In *Carolyn 101* she reveals the secrets of her own success and provides readers with guidance for their professional lives. By looking at the types of people most often encountered in the workplace she illustrates her advice with examples from her career largely within The Trump Organization showing readers how to ace an interview, ask for a raise or promotion, maintain a healthy balance between work and home life, deal with a difficult boss, spot and seize potential business opportunities, dress for success, be a strong team member or team leader.
