K. Narayan,1978 **Ten Years in Japan** Joseph C. Grew,2014-12-03 Ten Years in Japan is a fascinating and unique look inside the government of Japan before and during the attack on Pearl Harbour Written from the detailed personal diaries of Joseph C Grew the American ambassador based in Tokyo from 1932 and up until war was declared in the beginning of 1942 This book deals as is right and proper primarily with American Japanese relations But for British readers it has a special interest because it covers a period during which British and American policies in the Orient followed parallel lines a period when the two Governments were grappling with problems always similar and sometimes identical The interest is not lessened by the peeps that we get of what were in fact unremitting efforts on the part of the Japanese to sow discord between Britain and America on the principle of divide et impera [Handcuffs, Kisses, and Awkward Situations](#) Harvard,2016-11-24 Nora Montgomery s primary goal was to remain seemingly unnoticed until graduation and that meant staying away from Ryder Collins But when both she and Ryder are selected to participate in the local police department s handcuff demonstration they find themselves inescapably chained together The tension between them is thick filled with unresolved issues from their past friendship But things get a whole lot worse when the officer loses the key and the pair are forced to accommodate each other until a replacement is available Being handcuffed to the opposite gender was sure to introduce some extremely uncomfortable situations Things are about to get awkward right *The Foundation Engineering Handbook* Manjriker Gunaratne,2006-01-13 Great strides have been made in the art of foundation design during the last two decades In situ testing site improvement techniques the use of geogrids in the design of retaining walls modified ACI codes and ground deformation modeling using finite elements are but a few of the developments that have significantly advanced foundation engineering in recent years What has been lacking however is a comprehensive reference for foundation engineers that incorporates these state of the art concepts and techniques The Foundation Engineering Handbook fills that void It presents both classical and state of the art design and analysis techniques for earthen structures and covers basic soil mechanics and soil and groundwater modeling concepts along with the latest research results It addresses isolated and shallow footings retaining structures and modern methods of pile construction monitoring as

well as stability analysis and ground improvement methods The handbook also covers reliability based design and LRFD Load Resistance Factor Design concepts not addressed in most foundation engineering texts Easy to follow numerical design examples illustrate each technique Along with its unique comprehensive coverage the clear concise discussions and logical organization of The Foundation Engineering Handbook make it the one quick reference every practitioner and student in the field needs [Swing Vol. 3](#) Matt Hawkins,2020-11-04 Dan and Cathy s swinging adventures continue in this SUNSTONE spin off as their relationship becomes strained perhaps irreparably Love conquers all in this stylish slice of life take on an ethically non monogamous couple **Swing Vol. 4 OGN** Matt Hawkins,2021-09-22 A SUNSTONE crossover event Dan and Cathy are on a trip to New York and decide to visit the BDSM club featured in the SUNSTONE books by STJEPAN _EJI_ Hijinks ensue as some familiar characters from SUNSTONE meet our swinging duo And oh yeah Cathy is pregnant *Swing Vol. 1* Matt Hawkins,Jenni Cheung,2018-05-30 Spinning off from the universe of SUNSTONE comes a slice of life romantic story about a couple trying to regain the sexual energy from the beginning of their relationship by swinging with other couples An emotional journey of two people fighting to stay in love *A French Affair* Susan Lewis,2007 Having survived every woman s worst nightmare Olivia Benning is now more than ready to start a new life Everything is in place nothing should go wrong and it wouldn t have if her husband hadn t walked in unexpectedly to find her kissing her old boyfriend But Olivia soon finds out she s not the only one who has a secret Certainly the mother in law from hell has one so does her own mother And as for her husband and daughter Is nobody talking to anybody else in this family The past is creeping up on the present and it seems nothing can stop it Lilliane Devennes has never given up on her dream and will go to any lengths to fulfill it but now she s having to ask herself is this a man to die or kill for Meanwhile Olivia is trying to rescue her daughter from a gang of teenage delinquents while her husband is a law unto himself A French Affair travels the bumpy road of treachery deception lust revenge fear heartbreak forgiveness and the greatest trickster of all love
