Introduces the world of Roshar through the experiences of a war-weary royal compelled by visions, a highborn youth condemned to military slavery, and a woman who is desperate to save her impoverished house. Euclid was a mathematician from the Greek city of Alexandria who lived during the 4th and 3rd century B.C. and is often referred to as the "father of geometry." Within his foundational treatise "Elements," Euclid presents the results of earlier mathematicians and includes many of his own theories in a systematic, concise book that utilized a brief set of axioms and meticulous proofs to solidify his deductions. In addition to its easily referenced geometry, "Elements" also includes number theory and other mathematical considerations. For centuries, this work was a primary textbook of mathematics, containing the only framework for geometry known by mathematicians until the development of "non-Euclidian" geometry in the late 19th century. The extent to which Euclid's "Elements" is of his own original authorship or borrowed from previous scholars is unknown, however despite this fact it was his collation of these basic mathematical principles for which most of the world would come to the study of geometry. Today, Euclid's "Elements" is acknowledged as one of the most influential mathematical texts in history. This volume includes all thirteen books of Euclid's "Elements," is printed on premium acid-free paper, and follows the translation of Thomas Heath. The Taking Sides Collection on McGraw-Hill Create™ includes current controversial issues in a debate-style format designed to stimulate student interest and develop critical thinking skills. This Collection contains a multitude of current and classic issues to enhance and customize your course. You can browse the entire Taking Sides Collection on Create, or you can search by topic, author, or keywords. An online Instructor's Resource Guide with testing material is available for this Taking Sides volume. Visit the Create Central Online Learning Center at [www.mhhe.com/createcentral](http://www.mhhe.com/createcentral) for more details. The eagerly awaited sequel to the #1 New York Times bestselling Words of Radiance, from epic fantasy author Brandon Sanderson.[Bokinfo]. Environmental Science: A Global Concern, Tenth Edition, is a comprehensive presentation of environmental science for non-science majors which emphasizes critical thinking, environmental responsibility, and global awareness. This book is intended for use in a one- or two-semester course in environmental science, human ecology, or environmental studies at the college or advanced placement high school level. The goal of this book is to provide an up-to-date, introductory global view of essential themes in environmental science along with emphasis on details and case studies that will help students process and retain the general principles. Because most students who will use this book are freshman or sophomore non-science majors, the authors make the text readable and accessible without technical jargon or a presumption of prior science background. Fantasy roman. [This book] is a debate-style reader designed to introduce students to controversies in world history. The readings, which represent the arguments of leading historians and commentators on world history, reflect a variety of viewpoints and have been selected for their liveliness and substance and because of their value in a debate framework ... By requiring students to analyze opposing viewpoints and reach considered judgments, [this book] develops students' critical thinking skills. -Back cover. A contemporary MM retelling of the classic fairy tale, Beauty and the Beast. Fierce, scarred Darius Legrand and sweet, innocent Joshua Bellamy find themselves in an arranged marriage at the hands of Darrius's wicked father. But despite the odds, love blossoms like a rose, but will Legrand Sr allow it? Or will there be deadly consequences? This popular guide focuses on common misconceptions in the application of the Wiring Regulations. It explains in clear language those parts of the Regs that most need simplifying, outlining the correct procedures to follow and those to avoid. Emphasis has been placed on areas where confusion and misinterpretation is common, such as earthing and bonding, circuit design and protection, and in particular the increased use of RCDs. It is an affordable reference for all electrical contractors and other workers involved in electrical installations. It will enable safe and efficient compliance and help answer queries quickly to ensure work complies with the latest version of the Wiring Regulations. With the coverage carefully matched to the syllabus of the City & Guilds Certificate in the Requirements for Electrical Installations (2382-10 and 2382-20) and containing sample exam questions and answers, it is also an ideal revision guide. Brian Scaddan, I Eng, MIET, is a consultant for and an Honorary Member of City & Guilds. He has over 35 years' experience in Further Education and training. He is Director of Brian Scaddan Associates Ltd, an approved City and Guilds and NICEIC training centre offering courses on all aspects of Electrical Installation Contracting including the C&G 2382 series. He is also a leading author of books on electrical installation. The classic collaboration from the internationally bestselling authors Neil Gaiman and Terry Pratchett, soon to be an original series starring Michael Sheen and David Tennant. ?Season 2 of Good Omens coming soon! "Good Omens . . . is something like what would have happened if Thomas Pynchon, Tom Robbins and Don DeLillo had collaborated. Lots of literary inventiveness in the plotting and chunks of very good writing and characterization. It's a wow. It would make one hell

of a movie. Or a heavenly one. Take your pick.” —Washington Post According to The Nice and Accurate Prophecies of Agnes Nutter, Witch (the world's only completely accurate book of prophecies, written in 1655, before she exploded), the world will end on a Saturday. Next Saturday, in fact. Just before dinner. So the armies of Good and Evil are amassing, Atlantis is rising, frogs are falling, tempers are flaring. Everything appears to be going according to Divine Plan. Except a somewhat fussy angel and a fast-living demon—both of whom have lived amongst Earth's mortals since The Beginning and have grown rather fond of the lifestyle—are not actually looking forward to the coming Rapture. And someone seems to have misplaced the Antichrist . . .

The Taking Sides Collection on McGraw-Hill Create™ includes current controversial issues in a debate-style format designed to stimulate student interest and develop critical thinking skills. The seventeenth edition of Party Politics in America continues the comprehensive and authoritative coverage of political parties for which it is known while expanding and updating the treatment of key related topics including interest groups and elections. Marjorie Hershey builds on the book's three-pronged coverage of party organization, party in the electorate, and party in government and integrates contemporary examples—such as campaign finance reform, party polarization, and social media—to bring to life the fascinating story of how parties shape our political system. New to the 17th Edition Fully updated through the 2016 election, including changes in virtually all of the boxed materials, the chapter openings, and the data presented. Explores increasing partisan hostility, the status of voter ID laws and other efforts to affect voter turnout, young voters' attitudes and participation, and the role of big givers such as the energy billionaire Koch brothers in the 2016 campaigns. Critically examines the idea that Super PACs are replacing, or can replace, the party organizations in running campaigns. New and expanded online Instructor's Resources, including author-written test banks, essay questions, relevant websites with correlated sample assignments, the book's appendix, and links to a collection of course syllabi. Includes bibliographical references and index. This Revised edition of Taking Sides: Environmental Issues represents the arguments of leading environmentalists, scientists, and policymakers. The issues reflect a variety of viewpoints and are staged as "pro" and "con" debates. Issues are organized around four core areas: general philosophical and political issues, the environment and technology, disposing of wastes, and the environment and the future. This title is supported by the student website, Dushkin Online (<http://www.dushkin.com>)

This twelfth edition of Taking Sides: Legal Issues presents current controversial issues in a debate-style format. Each issue is framed with an issue summary, an issue introduction, and a postscript. An instructor's manual with testing material is available for each volume. A general guidebook, Using Taking Sides in the Classroom, which discusses methods and techniques for integrating the pro-con approach into a classroom setting, is also available. This fourteenth edition of Taking Sides: Social Issues presents current controversial issues in a debate-style format designed to stimulate student interest and develop critical thinking skills. Each issue is thoughtfully framed with an issue summary, an issue introduction, and a postscript. An instructor's manual with testing material is available for each volume. Using Taking Sides in the Classroom is also an excellent instructor resource with practical suggestions on incorporating this effective approach in the classroom. Each Taking Sides reader features an annotated listing of selected World Wide Web sites and is supported by our student website.

**NATIONAL BESTSELLER •** A white-knuckle tale of polar exploration and heroism in the Gilded Age from the New York Times bestselling author of Blood and Thunder and Ghost Soldiers. • “A splendid book in every way...a marvelous nonfiction thriller.” —The Wall Street Journal On July 8, 1879, Captain George Washington De Long and his team of thirty-two men set sail from San Francisco on the USS Jeanette. Heading deep into uncharted Arctic waters, they carried the aspirations of a young country burning to be the first nation to reach the North Pole. Two years into the harrowing voyage, the Jeanette's hull was breached by an impassable stretch of pack ice, forcing the crew to abandon ship amid torrents of rushing water. Hours later, the ship had sunk below the surface, marooning the men a thousand miles north of Siberia, where they faced a terrifying march with minimal supplies across the endless ice pack. Enduring everything from snow blindness and polar bears to ferocious storms and labyrinths of ice, the crew battled madness and starvation as they struggled desperately to survive. With thrilling twists and turns, In The Kingdom of Ice is a spellbinding tale of heroism and determination in the most brutal place on Earth. Searchable electronic version of print product with fully hyperlinked cross-references. Revolutionary and innovative, Lacan's work lies at the epicenter of modern thought about otherness, subjectivity, sexual difference, and enjoyment. Looking for fresh, original scenes for your fast-paced acting or directing class? Tired of the same old material everyone recognizes? Want the flexibility to play any character in any scene? Book of Sides: Original, Short Scenes for Actors and Directors offers scenes that are considerably shorter than those in similar books but still feature the structure of typical scenes with arcs, clear playable objectives, and stakes for both actors. Here you will find scenes that are: One-page in length and specially designed for new, high-intensity exercises that help students develop quickly Printed in an easily readable, film-script format that provides plenty of room for annotations Completely original, allowing you to produce and distribute reinterpretations without worrying about copyright restrictions Universally castable, with roles that can be assigned to actors regardless of gender, appearance, skill level, or race Simple and conducive to performing in the classroom without props, costumes, or sets Perfect for audition workshops and crowded directing or acting classes where everyone wants an opportunity to perform Written in accessible, contemporary language that keeps student actors engaged Don't miss out! In Book of Sides, Dave Kost brings two decades of teaching experience to the table to deliver the ideal set of scenes for busy classroom settings, auditions, and general training. Presents controversial issues in a debate-style format designed to stimulate student interest and develop critical thinking skills. This work is framed with an issue summary, an issue introduction, and a postscript. It also includes an instructor's manual with testing material.

The Taking Sides Collection on McGraw-Hill Create™ includes current controversial issues in a debate-style format designed to stimulate student interest and develop critical thinking skills. This Collection contains a multitude of current and classic issues to enhance and customize your course. You can browse the entire Taking Sides Collection on Create, or you can search by topic, author, or keywords. Select individual Taking Sides issues to enhance your course, or access and select the entire Kaebnick: Taking Sides: Clashing Views on Bioethical Issues, 16/e ExpressBook for an easy, pre-built teaching resource by clicking here. Taking Sides: Clashing Views on Economic Issues, Twelfth Edition, is a debate-style reader designed to introduce students to controversies in economics. The readings, which represent the arguments of leading economists and commentators, reflect a variety of viewpoints and have been selected for their liveliness and substance and because of their value in a debate framework. For each issue, the editor provides a concise introduction and postscript summary. The introduction sets the stage for the debate as it is argued in the "yes" and "no" readings, and the postscript briefly reviews the opposing views and suggests additional reading on the controversial issue under discussion. By requiring students to analyze opposing viewpoints and reach considered judgments, Taking Sides actively develops students' critical thinking skills. It is this development of critical thinking skills that is the ultimate purpose of each of the volumes in the widely acclaimed Taking Sides program. Story of Michael Oher, a rising gridiron star, who was rescued from the ghettos of Memphis and placed with a wealthy family to help develop his football skills. A NEW YORK TIMES, USA TODAY, AND INDIE BESTSELLER One of Buzzfeed's "Best Books of 2022"! An Indie Next Pick! A Locus Awards Top Ten Finalist for Fantasy Novel A Man Called Ove meets The Good Place in Under the Whispering Door, a delightful queer love story from TJ Klune, author of the New York Times and USA Today bestseller The House in the

Cerulean Sea. Welcome to Charon's Crossing. The tea is hot, the scones are fresh, and the dead are just passing through. When a reaper comes to collect Wallace from his own funeral, Wallace begins to suspect he might be dead. And when Hugo, the owner of a peculiar tea shop, promises to help him cross over, Wallace decides he's definitely dead. But even in death he's not ready to abandon the life he barely lived, so when Wallace is given one week to cross over, he sets about living a lifetime in seven days. Hilarious, haunting, and kind, *Under the Whispering Door* is an uplifting story about a life spent at the office and a death spent building a home. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. Is it ever too late to leave the friend zone? Discover the heartwarming friends to lovers romance that became a sensation on TikTok—now with a new chapter and a Q&A with the author! The friend zone is not the end zone for Bree Camden, who is helplessly in love with her longtime best friend and extremely hot NFL legend, Nathan Donelson. The only problem is that she can't admit her true feelings, because he clearly sees her as a best friend with no romantic potential, and the last thing Bree wants is to ruin their relationship. But those abs . . . Nope! Nothing but good old-fashioned, no-touching-the-sexiest-man-alive, platonic friendship for Bree. In any case, she has other things to worry about. After a car accident ended her chance at becoming a professional ballerina, Bree changed paths and now owns her own dance studio, with big dreams to expand it. But one more rent increase could mean the end of the studio entirely. Then, as usual, Nathan comes to the rescue and buys the entire building. A stubborn Bree is not happy about it and decides to rebel with a couple—okay, maybe more than a couple—of tequila shots. Then her plan backfires as she spills her deepest, darkest secret to a TMZ reporter. One viral video later, the world thinks Nathan and Bree are the perfect couple. Before they can really talk about her confession, Nathan's publicist proposes a big opportunity that could mean financial security for Bree. The catch? They have to pretend to be in love. For three whole weeks. What will happen when Bree gives in to the feelings she's been desperately hiding for so long, and could she be imagining that Nathan is actually enjoying it? Sarah Adams scores more than touchdowns in this exciting romantic comedy. Introduction to Criminal Justice is the perfect text for students who are interested in pursuing a career in criminal justice and for those who simply want to learn more about the criminal justice system. The authors' combined experience of more than 50 years in teaching introduction to criminal justice as well as working in the field -- Bohm as a correctional officer and Haley as a police officer -- come through in their accessible yet comprehensive presentation. They make it easy for readers to understand that much of what the public "knows" about criminal justice in the United States is myth, and help students learn the truth about the U.S. criminal justice system. This booklet includes the dose of every drug commonly prescribed for systemic use in both adults and children, except for diagnostic agents. The booklet does not list the side effects of drugs, indications for their use, or modifications for renal or hepatic failure. Copies of the booklet may be ordered from [orders@drugdoses.com](mailto:orders@drugdoses.com). Finalist for the 2011 Pulitzer Prize in General Nonfiction: "Nicholas Carr has written a *Silent Spring* for the literary mind."—Michael Agger, *Slate* "Is Google making us stupid?" When Nicholas Carr posed that question, in a celebrated *Atlantic Monthly* cover story, he tapped into a well of anxiety about how the Internet is changing us. He also crystallized one of the most important debates of our time: As we enjoy the Net's bounties, are we sacrificing our ability to read and think deeply? Now, Carr expands his argument into the most compelling exploration of the Internet's intellectual and cultural consequences yet published. As he describes how human thought has been shaped through the centuries by "tools of the mind"—from the alphabet to maps, to the printing press, the clock, and the computer—Carr interweaves a fascinating account of recent discoveries in neuroscience by such pioneers as Michael Merzenich and Eric Kandel. Our brains, the historical and scientific evidence reveals, change in response to our experiences. The technologies we use to find, store, and share information can literally reroute our neural pathways. Building on the insights of thinkers from Plato to McLuhan, Carr makes a convincing case that every information technology carries an intellectual ethic—a set of assumptions about the nature of knowledge and intelligence. He explains how the printed book served to focus our attention, promoting deep and creative thought. In stark contrast, the Internet encourages the rapid, distracted sampling of small bits of information from many sources. Its ethic is that of the industrialist, an ethic of speed and efficiency, of optimized production and consumption—and now the Net is remaking us in its own image. We are becoming ever more adept at scanning and skimming, but what we are losing is our capacity for concentration, contemplation, and reflection. Part intellectual history, part popular science, and part cultural criticism, *The Shallows* sparkles with memorable vignettes—Friedrich Nietzsche wrestling with a typewriter, Sigmund Freud dissecting the brains of sea creatures, Nathaniel Hawthorne contemplating the thunderous approach of a steam locomotive—even as it plumbs profound questions about the state of our modern psyche. This is a book that will forever alter the way we think about media and our minds. The Taking Sides Collection on McGraw-Hill Create™ includes current controversial issues in a debate-style format designed to stimulate student interest and develop critical thinking skills. This Collection contains a multitude of current and classic issues to enhance and customize your course. New edition of the number one nursing drug guide in the educational market. Penguin Readers is an ELT graded reader series. Please note that the eBook edition does NOT include access to the audio edition and digital book. Written for learners of English as a foreign language, each title includes carefully adapted text, new illustrations and language learning exercises. Titles include popular classics, exciting contemporary fiction, and thought-provoking non-fiction, introducing language learners to bestselling authors and compelling content. The eight levels of Penguin Readers follow the Common European Framework of Reference for language learning (CEFR). Exercises at the back of each Reader help language learners to practise grammar, vocabulary, and key exam skills. Before, during and after-reading questions test readers' story comprehension and develop vocabulary. *The Boy in Striped Pyjamas*, a Level 4 Reader, is A2+ in the CEFR framework. The text is made up of sentences with up to three clauses, introducing more complex uses of present perfect simple, passives, phrasal verbs and simple relative clauses. It is well supported by illustrations, which appear regularly. One day, Bruno's father gets a new job, and the family have to move from Berlin, Germany, to a new place. There is a strange camp at the end of the garden. Bruno is very unhappy and bored until he meets Shmuel. The two boys become very good friends. But why is Shmuel in the camp? And why is he wearing striped pyjamas? Visit the Penguin Readers website Register to access online resources including tests, worksheets and answer keys. Exclusively with the print edition, readers can unlock a digital book and audio edition (not available with the eBook). From #1 New York Times bestselling author Brandon Sanderson, *Warbreaker* is the story of two sisters, who happen to be princesses, the God King one of them has to marry, the lesser god who doesn't like his job, and the immortal who's still trying to undo the mistakes he made hundreds of years ago. Their world is one in which those who die in glory return as gods to live confined to a pantheon in Hallandren's capital city and where a power known as BioChromatic magic is based on an essence known as breath that can only be collected one unit at a time from individual people. By using breath and drawing upon the color in everyday objects, all manner of miracles and mischief can be accomplished. It will take considerable quantities of each to resolve all the challenges facing Vivenna and Siri, princesses of Idris; Susebron the God King; Lightsong, reluctant god of bravery, and mysterious Vasher, the Warbreaker. Other Tor books by Brandon Sanderson *The Cosmere* *The Stormlight Archive* *The Way of Kings* *Words of Radiance* *Edgedancer* (Novella) *Oathbringer* *The Mistborn* trilogy *Mistborn: The Final Empire* *The Well of Ascension* *The Hero of Ages* *Mistborn: The Wax and Wayne* series *Alloy of Law* *Shadows of Self* *Bands of Mourning* *Collection Arcanum* *Unbounded* Other Cosmere novels *Elantris* *Warbreaker* *The Alcatraz vs. the Evil Librarians* series *Alcatraz vs. the Evil Librarians* *The Scrivener's Bones* *The Knights of Crystallia* *The Shattered Lens* *The Dark Talent* *The Rithmatist* series *The Rithmatist* Other books by Brandon Sanderson *The Reckoners* *Steelheart* *Firefight* *Calamity* At the Publisher's request, this title is being sold

without Digital Rights Management Software (DRM) applied. A fireman in charge of burning books meets a revolutionary school teacher who dares to read. Depicts a future world in which all printed reading material is burned.
