In this instant New York Times bestseller, Angela Duckworth shows anyone striving to succeed that the secret to outstanding achievement is not talent, but a special blend of passion and persistence she calls "grit."

"Inspiration for non-genius everywhere" (People). The daughter of a scientist who frequently noted her lack of "genius," Angela Duckworth is now a celebrated researcher and professor. It was her early eye-opening stints in teaching, business consulting, and neuroscience that led to her hypothesis about what really drives success: not genius, but a unique combination of passion and long-term perseverance. In *Grit*, she takes us into the field to visit cadets struggling through their first days at West Point, teachers working in some of the toughest schools, and young finalists in the National Spelling Bee. She also mines fascinating insights from history and shows what can be gleaned from modern experiments in peak performance. Finally, she shares what she's

learned from interviewing dozens of high achievers—from JP Morgan CEO Jamie Dimon to New Yorker cartoon editor Bob Mankoff to Seattle Seahawks Coach Pete Carroll. “Duckworth’s ideas about the cultivation of tenacity have clearly changed some lives for the better” (The New York Times Book Review). Among Grit’s most valuable insights: any effort you make ultimately counts twice toward your goal; grit can be learned, regardless of IQ or circumstances; when it comes to child-rearing, neither a warm embrace nor high standards will work by themselves; how to trigger lifelong interest; the magic of the Hard Thing Rule; and so much more. Winningly personal, insightful, and even life-changing, Grit is a book about what goes through your head when you fall down, and how that—not talent or luck—makes all the difference. This is “a fascinating tour of the psychological research on success” (The Wall Street Journal). How and why did the images of the crucified Christ and his grieving mother achieve such prominence, inspiring unparalleled religious creativity as well such imitative extremes as celibacy and self-flagellation? To answer this question, Fulton ranges over developments in liturgical performance, private prayer, doctrine, and art. Deepen your journey into the unforgettable film, *The Passion of The Christ*. In this authorized, behind-the-scenes look at the movie, Fr. John Bartunek, L.C., provides biblical, historical, and theological insights gleaned from hours spent on the set and interviews with the director, actors, and filmmaking crew. Inside *The Passion* is the most complete and thorough commentary on the movie you will read. This bestselling biography of one of the 20th century’s most remarkable and controversial writers is now available in paperback. Author Barbara Branden, who knew Rand for nineteen years, provides a matchless portrait of this fiercely private and complex woman. “Cunningham weaves Hebrew scripture, Celtic and Egyptian mythology, and early Christian legend into a nearly seamless whole, creating an unforgettable fifth gospel story in which the women most involved in Jesus’s ministry are given far

more representation.”—Library Journal “This year’s must-have summer reading.”—KINK Radio “Lavish and lusty . . .

Cunningham’s Celtic Magdalen is as hot in the mouth as Irish whiskey.”—Beliefnet (chosen as one of this year’s “heretical beach-books”) “Explodes off the page with its tales of love, hope, power, and redemption—book clubs looking for a great discussion, take note.”—TheBookBrothel.com

Dangerously seductive, William Cavendish, the king's dashing financial adviser, vowed to have Bess at any cost. Frail, adoring Robert Barlow offered a marriage she couldn't refuse. that never sleeps. For as long as she can remember, Bronx-born Naomi Powell has had one goal: to prove her worth among the Upper East Side elite—the same people for which her mom worked as a housekeeper. Now, as the strongminded, sassy CEO of one of the biggest jewelry empires in the country, Naomi finally has exactly what she wants—but it’s going to take more than just the right address to make Manhattan’s upper class stop treating her like an outsider. The worst offender is her new neighbor, Oliver Cunningham—the grown son of the very family Naomi’s mother used to work for. Oliver used to torment Naomi when they were children, and as a ridiculously attractive adult, he’s tormenting her in entirely different ways. Now they find themselves engaged in a battle-of-wills that will either consume or destroy them. “Strong characters and relatable situations elevate Layne’s bighearted contemporary...[which] digs into class differences, emotional baggage, and the reality of dealing with aging parents” (Publishers Weekly, starred review). Stories of passion, courage, and commitment, following individuals as they pursue the work they were born to do, from StoryCorps founder Dave Isay In Callings, StoryCorps founder Dave Isay presents unforgettable stories from people doing what they love. Some found their paths at a very young age, others later in life; some overcame great odds or upturned their lives in order to pursue what matters to them. Many of their stories have never been broadcast or published by StoryCorps until now. We meet a man from the barrios of Texas whose harrowing experiences in a family of migrant farmers inspired him to become a public defender. We meet a longtime waitress who takes pride in making regulars and newcomers alike feel at home in her Nashville diner. We meet a young man on the South Side of Chicago who became a teacher in order to help at-risk teenagers like the ones who killed his father get on the right track. We meet a woman from Little Rock who helps former inmates gain the skills and confidence they need to rejoin the workforce. Together they demonstrate how work can be about much more than just making a living, that chasing dreams and finding inspiration in unexpected places can transform a vocation into a calling. Their shared sense of passion, honor, and commitment brings deeper meaning and satisfaction to every aspect of their lives. An

essential contribution to the beloved StoryCorps collection, Callings is an inspiring tribute to rewarding work and the American pursuit of happiness. Meet Jesus as a gay man of today in a contemporary city with *The Passion of Christ: A Gay Vision*. In stunning new images, the modern Christ figure is jeered by fundamentalists, tortured by Marine look-alikes, and rises again to enjoy homoerotic moments with God. His surprisingly diverse friends join him on a journey from suffering to freedom. Readers call it "accessible but profound." Some are moved to tears. The 24 paintings in the gay Passion cover Jesus' final days, including his arrest, trial, crucifixion, and resurrection. A queer Passion is important now because Christianity is being used to justify hate and discrimination against lesbian, gay, bisexual and transgender people. Each image is accompanied by insightful commentary, plus a short prayer and scripture. If Jesus came back today, would he be crucified all over again? Would we even recognize him? See for yourself in the gay vision of the Passion. One of *The Guardian's* "1,000 Books to Read Before You Die" This underrated classic of contemporary Irish literature tells the "utterly transfixing" story of a lonely, poverty-stricken spinster in 1950s Belfast (*The Boston Globe*) Judith Hearne is an unmarried woman of a certain age who has come down in society. She has few skills and is full of the prejudices and pieties of her genteel Belfast upbringing. But Judith has a secret life. And she is just one heartbreak away from revealing it to the world. Hailed by Graham Greene, Thomas Flanagan, and Harper Lee alike, *The Lonely Passion of Judith Hearne* is an unflinching and deeply sympathetic portrait of a woman destroyed by self and circumstance. First published in 1955, it marked Brian Moore as a major figure in English literature (he would go on to be short-listed three times for the Booker Prize) and established him as an astute chronicler of the human soul. "Seldom in modern fiction has any character been revealed so completely or been made to seem so poignantly real." —*The New York Times* Sweeping across centuries,

"Sexy and fascinating and scary . . . I loved loved loved it!" —P. C. Cast, New York Times bestselling author on *Fallen* The brilliant creator of NPR's Planet Money podcast and award-winning New Yorker staff writer explains our current economy: laying out its internal logic and revealing the transformative hope it offers for millions of people to thrive as they never have before. Contrary to what you may have heard, the middle class is not dying and robots are not stealing our jobs. In fact, writes Adam Davidson—one of our leading public voices on economic issues—the twenty-first-century economic paradigm offers new ways of making money, fresh paths toward professional fulfillment, and unprecedented opportunities for curious, ambitious individuals to combine the things they love with their careers. Drawing on the stories of average people doing exactly this—an accountant overturning his industry, a sweatshop owner's daughter fighting for better working conditions, an Amish craftsman meeting the technological needs of Amish farmers—as well as the latest academic research, Davidson shows us how the twentieth-century

economy of scale has given way in this century to an economy of passion. He makes clear, too, that though the adjustment has brought measures of dislocation, confusion, and even panic, these are most often the result of a lack of understanding. The Passion Economy delineates the ground rules of the new economy, and armed with these, we begin to see how we can succeed in it according to its own terms—intimacy, insight, attention, automation, and, of course, passion. An indispensable road map and a refreshingly optimistic take on our economic future. From Limbe, the seaside city, to Kolofata in the north of Cameroon, *Of Passion and Ink* moves from stories of star-crossed lovers, mental health, dark fantasy, displacement, speculative futures to radicalization. These stories subvert what is believed to be the Cameroonian short story and offer exciting new directions. Selected from the Bakwa Magazine Short Story Prize, as well as commissioned, these stories herald new voices in Cameroonian fiction, by young writers who write in English and French. Stories by: Dipita Kwa, Bengono Essola Edouard, Monique Kwachou, Dzekashu MacViban, Howard M-B Maximus, Nkiacha Atemnkeng, A. Bouna Guazong, Rita Bakop, Momo Bertrand and Wise Nzikie Ngasa. The coauthors of the bestselling *Peak Performance* dive into the fascinating science behind passion, showing how it can lead to a rich and meaningful life while also illuminating the ways in which it is a double-edged sword. Here's how to cultivate a passion that will take you to great heights—while minimizing the risk of an equally great fall. Common advice is to find and follow your passion. A life of passion is a good life, or so we are told. But it's not that simple. Rarely is passion something that you just stumble upon, and the same drive that fuels breakthroughs—whether they're athletic, scientific, entrepreneurial, or artistic—can be every bit as destructive as it is productive. Yes, passion can be a wonderful gift, but only if you know how to channel it. If you're not careful, passion can become an awful curse, leading to endless seeking,

suffering, and burnout. Brad Stulberg and Steve Magness once again team up, this time to demystify passion, showing readers how they can find and cultivate their passion, sustainably harness its power, and avoid its dangers. They ultimately argue that passion and balance--that other virtue touted by our culture--are incompatible, and that to find your passion, you must lose balance. And that's not always a bad thing. They show readers how to develop the right kind of passion, the kind that lets you achieve great things without ruining your life. Swift, compact, and powerful, this thought-provoking book combines captivating stories of extraordinarily passionate individuals with the latest science on the biological and psychological factors that give rise to—and every bit as important, sustain—passion. The bestselling author of *Collapse and Guns, Germs and Steel* surveys the history of human societies to answer the question: What can we learn from traditional societies that can make the world a better place for all of us? “As he did in his Pulitzer Prize-winning *Guns, Germs, and Steel*, Jared Diamond continues to make us think with his mesmerizing and absorbing new book.” Bookpage Most of us take for granted the features of our modern society, from air travel and telecommunications to literacy and obesity. Yet for nearly all of its six million years of existence, human society had none of these things. While the gulf that divides us from our primitive ancestors may seem unbridgeably wide, we can glimpse much of our former lifestyle in those largely traditional societies still or recently in existence. Societies like those of the New Guinea Highlanders remind us that it was only yesterday—in evolutionary time—when everything changed and that we moderns still possess bodies and social practices often better adapted to traditional than to modern conditions. *The World Until Yesterday* provides a mesmerizing firsthand picture of the human past as it had been for millions of years—a past that has mostly vanished—and considers what the differences between that past and our present mean for our lives today. This is Jared Diamond’s

most personal book to date, as he draws extensively from his decades of field work in the Pacific islands, as well as evidence from Inuit, Amazonian Indians, Kalahari San people, and others. Diamond doesn't romanticize traditional societies—after all, we are shocked by some of their practices—but he finds that their solutions to universal human problems such as child rearing, elder care, dispute resolution, risk, and physical fitness have much to teach us. Provocative, enlightening, and entertaining, *The World Until Yesterday* is an essential and fascinating read.

Archbishop Alban Goodier, S.J. fills in the many blanks in the historical narratives about the Passion of Jesus Christ with a riveting account based on history, culture and his own deep spiritual insights. He brings to life and unifies the many observations, emotions and subtle and not-so-subtle actions that revolve around the person of God the Son as he faces his most tragic and triumphant moment. The author's unique approach intersperses Scripture accounts with the commentary of an incisive narrator who sifts and judges from the span of hundreds of years. He draws from the obvious as well as the obscure, and finds supernatural meaning in the most mundane actions that surround the suffering Christ. In the hands of this writer, the Lord's few words, accompanied by the author's commentary, challenge contemporary believers as much as they did those who first followed in the footsteps of Christ and his apostles. The author was born in 1869 in Lancashire, northern England and educated at the prominent Catholic college, Stonyhurst, which has been the source of many English Catholic politicians, intellectuals and business people. After a degree from the University of London, he was ordained a Jesuit in 1903. He served as archbishop of Bombay from 1919 to 1926 and returned to England to write and serve as a chaplain until his death in 1939. Jesus' final days were full of risk. Every move he made was filled with anticipation, danger, and the potential for great loss or great reward. Jesus risked his reputation when he entered Jerusalem in

a victory parade. He risked his life when he dared to teach in the Temple. His followers risked everything when they left behind their homes, or anointed him with costly perfume. We take risks as we read and re-read these stories, finding new meanings and new challenges. In *Entering the Passion of Jesus: A Beginner's Guide to Holy Week*, author, professor, and biblical scholar Amy-Jill Levine explores the biblical texts surrounding the Passion story. She shows us how the text raises ethical and spiritual questions for the reader, and how we all face risk in our Christian experience. *Entering the Passion of Jesus* provides a rich and challenging learning experience for small groups and individual readers alike. The book is part of a larger six-week study that is perfect for Lent and includes a DVD, and a comprehensive Leader Guide. The book's six chapters include: Jerusalem: Risking Reputation The Temple: Risking Righteous Anger Teachings: Risking Challenge The First Dinner: Risking Rejection The Last Supper: Risking the Loss of Friends Gethsemane: Risking Temptation The second of three volumes by Alan Wald that track the political and personal lives of several generations of U.S. left-wing writers, *Trinity of Passion* carries forward the chronicle launched in *Exiles from a Future Time: The Forging of the Mid-Twentieth-Century Literary Left*. In this volume Wald delves into literary, emotional, and ideological trajectories of radical cultural workers in the era when the International Brigades fought in the Spanish Civil War (1936-39) and the United States battled in World War II (1941-45). Probing in rich and haunting detail the controversial impact of the Popular Front on literary culture, he explores the ethical and aesthetic challenges that pro-Communist writers faced. Wald presents a cross section of literary talent, from the famous to the forgotten, the major to the minor. The writers examined include Len Zinberg (a.k.a. Ed Lacy), John Oliver Killens, Irwin Shaw, Albert Maltz, Ann Petry, Chester Himes, Henry Roth, Lauren Gilfillan, Ruth McKenney, Morris U. Schappes, and Jo Sinclair. He also uncovers dramatic new

information about Arthur Miller's complex commitment to the Left. Confronting heartfelt questions about Jewish masculinity, racism at the core of liberal democracy, the corrosion of utopian dreams, and the thorny interaction between antifascism and Communism, Wald re-creates the intellectual and cultural landscape of a remarkable era. These imaginary reenactments follow the story of the death and resurrection of Jesus from the time the chief priests plotted to kill Him to His glorious resurrection from the dead, allowing readers to re-experience the Passion--or perhaps see it fully for the first time. By reading key Carter texts alongside their Decadent intertexts, Tonkin interrogates the claim that Carter was in thrall to a fetishistic aesthetic antithetical to her feminism. Through historical contextualization of the woman-as-doll, muse and femme fatale, Tonkin tests Carter's own description of her fiction as a form of literary criticism. The story of a clinic for eating disorders in Massachusetts, featuring Alice Forrester, a 23-year-old anorexic. In the course of her treatment Alice encounters an array of oddballs and misfits, and forms a friendship with a woman who cannot stop eating. At the outset of the eighteenth century, many British Americans accepted the notion that virtuous sociable feelings occurred primarily among the genteel, while sinful and selfish passions remained the reflexive emotions of the masses, from lower-class whites to Indians to enslaved Africans. Yet by 1776 radicals would propose a new universal model of human nature that attributed the same feelings and passions to all humankind and made common emotions the basis of natural rights. In *Passion Is the Gale*, Nicole Eustace describes the promise and the problems of this crucial social and political transition by charting changes in emotional expression among countless ordinary men and women of British America. From Pennsylvania newspapers, pamphlets, sermons, correspondence, commonplace books, and literary texts, Eustace identifies the explicit vocabulary of emotion as a medium of human exchange.

Alternating between explorations of particular emotions in daily social interactions and assessments of emotional rhetoric's functions in specific moments of historical crisis (from the Seven Years War to the rise of the patriot movement), she makes a convincing case for the pivotal role of emotion in reshaping power relations and reordering society in the critical decades leading up to the Revolution. As Eustace demonstrates, passion was the gale that impelled Anglo-Americans forward to declare their independence--collectively at first, and then, finally, as individuals. Based on extensive new research and a bold interpretation of the man and his texts, *The Passion of Michel Foucault* is a startling look at one of this century's most influential philosophers. It chronicles every stage of Foucault's personal and professional odyssey, from his early interest in dreams to his final preoccupation with sexuality and the nature of personal identity. How modernist women writers used biographical writing to resist their exclusion from literary history

It's impossible, now, to think of modernism without thinking about gender, sexuality, and the diverse movers and shakers of the early twentieth century. But this was not always so. *The Passion Projects* examines biographical projects that modernist women writers undertook to resist the exclusion of their friends, colleagues, lovers, and companions from literary history. Many of these works were vibrant efforts of modernist countermemory and counterhistory that became casualties in a midcentury battle for literary legitimacy, but that now add a new dimension to our appreciation of such figures as Radclyffe Hall, Gertrude Stein, Hope Mirrlees, and Sylvia Beach, among many others. Melanie Micir explores an extensive body of material, including Sylvia Townsend Warner's carefully annotated letters to her partner Valentine Ackland, Djuna Barnes's fragmented drafts about the Baroness Elsa von Freytag-Loringhoven, Margaret Anderson's collection of modernist artifacts, and Virginia Woolf's joke biography of her friend and lover Vita Sackville-West, the novel

Orlando. Whether published in encoded desire or squirreled away in intimate archives, these “passion projects” recorded life then in order to summon an audience now, and stand as important predecessors of queer and feminist recovery projects that have shaped the contemporary understanding of the field. Arguing for the importance of biography, *The Passion Projects* shows how women turned to this genre in the early twentieth century to preserve their lives and communities for future generations to discover.
