History of Russia and of Peter the Great Feb 16 2023

Russia: A History Apr 08 2022 The history of Russia is an epic of unending struggle. Here, from award-winning historian Ian Grey, is its dramatic story - from the establishment of the first ruling dynasty by a Viking prince to the invasions of Attila the Hun and Genghis Khan to the rise of the tsars, whose domination of their country stretched nearly four centuries until the violent overthrow of Nicholas II in 1918.

A Short History of Russia May 29 2021 A Library Journal 2020 Title to Watch "Terrific - and an amazing achievement to cover so much ground in such a short and wonderfully readable book." -Peter Frankopan, bestselling author of *The Silk Roads* Russia's epic story told in an accessible, lively and short form, using the country's fascinating history to help us understand its actions today and what the future might hold A country with no natural borders, no single ethnic group, no true central identity, Russia has mythologized its past to unite its people, to justify its military decisions, and to signal strength to outsiders. Mark Galeotti takes us behind the myths to the heart of the Russian story, covering key moments such as: the formation of a nation through its early legends, including Ivan the Terrible and Catherine the Great the rise and fall of the Romanovs, the Russian Revolution, the Cold War, Chernobyl and the Soviet Union the arrival of an obscure politician named Vladimir Putin and his ambitions for Russia A Short History of Russia explores the history of this fascinating, extraordinary, desperate and exasperating country through two intertwined issues: the way successive influences from beyond its borders have shaped Russia, and the way Russians came to terms with this influence, writing and rewriting their past to understand their present and try to shape their future. In turn, this self-invented history has come to affect not just their constant nation-building project but also their relations with the world.

Russia Jul 04 2024 Through the centuries, Russia has swung sharply between successful expansionism, catastrophic collapse, and spectacular recovery. This illuminating history traces these dramatic cycles of boom and bust from the late Neolithic age to Ivan the Terrible, and from the height of Communism to the truncated Russia of today. Philip Longworth explores the dynamics of Russia's past through time and space, from the nameless adventurers who first penetrated this vast, inhospitable terrain to a cast of dynamic characters that includes Ivan the Terrible, Catherine the Great, and Stalin. His narrative takes in the magnificent, historic cities of Kiev, Moscow, and St. Petersburg; it stretches to Alaska in the east, to the Black Sea and the Ottoman Empire to the south, to the Baltic in the west and to Archangel and the Arctic Ocean to the north. Who are the Russians and what is the source of their imperialistic culture? Why was Russia so driven to colonize and conquer? From Kievan Rus'---the first-ever Russian state, which collapsed with the invasion of the Mongols in the thirteenth century---to ruthless Muscovy, the Russian Empire of the eighteenth century and finally the Soviet period, this groundbreaking study analyses the growth and dissolution of each vast empire as it gives way to the next. Refreshing in its insight and drawing on a vast range of scholarship, this book also explicitly addresses the question of what the future holds for Russia and her neighbors, and asks whether her sphere of influence is growing.

A HISTORY OF MODERN RUSSIA Jan 06 2022 Russia had an extraordinary twentieth century, undergoing upheaval and transformation. Updating his acclaimed *History of Modern Russia*, Robert Service provides a panoramic perspective on a country whose Soviet past encompassed revolution, civil war, mass terror, and two world wars. He shows how seven decades of communist rule, which penetrated every aspect of Soviet life, continue to influence Russia today. This new edition takes the story from 2002 through the entire presidency of Vladimir Putin to the election of his successor, Dmitri Medvedev.

A Short History of Russia May 22 2023

A History of Russia Jan 30 2024 Bernard Pares, in his classic, *A History of Russia*, takes the reader a long way towards a knowledge and understanding that few single volume histories have been able to give. From the russia of pre-history down through the Tsars (the famous and infamous), through two World Wars, Stalin

and finally the dawn of modern times, Pares takes us on a voyage of discovery.

A Concise History of Russia Jul 24 2023 Accessible to students, tourists and general readers alike, this book provides a broad overview of Russian history since the ninth century. Paul Bushkovitch emphasizes the enormous changes in the understanding of Russian history resulting from the end of the Soviet Union in 1991. Since then, new material has come to light on the history of the Soviet era, providing new conceptions of Russia's pre-revolutionary past. The book traces not only the political history of Russia, but also developments in its literature, art and science. Bushkovitch describes well-known cultural figures, such as Chekhov, Tolstoy and Mendeleev, in their institutional and historical contexts. Though the 1917 revolution, the resulting Soviet system and the Cold War were a crucial part of Russian and world history, Bushkovitch presents earlier developments as more than just a prelude to Bolshevik power.

Russia in World History Mar 20 2023 Over the course of twelve centuries, Russia's peoples overcame the constant challenges posed by geography, climate, availability of natural resources, and devastating foreign invasions to become the world's second largest land empire and the largest in modern history. This energetic introduction to Russia's history follows the development of local tribes into a federation of principalities centered at Kiev, the shift of power to Moscow and the centralization of the state, and Russia's pursuit of imperial ambitions. It examines the circumstances that led to the foundation of the world's first communist society in 1917, and traces the global consequences of Russia's extensive confrontation with the United States. Russia's arduous and costly climb to great power gains a personal dimension through the stories of individual women and men-pivotal figures as well as common people-illuminating the human consequences of sweeping historical change. Peoples of many ethnicities became part of the Russian empire and suffered or benefitted from its leaders' efforts to meld a multiethnic polity into a coherent political entity. This book examines how Russia served as a conduit for people, ideas, and commodities - owing between east and west, north and south and how it came to play an increasingly important role on a global scale.

Modern Russian History May 10 2022

A History of Twentieth-century Russia Dec 05 2021 Russia has had an extraordinary history in the twentieth century. As the first Communist society, the USSR was both an admired model and an object of fear and hatred to the rest of the world. How are we to make sense of this history? A History of Twentieth-Century Russia treats the years from 1917 to 1991 as a single period and analyzes the peculiar mixture of political, economic, and social ingredients that made up the Soviet formula. Under a succession of leaders

from Lenin to Gorbachev, various methods were used to conserve and strengthen this compound. At times the emphasis was upon shaking up the ingredients, at others upon stabilization. All this occurred against a background of dictatorship, civil war, forcible industrialization, terror, world war, and the postwar arms race. Communist ideas and practices never fully pervaded the society of the USSR. Yet an impact was made and, as this book expertly documents, Russia since 1991 has encountered difficulties in completely eradicating the legacy of Communism. *A History of Twentieth-Century Russia* is the first work to use the mass of material that has become available in the documentary collections, memoirs, and archives over the past decade. It is an extraordinarily lucid, masterful account of the most complex and turbulent period in Russia's long history. *Russia* Oct 27 2023 Drawing on recently de-classified material, the contributors strip away the propaganda and preconceptions of the past to present an absorbing account of the rise and fall of a superpower from the 14th century to the 1990s.

The Story of Russia Sep 25 2023 “This is the essential backstory, the history book that you need if you want to understand modern Russia and its wars with Ukraine, with its neighbors, with America, and with the West.” —Anne Applebaum, author of *Twilight of Democracy* and *Red Famine* Named a Most Anticipated Book of the Year by Publishers Weekly and Kirkus Reviews From “the great storyteller of Russian history” (*Financial Times*), a brilliant account of the national mythologies and imperial ideologies that have shaped Russia’s past and politics—essential reading for understanding the country today *The Story of Russia* is a fresh approach to the thousand years of Russia’s history, concerned as much with the ideas that have shaped how Russians think about their past as it is with the events and personalities comprising it. No other country has reimagined its own story so often, in a perpetual effort to stay in step with the shifts of ruling ideologies. From the founding of Kievan Rus in the first millennium to Putin’s war against Ukraine, Orlando Figes explores the ideas that have guided Russia’s actions throughout its long and troubled existence. Whether he’s describing the crowning of Ivan the Terrible in a candlelit cathedral or the dramatic upheaval of the peasant revolution, he reveals the impulses, often unappreciated or misunderstood by foreigners, that have driven Russian history: the medieval myth of Mother Russia’s holy mission to the world; the imperial tendency toward autocratic rule; the popular belief in a paternal tsar dispensing truth and justice; the cult of sacrifice rooted in the idea of the “Russian soul”; and always, the nationalist myth of Russia’s unjust treatment by the West. How the Russians came to tell their story and to revise it so often as they went along is not only a vital aspect of their history; it is also our best means of understanding how the country thinks and acts today. Based on a lifetime of scholarship and enthrallingly written, *The Story of Russia* is quintessential Figes: sweeping, revelatory, and masterful.

Russia and the Russians: a History Nov 03 2021

A History of Russia and Its Empire Feb 29 2024 This clear and focused text provides an introduction to imperial Russian and Soviet history from the crowning of Mikhail Romanov in 1613 to Vladimir Putin’s new term. Through a consistent chronological narrative, Kees Boterbloem considers the political, military, economic, social, religious, and cultural developments and crucial turning points that led Russia from an exotic backwater to superpower stature in the twentieth century. The author assesses the tremendous price paid by those who made Russia and the Soviet Union into such a hegemonic power, both locally and globally. He considers the complex and varied interactions between Russians and non-Russians and investigates the reasons for the remarkable longevity of this last of the colonial powers, whose dependencies were not granted independence until 1991. He explores the ongoing legacies of this fraught decolonization process on the Russian Federation itself and on the other states that succeeded the Soviet Union. The only text designed and written specifically for a one-semester course on this four-hundred-year period, it will appeal to all readers interested in learning more about the history of the people who have inhabited one-sixth of the earth’s landmass for centuries.
