the Pauline mission. The pastor's central calling, then, is to mediate Christ in everything. McKnight explores seven dimensions that illustrate this concept--friendship, siblings, generosity, storytelling, witness, subverting the world, and wisdom--as he calls pastors to be conformed to Christ and to nurture a culture of Christofornity in their churches. This is a compelling and inspiring look at spiritual beliefs that influenced some of the world's greatest composers, now revised and expanded with eight additional composers. In A Christian Approach to Work and Family Burnout: Calling, Caring, and Connecting, Thomas V. Frederick and Scott E. Dunbar provide a Christian spiritual model to prevent and cope with burnout caused by the workplace and conflict with family. Coupled with indifference and lack of urgency, burnout eliminates a sense of purposefulness and results in psychological depletion. To counter this, Frederick and Dunbar stress the importance of connecting with God in order to understand intrinsic motivations and redefine work as a calling and means to care for others. Drawing on a lifetime of pastoral experience, The Care of Souls is a beautifully written treasury of proven wisdom which pastors will find themselves turning to again and again. Harold Senkbeil helps remind pastors of the essential calling of the ministry: preaching and living out the Word of God while orienting others in the same direction. And he offers practical and fruitful advice—born out of his five decades as a pastor—that will benefit both new pastors and those with years in the pulpit. In a time when many churches have lost sight of the real purpose of the church, The Care of Souls invites a new generation of pastors to form the godly habits and practical wisdom needed to minister to the hearts and souls of those committed to their care.***
