“Richly composed and sweetly appealing—just right for baby storytimes as well as one-to-one sharing.” —Kirkus Reviews (starred review) “Perfectly suitable as a read-aloud.” —School Library Journal Take a deep breath and dive into a day in the life of a baby whale, told with luminous illustrations and spare text, with a fresh twist on a timeless message. Swim! Play all day. Breathe. This simply told story follows a young whale on a journey of discovery as he experiences his first day at sea

on his own! He swims, explores, and makes friends in his marine habitat. After a day of independence, this little whale delights in returning home to his mother. Young readers will be drawn to Scott Magoon's reassuring story of adventure. "A quick read that history lovers will easily devour."—Teen Vogue "Get ready to be transported to Paris in Taylor's incredible debut novel."—Seventeen, Editor's Choice Code Name Verity meets Jennifer Donnelly's Revolution in this gripping debut novel. NOW: Sixteen-year-old Alice is spending the summer in Paris, but she isn't there for pastries and walks along the Seine. When her grandmother passed away two months ago, she left Alice an apartment in France that no one knew existed. An apartment that has been locked for more than seventy years. Alice is determined to find out why the apartment was abandoned and why her grandmother never once mentioned the family she left behind when she moved to America after World War II. With the help of Paul, a charming Parisian student, she sets out to uncover the truth. However, the more time she spends digging through the mysteries of the past, the more she realizes there are secrets in the present that her family is still refusing to talk about. THEN: Sixteen-year-old Adalyn doesn't recognize Paris anymore. Everywhere she looks, there are Nazis, and every day brings a new horror of life under the Occupation. When she meets Luc, the dashing and enigmatic leader of a resistance group, Adalyn feels she finally has a chance to fight back. But keeping up the appearance of being a much-admired socialite while working to undermine the Nazis is more complicated than she could have imagined. As the war goes on, Adalyn finds herself having to make more

and more compromises—to her safety, to her reputation, and to her relationships with the people she loves the most.

"Breathe, Annie, Breathe is an emotional, heartfelt, and beautiful story about finding yourself after loss and learning to love. It gave me so many feels. Her best book yet." —Jennifer L. Armentrout Annie is running from her past and from grief, but is she ready to move on? Annie hates running. No matter how far she jogs, she can't escape the guilt that if she hadn't broken up with Kyle, he might still be alive. So to honor his memory, she starts preparing for the marathon he intended to race. But the training is even more grueling than Annie could have imagined. Despite her coaching, she's at war with her body, her mind—and her heart. With every mile that athletic Jeremiah cheers her on, she grows more conflicted. She wants to run into his arms...and sprint in the opposite direction. For Annie, opening up to love again may be even more of a challenge than crossing the finish line. Discover the Christian roots of the values we prize in western society. Is Christianity history? Or is Christian history the deepest explanation of the modern world? Today in the west, many consider the church to be dead or dying. Christianity is seen as outdated, bigoted and responsible for many of society's problems. This leaves many believers embarrassed about their faith and many outsiders wary of religion. But what if the Christian message is not the enemy of our modern Western values, but the very thing that makes sense of them? In this fascinating book, Glen Scrivener takes readers on a journey to discover how the teachings of Jesus not only turned the ancient world upside down, but continue to underpin the way we think of life,

worth, and meaning. Far from being a relic from the past, the distinctive ideas of Christianity, such as freedom, kindness, progress and equality, are a crucial part of the air that we breathe. As author Glen Scrivener says in his introduction: "The extraordinary impact of Christianity is seen in the fact that we don't notice it". This is a book for both believers and sceptics-giving Christians confidence to be open about their faith and showing non-Christians the ways in which the message of Jesus makes sense of their most cherished beliefs. Whoever you are, you'll gain a deeper appreciation for the values you hold dear as you discover the power and profundity of Jesus and his revolution. New York Times bestselling author Christie Craig returns with her next heart-stopping romantic suspense about a woman on the run and the man trying to uncover her secrets. Police detective Juan Acosta doesn't only carry scars on the outside. He's filled with guilt and anger ever since his undercover job led to the murder of those he loved the most. Now he's living for one thing: revenge. That is, until Juan meets his beautiful new neighbor. Vicki Holloway prides herself on being capable and independent, but her life is turned upside down when her sister Sara is killed by an abusive ex. Fearing for the safety of her niece, Vicki and the little girl go into hiding...resurfacing in Texas with new identities. Juan finds his once-frozen heart thawing around Vicki, but he knows she's hiding something. Juan needs answers, but Vicki isn't talking. She has to keep her secrets if she wants to keep Bell safe, which means resisting her growing feelings for the sexy, scarred man next door. But when Juan's quest for justice brings danger to her door, divulging the truth might be the only thing that keeps

her alive. Includes the bonus novella "Hot Target" by April Hunt! The sequel to *Joey Pigza Swallowed the Key*, a National Book Award Finalist. When Joey Pigza meets his dad for the first time in years, he meets a grown-up version of his old out-of-control self. Carter Pigza is as wired as Joey used to be -- before his stint in special ed, and before he got his new meds. Joey's mom reluctantly agrees that he can stay with his dad for a summer visit, which sends Joey racing with sky-high hopes that he and Carter can finally get to know each other. But as the weeks whirl by, Carter has bigger plans in mind. He decides that just as he has pulled himself up by his own bootstraps, Joey can do the same and become as normal as any kid, without the help of a doctor's prescription. Carter believes Joey can do it and Joey wants to believe him more than anything in the world. Here is the continuation of the acclaimed *Joey Pigza* story, affirming not only that *Joey Pigza* is a true original but that it runs in the family. This title has Common Core connections. *Joey Pigza Loses Control* is a 2000 *New York Times* Book Review Notable Children's Book of the Year and a 2001 Newbery Honor Book. 'America's preeminent fiction writer' *New Yorker* A poetic and visually breathtaking look at what happens inside your body when you breathe What happens when you breathe? In this beautiful book, breath—the very air, stardust, the grand molecules of the universe—blossoms in the upside-down tree in your rising chest, animating and enlivening you. And when you breathe out, you send your song out into the world. Caroline Blackwood was born into the Guinness family in 1931, the daughter of the Fourth Marquess and Marchioness of Dufferin and Ava. Brought up on the ancestral estate in

Northern Ireland, Blackwood moved easily among the Anglo-Irish aristocracy, the Soho bohemians of postwar England, and the liberal intelligentsia of 1960s New York. She was on intimate terms with some of the most celebrated artists and writers of her time. An unpredictable beauty known for her wit and her courage, she has been called a muse to genius. But her marriages to three brilliant men: the painter Lucian Freud, the composer Israel Citkowitz, and the poet Robert Lowell were as troubled as they were inspiring. During her marriage to Lucian Freud, Caroline became part of an artistic and literary group that included Francis Bacon and Cyril Connolly who was infatuated with her but eventually Freud's gambling caused irrevocable problems between them. Caroline was also in the grips of her own unfolding tragedy: a fatal attraction to alcohol that would plague the rest of her life. Upon the breakup of her first marriage, she moved to America, where she met her second and third husbands. Once regarded as the obvious successor to Aaron Copland, Israel Citkowitz had stopped composing long before he met Caroline. While he and Caroline had three children together, it was her subsequent seven year marriage to Robert Lowell that she considered her "main marriage." Her life with Lowell was probably the most difficult time of her life as she dealt with his increasingly frequent and worsening attacks of mania. And to Lowell she was not only an inspiration but, as he described in his Pulitzer-prize-winning book of verse *The Dolphin*, she was also "a mermaid who dines upon the bones of her winded lovers." In 1977, Robert Lowell fled London to return to his former wife Elizabeth Hardwick. He died from a heart attack in the backseat of a taxi, clutching *Girl in Bed*,

Lucian Freud's haunting portrait of Caroline. Blackwood was an artist in her own right. Her literary talents were dark and satiric; her ten books of fiction and nonfiction betrayed an extraordinary eye for human physiognomy, attire, and behavior. Arguably her best book, Great Granny Webster described the comic terrors of her upbringing in Northern Ireland, and was shortlisted for the Booker Prize. She herself died of cancer on Valentine's Day 1996, at the age of sixty-four. Dangerous Muse is the first biography of Lady Caroline Blackwood. Drawing upon numerous interviews and unpublished letters from Blackwood's mother, Maureen Dufferin, and friends and family, including Andrew Harvey, Jonathan Raban, John Richardson, and Caroline's sister Perdita Blackwood, Nancy Schoenberger eloquently captures one of the most original and provocative figures in contemporary letters of the twentieth century. When Esme Fitch is found battered to death, aspiring detective Karen Cady believes she was killed for more sinister reasons than robbery. Josh Bowen, a shop-lifter, is spotted close to the scene of another break-in and murder - could there be a connection? In this dark tale from a "New York Times"-bestselling author, one couple is caught in a seemingly supernatural web of fairies that links them to a young girl's disappearance 15 years earlier. Find hope amid anxiety through the spiritual practice of breath prayer in this beautifully illustrated and practical guide to connecting body, mind, and spirit during times of stress. Breath as Prayer will lead you through the practice and the proven health benefits of Christian breath prayer: intentional prayers centered around Scripture that focus our minds on Christ as we calm

our bodies through breathing. Breath as Prayer offers: More than 80 breath prayers focused on Scripture, along with brief meditations Gorgeous original full-color illustrations A quick-start how-to guide to refer to as needed Guidance on how to implement a breath prayer practice The science behind breath work and prayer and why it works An invitation to reflect on the effect of breath prayers on your body With a beautiful foil-accented cover, Breath as Prayer is an ideal gift for: Anyone experiencing stress, anxiety, or fear Grief and anxiety support groups Prayer groups and prayer ministries Men and women looking for new avenues for connecting with God Teens and young adults dealing with stress and anxiety Adult baptism and confirmation God created our bodies, minds, and spirits to be intimately connected with one another. Purpose-filled breathing is one of the most effective, calming ways to integrate all aspects of who we are, especially during times of intense stress. Breath as Prayer invites you to the crossroads of Christian contemplative practice, Scripture, psychology, and science to deepen your faith, bring peace to your body, and discover a new reliance on Christ. Breathe deeply, lean into God's Word, and discover why every breath can be an invitation to pray. A New York Times Bestseller A Washington Post Notable Nonfiction Book of 2020 Named a Best Book of 2020 by NPR "A fascinating scientific, cultural, spiritual and evolutionary history of the way humans breathe—and how we've all been doing it wrong for a long, long time." —Elizabeth Gilbert, author of Big Magic and Eat Pray Love No matter what you eat, how much you exercise, how skinny or young or wise you are, none of it matters if you're not breathing properly. There is nothing

more essential to our health and well-being than breathing: take air in, let it out, repeat twenty-five thousand times a day. Yet, as a species, humans have lost the ability to breathe correctly, with grave consequences. Journalist James Nestor travels the world to figure out what went wrong and how to fix it. The answers aren't found in pulmonology labs, as we might expect, but in the muddy digs of ancient burial sites, secret Soviet facilities, New Jersey choir schools, and the smoggy streets of São Paulo. Nestor tracks down men and women exploring the hidden science behind ancient breathing practices like Pranayama, Sudarshan Kriya, and Tummo and teams up with pulmonary tinkerers to scientifically test long-held beliefs about how we breathe. Modern research is showing us that making even slight adjustments to the way we inhale and exhale can jump-start athletic performance; rejuvenate internal organs; halt snoring, asthma, and autoimmune disease; and even straighten scoliotic spines. None of this should be possible, and yet it is. Drawing on thousands of years of medical texts and recent cutting-edge studies in pulmonology, psychology, biochemistry, and human physiology, *Breath* turns the conventional wisdom of what we thought we knew about our most basic biological function on its head. You will never breathe the same again. Nineteen-year-old Cowney Sequoyah yearns to escape his hometown of Cherokee, North Carolina, in the heart of the Smoky Mountains. When a summer job at Asheville's luxurious Grove Park Inn and Resort brings him one step closer to escaping the hills that both cradle and suffocate him, he sees it as an opportunity. The experience introduces him to the beautiful and enigmatic

Essie Stamper—a young Cherokee woman who is also working at the inn and dreaming of a better life. With World War II raging in Europe, the resort is the temporary home of Axis diplomats and their families, who are being held as prisoners of war. A secret room becomes a place where Cowney and Essie can escape the white world of the inn and imagine their futures free of the shadows of their families' pasts. Outside of this refuge, however, racism and prejudice are never far behind, and when the daughter of one of the residents goes missing, Cowney finds himself accused of abduction and murder. Even As We Breathe invokes the elements of bone, blood, and flesh as Cowney navigates difficult social, cultural, and ethnic divides. Betrayed by the friends he trusted, he begins to unearth deeper mysteries as he works to prove his innocence and clear his name. This richly written debut novel explores the immutable nature of the human spirit and the idea that physical existence, with all its strife and injustice, will not be humanity's lasting legacy. Have you ever felt something so deep that it scared you? Have you ever felt so drowned in emotion that it drained you? Have you ever faced something so real that it forever changed you? This book is a collection of those moments, thoughts, poetry, musings and observations that are woven into an unconscious, yet hugely familiar narrative. In these words, you will find your moments of fear, expressions of joy, teardrops of truth, questions of curiosity and reflections on love. If only words could breathe, they would have this to say. Insomnia? Gone. Anxiety? Gone. All without medication. Unpleasant side effects from blood pressure pills? Gone. A cheap and effective way to combat cardiovascular disease,

immune dysfunction, obesity, and GI disorders? Yes. Sounds too good to be true? Believe it. Contemporary science confirms what generations of healers have observed through centuries of practice: Breath awareness can turn on the body's natural abilities to prevent and cure illness. The mental and physical stresses of modern life, such as anxiety, frustration, sexual dysfunction, insomnia, high blood pressure, digestive woes, and immune dysfunction can all be addressed through conscious control of your breath. In addition, it can increase energy, accelerate healing, improve cognitive skills, and enhance mental balance. Yet most of us stopped breathing in the anatomically "right" way, the way to take advantage of these benefits, when we were four or five years old. We now mostly breathe in a way that is anatomically incongruous and makes for more illness. Dr. Vranich shows readers how to turn back the tide of stress and illness, and improve the overall quality of their life through a daily breathing workout. In a fascinating, straightforward, jargon-free exploration of how our bodies were meant to breathe, Dr. Belisa Vranich delves into the ins and outs of proper breathing. By combining both anatomy and fitness with psychology and mindfulness, Dr. Vranich gives readers a way of solving health problems at the crux and healing themselves from the inside out. BREATHE is an easy-to-follow guide to breathing exercises that will increase energy, help lose weight, and make readers feel calmer and happier. Though perhaps better known for her tumultuous marriages to the painter Lucian Freud and poet Robert Lowell, Caroline Blackwood remains a woman whose formidable intellect and artistry indelibly marked every person she met and every

sentence she crafted. When he interviewed her a year before her death in 1996, *The New York Times* chief art critic, Michael Kimmelman, called *Blackwood* a “strangely dramatic woman: intense and vulnerable, with . . . a dark, razor-sharp sense of humor and an offbeat sensibility.” The same can be said of the mostly female, and often troubled, characters in the stories of this startling new collection. Selections span the entirety of her career, from her first book, *For All That I Found There*, to *Good Night Sweet Ladies*, one of her last. The seven evocative nonfiction vignettes draw directly from *Blackwood’s* fascinating life, from her early difficult years through her days as a quintessential bohemian. Three entirely unpublished stories are included in the collection. #1 NEW YORK TIMES BESTSELLER • PULITZER PRIZE FINALIST • This inspiring, exquisitely observed memoir finds hope and beauty in the face of insurmountable odds as an idealistic young neurosurgeon attempts to answer the question What makes a life worth living? NAMED ONE OF PASTE’S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY *The New York Times Book Review* • *People* • *NPR* • *The Washington Post* • *Slate* • *Harper’s Bazaar* • *Time Out New York* • *Publishers Weekly* • *BookPage* Finalist for the PEN Center USA Literary Award in Creative Nonfiction and the Books for a Better Life Award in Inspirational Memoir At the age of thirty-six, on the verge of completing a decade’s worth of training as a neurosurgeon, Paul Kalanithi was diagnosed with stage IV lung cancer. One day he was a doctor treating the dying, and the next he was a patient struggling to live. And just like that, the future he and his wife had imagined evaporated. When *Breath*

Becomes Air chronicles Kalanithi's transformation from a naïve medical student "possessed," as he wrote, "by the question of what, given that all organisms die, makes a virtuous and meaningful life" into a neurosurgeon at Stanford working in the brain, the most critical place for human identity, and finally into a patient and new father confronting his own mortality. What makes life worth living in the face of death? What do you do when the future, no longer a ladder toward your goals in life, flattens out into a perpetual present? What does it mean to have a child, to nurture a new life as another fades away? These are some of the questions Kalanithi wrestles with in this profoundly moving, exquisitely observed memoir. Paul Kalanithi died in March 2015, while working on this book, yet his words live on as a guide and a gift to us all. "I began to realize that coming face to face with my own mortality, in a sense, had changed nothing and everything," he wrote. "Seven words from Samuel Beckett began to repeat in my head: 'I can't go on. I'll go on.'" When Breath Becomes Air is an unforgettable, life-affirming reflection on the challenge of facing death and on the relationship between doctor and patient, from a brilliant writer who became both. 2019 Moonbeam Children's Book Awards Winner 2020 Mom's Choice Awards® Gold Recipient An engaging and interactive story showing children ages 3-6 the power of breath when dealing with new and difficult emotions. Read aloud and breathe along with this sweet story teaching children how to navigate powerful emotions like anger, fear, sadness, confusion, anxiety, and loneliness. With rhythmic writing and engaging illustrations, Breathing Makes It Better guides children to breathe through their feelings and

find calm with recurring cues to stop and take a breath. Simple guided practices, like imagining you are a tree blowing in the wind, follow each story to teach children how to apply mindfulness techniques when they need them the most. Be inspired and reminded of your commitment to your word of the year every time you use this dot grid journal. It can be used to plan and track your progress in this area or for your general planning and tracking needs. It is also a great creative outlet. Other features of this journal include: Travel Sized at 6" x 9" 120 cream coloured pages Dots are .2" apart If "Breathe" is not your chosen word for this year see other journals under our Author name. We hope you find that word that inspires and guides you in the next season of your life. The Breathe Study Journal includes 5 sessions of teaching by Priscilla Shirer with 4 weeks of homework in a reflective, journaling format. One of the greatest challenges among women in our culture is taking time to stop and cease from all the activities and busyness and just breathe. We are in bondage to busyness. We constantly strive to complete the limitless to-do lists that hinder us from experiencing all that God has for us. We miss the moments because we rush ahead to the next thing. By neglecting time for tranquility, serenity, and repose, we limit our Christlikeness and miss out on some of God's greatest gifts. It is time for us to breathe and build margin into our lives for God. In the Old Testament, God instituted principles and laws that would transform the Israelites' mindset. He didn't just want them legally free; He wanted them to be able to walk in the freedom and enjoy it. So God gave them many gifts, including boundaries in which to enjoy those gifts. Sabbath was intended as a gift, and it is

still a gift to us today. If you are weary, worn out, and exhausted the concept of Sabbath will change your life. Week 1 - The Freedom of Sabbath Week 2 - Stops Along the Sabbath Journey Week 3 - Double-Portion Friday Week 4 - Coming Into Focus Week 5 - Sabbath Margin Features: Biblically-rooted and gospel-centered teaching Leader material (guides to questions and discussion with small group) 5-session Study Journal with group components, personal components, and leader helps Personal study segments include 4 weeks of homework in a study journal for reflection and to help the learner spend time alone with God and Scripture Benefits: Biblical truth that's reliable Can be used in a variety of ways and has a lot of flexibility. It can be used by a group of any size in a church or another setting, small group in a home, or a weekend away as an individual or with a small group of women. An opportunity to explore the concept of Sabbath in both the Old and New Testaments Great study for personal growth and reflection on an individual basis For the weary, worn out, and exhausted this study could be life-changing as they acknowledge their bondage to busyness and learn that Sabbath was created by God before the fall Sets boundaries for those who believe they must always be "doing" something for God "A fast-paced, exhilarating story about a boarding school shrouded in secrecy and the girl who will do anything to right the institution's wrongs." —Jessica Goodman, Indiebound bestselling author of They Wish They Were Us Critically acclaimed author Jordyn Taylor weaves an addictive thriller perfect for fans of Truly Devious. Eva has never felt like she belonged . . . not in her own family or with her friends in New

York City, and certainly not at a fancy boarding school like Hardwick Preparatory Academy. So, when she is invited to join the Fives, an elite secret society, she jumps at the opportunity to finally be a part of something. But what if the Fives are about more than just having the best parties and receiving special privileges from the school? What if they are also responsible for keeping some of Hardwick's biggest secrets buried? 1962: There is only one reason why Connie would volunteer to be one of the six students to participate in testing Hardwick's nuclear fallout shelter: Craig Allenby. While the thought of nuclear war sends her into a panic, she can't pass up the opportunity to spend four days locked in with the school's golden boy. However, Connie and the other students quickly discover that there is more to this "test" than they previously thought. As they are forced to follow an escalating series of commands, Connie realizes that one wrong move could have dangerous consequences. Separated by sixty years, Eva and Connie's stories become inextricably intertwined as Eva unravels the mystery of how six students went into the fallout shelter all those years ago . . . but only five came out. The day the police finally come isn't the end of Danielle's nightmare... It is just the beginning. What police find at the bottom of the garden turns the spotlight full circle. Instead of looking at her 'husband', they are now investigating her. Every aspect of her tortured life is put under the microscope by police investigating the disappearance of an elderly couple. Nobody seems to care that Danielle has been a missing person herself since she was eight years old. After existing under the radar for more than three decades, she becomes the unsuspecting prime

suspect in a major inquiry. A fast-paced, dark psychological thriller that will take you into the minds of the innocent and the depraved. Written in a funny, charming, and conversational style, *Word Origins* is the first book to offer a thorough investigation of the history and the science of etymology, making this little-known field accessible to everyone interested in the history of words. Anatoly Liberman, an internationally acclaimed etymologist, takes the reader by the hand and explains the many ways that English words can be made, and the many ways in which etymologists try to unearth the origins of words. Every chapter is packed with dozens of examples of proven word histories, used to illustrate the correct ways to trace the origins of words as well as some of the egregiously bad ways to trace them. He not only tells the known origins of hundreds of words, but also shows how their origins were determined. And along the way, the reader is treated to a wealth of fascinating word facts. Did they once have bells in a belfry? No, the original meaning of belfry was siege tower. Are the words *isle* and *island*, *raven* and *ravenous*, or *pan* and *pantry* related etymologically? No, though they look strikingly similar, these words came to English via different routes. Partly a history, partly a how-to, and completely entertaining, *Word Origins* invites readers behind the scenes to watch an etymologist at work. This work introduces renowned linguistics scholar Anatoly Liberman's comprehensive dictionary and bibliography of the etymology of English words. The English etymological dictionaries published in the past claim to have solved the mysteries of word origins even when those origins have been widely

disputed. An Analytic Dictionary of English Etymology "by contrast, discusses all of the existing derivations of English words and proposes the best one. In the inaugural volume, Liberman addresses fifty-five words traditionally dismissed as being of unknown etymology. Some of the entries are among the most commonly used words in English, including man, boy, girl, bird, brain, understand, key, ever, " and yet." Others are slang: mooch, nudge, pimp, filch, gawk, " and skedaddle." Many, such as beacon, oat, hemlock, ivy," and toad," have existed for centuries, whereas some have appeared more recently, for example, slang, kitty-corner, " and Jeep." They are all united by their etymological obscurity. This unique resource book discusses the main problems in the methodology of etymological research and contains indexes of subjects, names, and all of the root words. Each entry is a full-fledged article, shedding light for the first time on the source of some of the most widely disputed word origins in the English language. "Anatoly Liberman is one of the leading scholars in the field of English etymology. Undoubtedly his work will be an indispensable tool for the ongoing revision of the etymological component of the entries in the Oxford English Dictionary." --Bernhard Diensberg, OED" consultant, French etymologies Anatoly Liberman is professor of Germanic philology at the University of Minnesota. He has published many works, including 16 books, most recently Word Origins . . . and How We Know Them: Etymology for Everyone." Award-winning author Marianne Musgrove brings her light touch to a story of family, growing up and keeping secrets that is nailbiting and heartwarming in equal measure. 'I, Mackenzie Elizabeth

Carew, do solemnly swear never to communicate anything about what happened tonight.' That's what I promised my sister Tahlia, and I've tried my best to keep that promise. It's hard, though. Grandpa is acting so strangely since his accident. I'm sure Mrs B. suspects something, and Mahesh must think I'm weird for avoiding him. My best friend Annie is too busy hanging out with Regan and Tegan to notice. But someone will find out if we're not super careful. It's lucky Tahlia has a plan . . . Joy delamere is suffocating. From asthma, from her parents, and from her boyfriend, Asher, who is smothering her from the inside out. She can take his cruel words, his tender words . . . until the night they go too far. To escape, Joy sacrifices her suburban life to find the one who offered his help, a homeless boy called Creed. He introduces her to a world of fierce loyalty, to its rules of survival, and to love—a world she won't easily let go. Set against the backdrop of the streets of Seattle, Holly Cupala's powerful new novel explores the subtleties of abuse, the secrets we keep, and the ways to redemption. But above all, it is an unflinching story about the extraordinary lengths one girl will go to discover her own strength. When oxygen levels plunge in a treeless world, a state lottery decides who will live inside the pod. Everyone else will slowly suffocate. Years later, society has divided into Premiums and Auxiliaries. Only Premiums can afford enough oxygen to live a normal life "Should appeal to all rugged individualists who dream of escape to the forest."—The New York Times Book Review Sam Gibley is terribly unhappy living in New York City with his family, so he runs away to the Catskill Mountains to live in the woods—all by himself. With only a penknife, a ball of

cord, forty dollars, and some flint and steel, he intends to survive on his own. Sam learns about courage, danger, and independence during his year in the wilderness, a year that changes his life forever. "An extraordinary book . . . It will be read year after year." —The Horn Book

On a soft summer night in Vermont, twelve-year-old Lisa went into the woods behind her house and never came out again. Before she disappeared, she told her little brother, Sam, about a door that led to a magical place where she would meet the King of the Fairies and become his queen. Fifteen years later, Phoebe is in love with Sam, a practical, sensible man who doesn't fear the dark and doesn't have bad dreams—who, in fact, helps Phoebe ignore her own. But suddenly the couple is faced with a series of eerie, unexplained occurrences that challenge Sam's hardheaded, realistic view of the world. As they question their reality, a terrible promise Sam made years ago is revealed—a promise that could destroy them all.

The latest novel from New York Times best-selling author Jennifer McMahon is an atmospheric, gripping, and suspenseful tale that probes the bond between sisters and the peril of keeping secrets. Once the thriving attraction of rural Vermont, the Tower Motel now stands in disrepair, alive only in the memories of Amy, Piper, and Piper's kid sister, Margot. The three played there as girls until the day that their games uncovered something dark and twisted in the motel's past, something that ruined their friendship forever. Now adult, Piper and Margot have tried to forget what they found that fateful summer, but their lives are upended when Piper receives a panicked midnight call from Margot, with news of a horrific crime for which Amy stands accused.

Suddenly, Margot and Piper are forced to relive the time that they found the suitcase that once belonged to Silvie Slater, the aunt that Amy claimed had run away to Hollywood to live out her dream of becoming Hitchcock's next blonde bombshell leading lady. As Margot and Piper investigate, a cleverly woven plot unfolds—revealing the story of Sylvie and Rose, two other sisters who lived at the motel during its 1950s heyday. Each believed the other to be something truly monstrous, but only one carries the secret that would haunt the generations to come. From the New York Times bestselling author of the Tradd Street novels comes a richly emotional story about a woman who discovers that taking a leap of faith is better than always wondering what might have been... Brenna O'Brien doesn't believe in happy endings. Not since the love of her life, Pierce McGovern, left her years ago without a word. Now, she leads a quiet life surrounded by her four matchmaking sisters, running a historic movie theater and collecting old wartime letters. But she leaves the letters unopened, preferring to imagine their possibilities rather than risk being disappointed. Then Pierce comes back to town, shattering Brenna's hard-earned peace—and forcing her to re-examine everything, and realize that if she doesn't come to terms with the life she let slip away, she may never have the courage to go after the life she wants. A “Mom Must-Read”—Parents A National Parenting Product Award (NAPPA) Winner Easy-to-follow practices that will help moms find quick, daily opportunities to reset and refocus with mindfulness. And don't miss Don't Forget to Breathe for more 5-minute mindfulness. Moms can feel as if they are sprinting through life, crashing onto the

*pillow at day's end only to start again the next morning. In **Breathe, Mama, Breathe**, psychotherapist Shonda Moralis outlines the benefits of daily meditation and shows moms how to do it—in just five minutes! Plus, she shares over 60 “mindful breaks” that will help moms tune into their own well-being (along with everyone else’s): Eat a mindful breakfast—with no phone, TV, or newspaper! Cuddle your child and take three deep breaths together. Give yourself a mindful-mommy high five—because moms can use positive reinforcement, too. Every mom—whether caring for a new baby, an overscheduled grade-schooler, or an angsty teen—can become a mindful mama! A work of riveting literary journalism that explores the roots and repercussions of the infamous killing of Eric Garner by the New York City police—from the bestselling author of **The Divide** NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE WASHINGTON POST* On July 17, 2014, a forty-three-year-old black man named Eric Garner died on a Staten Island sidewalk after a police officer put him in what has been described as an illegal chokehold during an arrest for selling bootleg cigarettes. The final moments of Garner’s life were captured on video and seen by millions. His agonized last words, “I can’t breathe,” became a rallying cry for the nascent Black Lives Matter protest movement. A grand jury ultimately declined to indict the officer who wrestled Garner to the pavement. Matt Taibbi’s deeply reported retelling of these events liberates Eric Garner from the abstractions of newspaper accounts and lets us see the man in full—with all his flaws and contradictions intact. A husband and father with a complicated personal history, Garner was neither villain nor

victim, but a fiercely proud individual determined to do the best he could for his family, bedeviled by bad luck, and ultimately subdued by forces beyond his control. In *America, I Can't Breathe* Taibbi also examines the conditions that made this tragedy possible. Featuring vivid vignettes of life on the street and inside our Kafkaesque court system, Taibbi's kaleidoscopic account illuminates issues around policing, mass incarceration, the underground economy, and racial disparity in law enforcement. No one emerges unsullied, from the conservative district attorney who half-heartedly prosecutes the case to the progressive mayor caught between the demands of outraged activists and the foot-dragging of recalcitrant police officials. A masterly narrative of urban America and a scathing indictment of the perverse incentives built into our penal system, *I Can't Breathe* drills down into the particulars of one case to confront us with the human cost of our broken approach to dispensing criminal justice. "Brilliant . . . Taibbi is unsparing in his excoriation of the system, police, and courts. . . . This is a necessary and riveting work."—Booklist (starred review)

Kelly Kittel didn't know the true meaning of the phrase "in the wrong place and the wrong time" until she fell victim to just such a circumstance—and lost her infant son as a result. In the wake of their son's death, Kittel and her husband are overcome with grief—and they're still trying to make sense of their loss when, a mere nine months later, their family doctor makes a terrible mistake during Kittel's pregnancy and they are forced to bury a second child. And when they decide to press malpractice charges, things only get worse: they end up

having to battle not only the medical system but also their own family in a court of law, all while raising their other three children and trying to heal from the pain of living through the deaths of two sons. Achingly raw and beautifully narrated, *Breathe* is a story of motherhood, death, family, and conflict—and, ultimately, how to embrace love, honesty, and joy even in the face of tragedy. *Your Words Echo in Hearts and Minds Long After They Are Spoken* Have you listened to yourself lately? Did you know that your words are shaping other people's lives? That they are the mirrors in which others see themselves? Every day you can speak life into their souls or suck the life right out of them. The choice is yours. In *The Power of a Woman's Words*, bestselling author Sharon Jaynes will show you how to exchange careless words that hurt for intentional words that help others succeed recognize words that tear down confidence and replace them with words that build others up overcome the negativity that pushes people away and become a well of positivity that draws others in tame your tongue by practicing practical principles that help you think before you speak stop being disappointed in your lack of control by taking hold of the power of the Holy Spirit Words are one of the most powerful forces in the universe, and God has entrusted them to you! How will you use this gift? Your words can change the course of someone's day...even someone's life. *The Guardian's Best Science Book of 2017: the fascinating science and history of the air we breathe. It's invisible. It's ever-present. Without it, you would die in minutes. And it has an epic story to tell. In Caesar's Last Breath*, New York Times bestselling author Sam Kean takes us on a journey through the periodic table,

around the globe, and across time to tell the story of the air we breathe, which, it turns out, is also the story of earth and our existence on it. With every breath, you literally inhale the history of the world. On the ides of March, 44 BC, Julius Caesar died of stab wounds on the Senate floor, but the story of his last breath is still unfolding; in fact, you're probably inhaling some of it now. Of the sextillions of molecules entering or leaving your lungs at this moment, some might well bear traces of Cleopatra's perfumes, German mustard gas, particles exhaled by dinosaurs or emitted by atomic bombs, even remnants of stardust from the universe's creation. Tracing the origins and ingredients of our atmosphere, Kean reveals how the alchemy of air reshaped our continents, steered human progress, powered revolutions, and continues to influence everything we do. Along the way, we'll swim with radioactive pigs, witness the most important chemical reactions humans have discovered, and join the crowd at the Moulin Rouge for some of the crudest performance art of all time. Lively, witty, and filled with the astounding science of ordinary life, *Caesar's Last Breath* illuminates the science stories swirling around us every second. Have you chosen a word to guide you through 2019? Having a single word or mantra-like phrase to be a touchstone for your difficult decisions can help you to keep on track with new years resolutions, forming new habits, and releasing destructive old habits that don't work for you anymore. This journal will help you keep your touchstone word front and center in your life. The first part of the journal has some prompts to get your creative juices flowing when thinking about how you want your year to go. How will your

chosen word show up in your life in 2019? Writing down your thoughts will increase your chances of sticking to your plans. The remainder of the journal alternates between dot grid pages for brainstorming, doodling, planning, habit tracking - the sky's the limit - and journal pages with a space at the top to write the date. At the end of the year, you can look back and see how your word for the year made a difference in your life. Hopefully, it will become a very satisfying keepsake. This is the perfect gift to treat yourself with this holiday season. Gear up for 2019 and all the wonderful things that will come your way in the New Year. Have a great 2019!
