Reiki Manual for First Degree (Shoden): Reiki Healing for Beginners, in the Japanese Style T. W. King, 2005-10 This is something different Rather than being a book about Reiki for the general public to read this is a copy of the actual training manual given to First Degree students of Reiki Evolution the well known UK Reiki training organisation The manual is different for several reasons Firstly it is easy to read down to earth and really comprehensive a complete and clear guide to the practice of Reiki at First Degree ideal for people finding out about Reiki for the first time and ideal for practitioners and Master alike The manual is all about Reiki and Reiki alone rather than about various New Age practices that have crept into Reiki over the years like crystals and Angels and spirit guides And rather than presenting the Western style of Reiki that is covered in most Reiki books on the market usually described as traditional Usui Reiki this manual focuses on the form of Reiki that was taught by Reiki's founder Mikao Usui in the 1920s in Japan and is based on information coming from a group of elderly students of Reiki's founder In its original form Reiki was not so much a treatment method as a simple self healing and self spiritual development method which could potentially be used on other people So in this manual you will learn authentic energy practices that you can use on yourself each day to further your self healing and your spiritual development you will focus on the Reiki precepts in their original form not the altered Western version and you will learn about the role of mindfulness in the original system The manual presents a wealth of background information about Reiki including an up to date history of Reiki and you will also learn a simple and non dogmatic approach to working on yourself and treating others Many people attending Reiki courses do not receive any sort of a course manual or perhaps just a few sheets of paper and the Reiki Evolution Shoden manual will be of great help to those who have already learned Reiki but who want to have more of a solid introduction to the subject or who want to learn more about the system that Reiki's founder was teaching rather than the Western version taught on most Reiki courses It also provides a comprehensive introduction to Reiki for those who are interested in finding out about Reiki for the first time

Healing Your Lost Inner Child Robert Jackman, 2020-08-06 Most people don't realize how much unresolved emotional pain they carry around. They don't know why they always feel depressed, anxious, victimized, or disappointed. They wonder why they keep making the same self-sabotaging, impulsive decisions. These patterns often stem from their lost inner child, which carries a false narrative that has been on repeat since childhood. The hurt emotions resulting from childhood experiences of abuse, neglect, or trauma show up in adulthood as explosive anger, isolation, bad relationship choices, negative self-talk, feelings of being overwhelmed, being a people pleaser, and keeping others at arm's length. In *Healing Your Lost Inner Child*, psychotherapist and Reiki master Robert Jackman takes you on a personal journey to explore unresolved wounds from your early life using the HEAL process for healing and embracing an authentic life. Through stories and exercises, this easy-to-read book will encourage you to learn how to stop giving in to your wounded inner child's emotional pain frozen inside a snow globe within you. Each chapter gently takes you closer to this original wounding so you can acknowledge and finally heal your pain. Move from being an impulsive reactor to an authentic conscious creator in your life. The *Healing Your Lost Inner Child Companion Workbook* is also available to help you develop a deeper understanding of your relationships, codependency patterns, and triggers, and create a self-nurturing plan.
