An updated, repackaged edition of the bestselling divination tool and party favorite - ask a yes or no question, open the book, find your answer - with more than a million copies in print. Should you ask your boss for a raise? Call that cutie you met at a party? Sell your Google stock? Tell your best friend her boyfriend's cheating? The answer to these questions (and hundreds of others) is in this fun and weirdly wise little book that's impossible to put down. It's simple to use: just hold it closed in your hands and concentrate on your question for a few seconds. While visualizing or speaking your question, place one palm down on the book's front and stroke the edge of the pages back to front. When you sense the time is right, open to the page your fingers landed on and there is your answer! Fun, satisfying, and a lot less time-consuming than asking everyone you know for advice. Over 1 million copies in print! Provides up-to-date subject review, test-taking strategies, and nine full-length practice tests with answer explanations. Always study with the most up-to-date prep! As the demand for online learning grows, designing and managing large classes in online and blended learning environments can be challenging for faculty. This book aims to provide practical assistance to higher education faculty who teach large online or blended classes. The authors who contributed to the book include higher education faculty, instructional designers, facilitators in providing faculty development and researchers with years of experience and understanding as well as interest in improving the effectiveness of large online classes. They share their experiences in designing and delivering active, engaging, collaborative teaching and learning by using innovative technology tools and instructional strategies. We hope that this book adds to the relevant literature by continuing conversations started before the COVID-19 pandemic but brought to the fore by it. Moving forward, it is our intent to provide readers with examples of how instructors around the world adapted to the new reality of teaching online since early 2020. Distilling what has worked and why from areas that require further analysis would benefit us all by identifying strategies, structures, support services, and policies that could augment online education, with a particular focus on large virtual classes. Knowledge of legal language and the ability to use it effectively are essential requirements for students who have chosen to study law. A comprehensive course in English specially prepared for undergraduate students of law, this book aims to train students in both these aspects. Be prepared for exam day with Barron's.
