English Grammar For Dummies Geraldine Woods, 2011-03-16 A few years ago a magazine sponsored a contest for the comment most likely to end a conversation. The winning entry: I teach English grammar. Just throw that line out at a party, everyone around you will clam up or start saying, "Whom? Why does grammar make everyone so nervous? Probably because English teachers for decades, no, for centuries, have been making a big deal out of grammar in classrooms, diagramming sentences and drilling the parts of speech, clauses and verbals into students until they beg for mercy. Happily, you don't have to learn all those technical terms of English grammar and you certainly don't have to diagram sentences in order to speak and write correct English. So rest assured, *English Grammar For Dummies* will probably never make your English teacher's top ten list of must-read books because you won't have to diagram a single sentence. What you will discover are fun and easy strategies that can help you when you're faced with such grammatical dilemmas as the choice between I and me, had gone and went, and who and whom. With *English Grammar For Dummies*, you won't have to memorize a long list of meaningless rules, well, maybe a couple in the punctuation chapter, because when you understand the reason for a particular word choice, you'll pick the correct word automatically. *English Grammar For Dummies* covers many other topics as well, such as the following: Verbs, adjectives, and adverbs; oh my! Preposition, propositions, and pronoun pronouncements; Punctuation: The lowdown on periods, commas, colons, and all those other squiggly marks; Possession: It's nine tenths of grammatical law; Avoiding those double-negative vibes; How to spice up really boring sentences like this one; Top Ten lists on improving your proofreading skills and ways to learn better grammar; Just think, how improving your speaking and writing skills will help you in everyday situations, such as writing a paper for school, giving a presentation to your company's big wigs, or communicating effectively with your family. You will not only gain the confidence in knowing you're speaking or writing well, but you'll also make a good impression on those around you.

Fun with Grammar Suzanne W. Woodward, 1997 This teacher resource book is filled with more than 200 communicative, interactive, task-based grammar games that help make learning grammar fun. All of these grammar activity ideas are keyed to the Azar English Grammar Series by Betty Schramper Azar and include complete step-by-step instructions for the activities to add a fun, new learning dimension to the classroom. From publisher's description.

Fundamentals of English Grammar Student Book with MyEnglishLab, 5e Betty S. Azar, Stacy A. Hagen, 2019-06-03 Using a time-tested approach that has helped millions of students around the world, *Fundamentals of English Grammar* blends direct grammar instruction with carefully sequenced practice to develop speaking, writing, listening, and reading skills. The fifth edition has been extensively revised to keep pace with advances in theory and practice, particularly from cognitive science. Now more than ever, teachers will find an extensive range of presentations, activities, and tasks to meet the specific needs of their classes. New to This Edition: A pretest at the start of each chapter allows learners to assess what they already know and orient themselves to the chapter material. Practice spaced out over time helps students learn better. Numerous exercises have been added to provide more incremental practice. New charts and exercises show patterns to help learners make sense of the information. Meaning-based practice is introduced at the sentence level. Students do not have to wait for longer passages to work with meaning. Frequent oral exercises encourage students to speak more naturally and fluidly. Step-by-step writing activities promote written fluency. All end-of-chapter tasks include writing tips and editing checklists. A wide range of contextualized exercises, frequently including life skills vocabulary, encourages authentic language use. Updated grammar charts based on corpus research reflect current usage and highlight the differences between written and spoken English in formal and informal contexts. The BlackBookBlog focuses on student success, cultural differences, and life skills strategies. End-of-the-chapter Learning Checks help students assess their learning. A Pearson Practice English app with end-of-chapter learning checks. Student Book audio and guided PowerPoint videos. Revised MyEnglishLab for a fully blended program.

Basic English Grammar Book 1 Annie Seaton, Y.H. Mew, 2007-09-01 This two book series was written specifically for English language learners and covers all the basic grammar topics for beginners Contains clear and concise explanations of the rules and illustrates them with numerous examples The Did You Know and Grammar Help notes add further to the understanding of basic grammar These books will give English language learners a clear understanding of core grammar skills and help lay a strong foundation for good English Each book includes 150 pages plus a grammar examples and instruction Topics include nouns pronouns adjectives verbs and tenses subject verb agreement adverbs prepositions conjunctions interjections sentences punctuation Recommended for grades 3 to 6
