Scars, Marks & Tattoos Jan 19 2022 I have physical scars from past surgeries, however, I have emotional scars as well. They were buried deep inside (hidden). It wasn't until my mother died was I able to "catch my breath" and to make sense of or process the emotional pain I had endured due to her prescription drug addiction, resulting in my own addictions.

Water Supply and Sewage Disposal Jun 11 2021

Theatre Histories Jul 13 2021 Providing a clear journey through centuries of European, North and South American, African and Asian forms of theatre and performance, this introduction helps the reader think critically about this exciting field through fascinating yet plain-speaking essays and case studies.

Ancient Jewish Art and Archaeology in the Diaspora Nov 16 2021 Jewish Diaspora in Hellenistic, Roman and Byzantine periods from first to the eighth centuries C.E. is the subject of this work. The author thoroughly investigates origin, symbolism and significance of the mainly synagogal and funerary art forms in the Diaspora. *Ancient Jewish Art and Archaeology in the Diaspora* is the companion volume to the successful *Ancient Jewish Art and Archaeology in the Land of Israel* (1988) by the same author. The geographical area covered includes Syria, Asia Minor, North Africa and Mediterranean Europe. The first section examines the characteristic features of Diaspora Art synagogue architecture and art (including the Torah shrine and mosaic pavements). Another section deals with burial and funerary practices. Of special importance are the sections on the Biblical scenes, designs and iconography of the Dura Europos synagogue, and the Jewish symbols such as the Menorah, ritual objects, the Ark, the conch and the Torah Scrolls. The book is richly illustrated with more than 325 drawings and photographs, some in colour.

Understanding Business Statistics May 03 2023 This text is an unbound, binder-ready edition. Written in a conversational tone, Freed, *Understanding Business Statistics* presents topics in a systematic and organized manner to help students navigate the material. Demonstration problems appear alongside the concepts, making the content easier to understand. By explaining the reasoning behind each exercise, students are more inclined to engage with the material and gain a clear understanding of how to apply statistics to the business world. Freed, *Understanding Business Statistics* is accompanied by WileyPLUS, a research-based, online environment for effective teaching and learning. This online learning system gives students instant feedback on homework assignments, provides video tutorials and variety of study tools, and offers instructors thousands of reliable, accurate problems (including every problem from the book) to deliver automatically graded assignments or tests. Available in or outside of the Blackboard Learn Environment, WileyPLUS resources help reach all types of learners and give instructors the tools they need to enhance course material. WileyPLUS sold separately from text.

An Anglo-Norman Reader Jun 16 2024 This book is an anthology with a difference. It presents a distinctive variety of Anglo-Norman works, beginning in the twelfth century and ending in the nineteenth, covering a broad range of genres and writers, introduced in a lively and thought-provoking way. Facing-page translations, into accessible and engaging modern English, are provided throughout, bringing these texts to life for a contemporary audience. The collection offers a selection of fascinating passages, and whole texts, many of which are not anthologised or translated anywhere else. It explores little-known byways of Arthurian legend and stories of real-life crime and punishment; women's voices tell history, write letters, berate pagans; advice is offered on how to win friends and influence people, how to cure people's ailments and how to keep clear of the law; and stories from the Bible are retold with commentary, together with guidance on prayer and confession. Each text is introduced and elucidated with notes and full references, and the material is divided into three main sections: Story (a variety of narrative forms), Miscellany (including letters, law and medicine, and other non-fiction), and Religious (saints' lives, sermons, Bible commentary, and prayers). Passages in one genre have been chosen so as to reflect themes or stories that appear in another, so that the book can be enjoyed as a collection or used as a resource to dip into for selected texts. This anthology is essential reading for students and scholars of Anglo-Norman and medieval literature and culture. Wide-ranging and fully referenced, it can be used as a springboard for further study or relished in its own right by readers interested to discover Anglo-Norman literature that was written to amuse, instruct, entertain, or admonish medieval audiences.

Muslims of Medieval Latin Christendom, c.1050-1614 May 15 2024 An innovative study which explores how the presence of Muslim communities transformed Europe and stimulated Christian society to define itself.

Medieval Spain Oct 16 2021 This volume of essays contains contributions from a very wide range of British, American and Spanish scholars. Its primary concern is the relationships between the various ethnic, cultural, regional and religious communities that co-existed in the Iberian peninsula in the later Middle Ages. Conflicts and mutual interactions between them are here explored in a range of both historical and literary studies, to expose something of the rich diversity of the cultural life of later medieval Spain.

Albion's Seed Apr 09 2021 This fascinating book is the first volume in a projected cultural history of the United States, from the earliest English settlements to our own time. It is a history of American folkways as they have changed through time, and it argues a thesis about the importance for the United States of having been British in its cultural origins. While most people in the United States today have no British ancestors, they have assimilated regional cultures which were created by British colonists, even while preserving ethnic identities at the same time. In this sense, nearly all Americans are "Albion's Seed," no matter what their ethnicity may be. The concluding section of this remarkable book explores the ways that regional cultures have continued to dominate national politics from 1789 to 1988, and still help to shape attitudes toward education, government, gender, and violence, on which differences between American regions are greater than between European nations.

Governmental Intervention in Foreign Trade in Archaic and Classical Greece Aug 06 2023 Trade was a necessity in the ancient Greek world, yet the prevalent scholarly view is that Greek states intervened in foreign trade only rarely and sporadically. This book studies four necessary commodities, gold, silver, ship-building timber and grain, from production through export to import. Through the re-evaluation of known evidence and the presentation of new avenues of research, the book shows that Greek and non-Greek governments in the archaic and classical periods intervened and involved themselves greatly in foreign trade. The book offers the student of the Greek economy a fresh perspective on state intervention in trade and the ways in which intervention worked in the Greek world.

Tablets from the Iri-Sa'rig Archive Feb 17 2022 While each of the previously known archives from the Third Dynasty of Ur has provided distinct views of Sumerian society, those from Iri-Sa'rig present an extraordinary range of new sources, depicting a cosmopolitan Sumerian/Akkadian city unlike any other from this period. In this publication, Marcel Sigrist and Tohru Ozaki present more than two thousand newly identified tablets, mostly from Iri-Sa'rig. This unique and extensive corpus elucidates the importance that Iri-Sa'rig represented politically, militarily, and culturally in Sumer. Although these tablets were not able to be cleaned, baked, or photographed, the authors' transliterations are based on the original tablets, often after repeated collations. Moreover, access to so many well-preserved tablets made it possible to improve upon the readings and interpretations offered in previous publications. Volume 1 contains a catalog and classification of the texts by provenance, a list of month names and year formulas, another of inscriptions, a chronological listing of the texts, and extensive indexes of personal names, deities, toponyms, and selected words and phrases. Volume 2 presents the texts in transliteration with substantial commentary. This two-volume publication preserves and makes available to the scholarly community a significant segment of Iraq's cultural legacy that otherwise might have been ignored or even lost. It will augment and enhance our understanding of the unique civilization of Mesopotamia in the late third millennium BCE.

1491 (Second Edition) Jun 23 2022 NATIONAL BESTSELLER • A groundbreaking work of science, history, and archaeology that radically alters our understanding of the Americas before the arrival of Columbus in 1492—from "a remarkably engaging writer" (The New York Times Book Review). Contrary to what so many Americans learn in school, the pre-Columbian Indians were not sparsely settled in a pristine wilderness; rather, there were huge numbers of Indians who actively molded and influenced the land around them. The astonishing Aztec capital of Tenochtitlan had running water and immaculately clean streets, and was larger than any contemporary European city. Mexican cultures created corn in a specialized breeding process that it has been called man's first feat of genetic engineering. Indeed, Indians were not living lightly on the land but were landscaping and manipulating their world in ways that we are only now beginning to understand. Challenging and surprising, this a transformative new look at a rich and fascinating world we only thought we knew.

The Library of Alexandria Nov 09 2023 The Library of Alexandria was one of the greatest cultural adornments of the late ancient world, containing thousands of scrolls of Greek, Hebrew and Mesopotamian literature and art and artefacts of ancient Egypt. This book demonstrates that Alexandria became - through the contemporary reputation of its library - a point of confluence for Greek, Roman, Jewish and Syrian culture that drew scholars and statesmen from throughout the ancient world. It also explores the histories of Alexander the Great and of Alexandria itself, the greatest city of the ancient world. This new paperback edition offers general readers an accessible introduction to the history of this magnificent yet still mysterious institution from the time of its foundation up to its tragic destruction.

The History of al-ʿAbār? Vol. 28 Apr 02 2023 The initial years (126-145) of al-Manʿūr's reign presented several significant challenges to nascent ʿAbbāsīd hegemony, and the resulting confrontations constitute the central focus of this section of ʿAbār?'s Tarikh. After Abu Jafar succeeded his brother Ab? Alʿabb?s as caliph, the second of the ʿAbb?sīd dynasty, he moved against his recalcitrant uncle, ʿAbd All?h ibn ʿAl?, and against the potential threat that he perceived in the person of the commander in Khurasan, Abu Muslim. Eliminating the latter and containing the former freed the caliph to address a series of other onslaughts and insurrections. Starting with the year 144, however, ʿAbār? turned to this volume's principal preoccupation, to which half of the book is devoted. Judging by the attention given to it, he clearly perceived the Hasanid rebellions of Muhammad b. Abdallah (the Pure Soul) and of his brother Ibrahim to be the most substantial attack on Abbasid authority to arise in the first years of that dynasty. ʿAbār?'s description of the prolonged search for Muhammad and Ibrahim and of the caliphal vengeance visited upon their father and family provides an extended prelude to the vivid battle and death scenes in Medina and Bakhmra. Yet, elaboration of these events does not eclipse mention of all other Abbasid activity. To bridge the account of Muhammad's defeat and that of Ibrahim's uprising, ʿAbār? inserted a narrative interlude depicting the site selection and preliminary construction of al-Manʿūr's most celebrated achievement, the City of Peace, Baghdad.

The Pomegranate Feb 12 2024 The pomegranate, *Punica granatum* L., is one of the oldest known edible fruits and is associated with the ancient civilizations of the Middle East. This is the first comprehensive book covering the botany, production, processing, health and industrial uses of the pomegranate. The cultivation of this fruit for fresh consumption, juice production and medicinal purposes has expanded more than tenfold over the past 20 years. Presenting a review of pomegranate growing, from a scientific and horticultural perspective, this book provides information on how to increase yields and improve short- and medium-term grower profitability and sustainability.

Grumpy Mom Takes a Holiday Mar 13 2024 Woerner has experienced Grumpy Mom more often than she'd care to admit. She shares what she's learned so far about sending Grumpy Mom packing and embracing a joyful, intentional motherhood that is so much better.

Anti-Jewish Riots in the Crown of Aragon and the Royal Response, 1391-1392 Apr 14 2024 Gampel investigates the anti-Jewish riots in 1391-2 in the lands of Castile and Aragon.

Greece in the Twentieth Century Mar 01 2023 This collective study examines the transformation (metamorphosis) that Greece has experienced over the course of the 20th century by exploring its gradual evolution into a consolidated democracy, an advanced economy in the Eurozone and a balanced partner in the EU and NATO promoting a stabilizing role in southeastern Europe. The book examines the variables contributing to the profiling of contemporary Greece, emphasizing the conceptual inertia bedeviling the studies of Greece in recent years by focusing on the

elements that indicated the slow pace in the country's modernization. In conclusion, there is a need for Greece's constant commitment to functional adjustments regarding the country's economic, political and strategic priorities in order to promote effectively the role of regional stabilizer acting in concert with NATO and EU partners.

Frontiers of Biogeography Sep 14 2021 Developed & published in association with the International Biogeography Society, this book concentrates on advances in historical biogeography, island biogeography & marine biogeography during the past quarter of a century.

Severe Asthma Sep 07 2023 Severe asthma is a form of asthma that responds poorly to currently available medication, and its patients represent those with greatest unmet needs. In the last 10 years, substantial progress has been made in terms of understanding some of the mechanisms that drive severe asthma; there have also been concomitant advances in the recognition of specific molecular phenotypes. This ERS Monograph covers all aspects of severe asthma – epidemiology, diagnosis, mechanisms, treatment and management – but has a particular focus on recent understanding of mechanistic heterogeneity based on an analytic approach using various ‘omics platforms applied to clinically well-defined asthma cohorts. How these advances have led to improved management targets is also emphasised. This book brings together the clinical and scientific expertise of those from around the world who are collaborating to solve the problem of severe asthma.
