Emerald Tablet 101 Matthew Barnes, 2016-09-23. The Emerald Tablet is purported to be a fourteen-step instruction manual for the alchemical process of turning ordinary metals like lead into something much more valuable like gold. If you can decipher the meaning that is, over the centuries, many have tried. I believe the fourteen statements of the Emerald Tablet to be a symbolic guide to a far greater treasure. Legend has it that this guide was written by Hermes Trismegistus, an ancient Egyptian philosopher whose discoveries were said to have transformed him through knowledge of this world into a god among men, so to speak. The Egyptians thought so highly of him that they equated him with their god Thoth. See front cover and the Greeks in similar fashion equated him with their god Mercury. What is the goal of the Emerald Tablet as transmitted to us by Hermes through the fourteen cryptic statements? To transform those of us who can decipher its meaning into a higher level of human consciousness. To transform the reader through knowledge into what the Egyptians would have called a god among men. This world is a holographic unity that repeats itself in an endless infinite continuum in every direction forever.
