

An Introduction to Sociology

Chapter 5 assessments

Theories of Self Development

Section Quiz

Exercise 1

Socialization, as a sociological term, describes:

- how people interact during social situations
- how people learn societal norms, beliefs, and values
- a person's internal mental state when in a group setting
- the difference between introverts and extroverts

Exercise 2

The Harlows' study on rhesus monkeys showed that:

- rhesus monkeys raised by other primate species are poorly socialized
- monkeys can be adequately socialized by imitating humans
- food is more important than social comfort
- social comfort is more important than food

Exercise 3

What occurs in Lawrence Kohlberg's conventional level?

- Children develop the ability to have abstract thoughts.
- Morality is developed by pain and pleasure.
- Children begin to consider what society considers moral and immoral.
- Parental beliefs have no influence on children's morality.

Exercise 4

What did Carol Gilligan believe earlier researchers into morality had overlooked?

- The justice perspective
- Sympathetic reactions to moral situations
- The perspective of females
- How social environment affects how morality develops

Exercise 5

What is one way to distinguish between psychology and sociology?

- Psychology focuses on the mind, while sociology focuses on society.
- Psychologists are interested in mental health, while sociologists are interested in societal functions.

Sociology Chapter 5 Test

Steven E. Barkan

Sociology Chapter 5 Test

The Cosmopolitan Canopy: Race and Civility in Everyday Life Elijah Anderson, 2012-03-12 A Yale sociology professor discusses how everyday people meet the demands of urban living through islands of civility he calls cosmopolitan canopies and describes how activities carried out under this canopy can ease racial tensions and promote harmony

SOCIOLOGY MATTERS Richard T. Schaefer, 2018-02-14 *Sociology* Steven E. Barkan, **Introduction to Sociology** 2e Nathan J. Keirns, Heather Griffiths, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Sally Vyain, Tommy Sadler, Jeff D. Bry, Faye Jones, 2015-03-17 This text is intended for a one semester introductory course Page 1 **Sociology and You, Chapter Tests and Lesson Quizzes** Mcgraw-Hill, Mcgraw-Hill Education, 2012-11 Printed booklet of Chapter Tests and Lesson Quizzes include all the editable tests available in McGraw Hill eAssessment online Use the printed format to preview online test questions or print for paper and pencil tests Chapter tests include traditional and document based question tests

Streetwise Elijah Anderson, 2013-08-09 In a powerful revealing portrait of city life Anderson explores the dilemma of both blacks and whites the underclass and the middle class caught up in the new struggle not only for common ground prime real estate in a racially changing neighborhood but for shared moral community Blacks and whites from a variety of backgrounds speak candidly about their lives their differences and their battle for viable communities The sharpness of his observations and the simple clarity of his prose recommend his book far beyond an academic audience Vivid unflinching finely observed Streetwise is a powerful and intensely frightening picture of the inner city Tamar Jacoby New York Times Book Review The book is without peer in the urban sociology literature A first rate piece of social science and a very good read Glenn C Loury Washington Times **Suicide, a Study in Sociology** Émile Durkheim, 1951 Translated from French this classic provides readers with an understanding of the impetus for suicide and its psychological impact on the victim family and society

Sociology John J. Macionis, 2011-11-21 This is the eBook of the printed book and may not include any media website access codes or print supplements that may come packaged with the bound book Seeing Sociology in your Everyday Life Macionis empowers students to understand the world around them through a sociological lens so they can better understand sociology and their own lives Sociology 14th edition is written to help students find and use sociology in everyday life With a complete theoretical framework and a global perspective Sociology offers students an accessible and relevant introduction to sociology The new edition continues to grow to meet readers changing needs With a newly integrated pedagogical framework readers are guided through both the text and optional new MySocLab to build their critical thinking skills while learning the fundamentals of sociology Teaching Learning Experience The teaching and learning experience with this program helps to Personalize Learning The new MySocLab delivers proven results in helping students succeed provides engaging experiences that personalize learning and comes from a trusted partner with educational expertise and a deep

Who Rules America Now? G. William Domhoff, 1986 The author is convinced that there is a ruling class in America today He examines the American power structure as it has developed in the 1980s He presents systematic empirical evidence that a fixed group of privileged people dominates the American economy and government The book demonstrates that an upper class comprising only one half of one percent of the population occupies key positions within the corporate community It shows how leaders within this power elite reach government and dominate it through processes of special interest lobbying policy planning and candidate selection It is written not to promote any political ideology but to analyze our society with accuracy

CLEP Introductory Sociology, *Unveiling Inequality* Roberto Patricio Korzeniewicz, Timothy Patrick Moran, 2009-11-25 Despite the vast expansion of global markets during the last half of the twentieth century social science still most often examines and measures inequality and social mobility within individual nations rather than across national boundaries Every country has both rich and poor populations making demands via institutions political processes or even conflict on how their resources will be distributed But shifts in inequality in one country can precipitate accompanying shifts in another Unveiling Inequality authors Roberto Patricio Korzeniewicz and Timothy Patrick Moran make the case that within country analyses alone have not adequately illuminated our understanding of global stratification The authors present a comprehensive new framework that moves beyond national boundaries to analyze economic inequality and social mobility on a global scale and from a historical perspective Assembling data on patterns of inequality in more than ninety six countries Unveiling Inequality reframes the relationship between globalization and inequality within and between nations Korzeniewicz and Moran first examine two different historical patterns High Inequality Equilibrium and Low Inequality Equilibrium and question whether increasing equality democracy and economic growth are inextricably linked as nations modernize Inequality is best understood as a complex set of relational interactions that unfold globally over time So the same institutional mechanisms that have historically reduced inequality within some nations have also often accentuated the selective exclusion of populations from poorer countries and enhanced high inequality equilibrium between nations National

identity and citizenship are the fundamental contemporary bases of stratification and inequality in the world the authors conclude Drawing on these insights the book recasts patterns of mobility within global stratification The authors detail the three principal paths available for social mobility from a global perspective within country mobility mobility through national economic growth and mobility through migration Korzeniewicz and Moran provide strong evidence that the nation where we are born is the single greatest determining factor of how we will live Too much sociological literature on inequality focuses on the plight of have nots in wealthy nations who have more opportunity for social mobility than even the average individual in nations perennially at the bottom of the wealth distribution scale Unveiling Inequality represents a major paradigm shift in thinking about social inequality and a clarion call to reorient discussions of economic justice in world historical global terms

The Study of Sociology Herbert Spencer, 1874 Sociology For Dummies Jay Gabler, 2010-03-05 The first authoritative yet accessible guide to this broad and popular topic Sociology is the study of human and societal interaction and because society is constantly changing sociology will always remain a crucial and relevant subject Sociology For Dummies helps you understand this complex field serving as the ideal study guide both when you're deciding to take a class as well as when you are already participating in a course Provides a general overview of what sociology is as well as an in depth look at some of the major concepts and theories Offers examples of how sociology can be applied and its importance to everyday life Avoiding jargon Sociology For Dummies will get you up to speed on this widely studied topic in no time Practice Tests to Accompany Sociology Alex Thio, 1998 **A Sociology: The Dynamics of Collectivities** Kris Merschrod, 2008 A Sociology is a combination of sociological theory and examples of its application to social development and change projects from around the world based on the author's experiences over the last thirty years The theory of social structure is based on four dimensions and corresponding theorems on the dynamics between those dimensions The four dimensions are intuitively grasped Division of Labor Solidarity Pluralism and Linkage and can be applied to all levels of collectivities from groups to organizations to communities states regions countries and sectors of societies The book is written for the medium to advanced theory course and for development practitioners with a few years experience **The Real World** Kerry Ferris, Jill Stein, 2018 In every chapter Ferris and Stein use examples from everyday life and pop culture to draw students into thinking sociologically and to show the relevance of sociology to their relationships jobs and future goals Data Workshops in every chapter give students a chance to apply theoretical concepts to their personal lives and actually do sociology **Intro to Sociology 4th**, 2009 **In the Age of the Smart Machine** Shoshana Zuboff, 1988 A Harvard social scientist documents the pitfalls and promise of computerized technology in business life warning that advanced information technologies present us with a fateful choice to continue automation at the risk of robbing workers of gratification and self image or to informate and empower ordinary working people to make critical and collaborative judgments **The Real World (Fourth Edition)** Kerry Ferris, Jill Stein, 2014-02-01 The most relevant textbook for today's students The Real World succeeds in classrooms

because it focuses on the perspective that students care about most their own In every chapter the authors use activities examples from everyday life and popular culture to draw students into thinking sociologically and to show the relevance of sociology to our relationships our jobs and our future goals **Tearoom Trade** Laud Humphreys,2017-07-12 From the time of its first publication Tearoom Trade engendered controversy It was also accorded an unusual amount of praise for a first book on a marginal intentionally self effacing population by a previously unknown sociologist The book was quickly recognized as an important imaginative and useful contribution to our understanding of deviant sexual activity Describing impersonal anonymous sexual encounters in public restrooms tearooms in the argot the book explored the behavior of men whose closet homosexuality was kept from their families and neighbors By posing as an initiate the author was able to engage in systematic observation of homosexual acts in public settings and later to develop a more complete picture of those involved by interviewing them in their homes again without revealing their unwitting participation in his study This enlarged edition of Tearoom Trade includes the original text together with a retrospect written by Nicholas von Hoffman Irving Louis Horowitz Lee Rainwater Donald P Warwick and Myron Glazer The material added includes a perspective on the social scientist at work and the ethical problems to which that work may give rise along with debate by the book s initial critics and proponents Humphreys added a postscript and his views on the opinion expressed in the retrospect
