Phoenix Noir Jun 24 2023 "Patrick Millikin...as if to prove his witty claim that 'sunshine is the new noir, ' offers one superb specimen, 'Whiteout on Van Buren, ' in which author] Don Winslow makes skillful use of a city street at high noon to provide the perfect metaphor for life and death."--New York Times Book Review Brand-new stories by: Diana Gabaldon, Lee Child, James Sallis, Luis Alberto Urrea, Jon Talton, Megan Abbott, Charles Kelly, Robert Anglen, Patrick Millikin,

Laura Tohe, Kurt Reichenbaugh, Gary Phillips, David Corbett, Don Winslow, Dogo Barry Graham, and Stella Pope Duarte. Patrick Millikin is a bookseller at the Poisoned Pen Bookstore in Scottsdale. As a freelance writer, his articles, interviews, and reviews have appeared in Publishers Weekly, Firsts Magazine, Paradoxa, Yourflesh Quarterly, and other publications. Millikin currently lives in central Phoenix.

13 White Tulips Jul 14 2022 A young couple and their dachshund star in a stylish San Francisco – set Golden Age mystery of “ high ingenuity ” (The New York Times). Jack Ivers, a man-about-town with a taste for rich women, has been found dead in his bed. What ’ s particularly odd is that the chief suspect, a surgeon ’ s fashionable wife, claims that she spotted thirteen red tulips upon entering the victim ’ s home—that were somehow replaced with thirteen white tulips by the time she departed. It ’ s up to sleuthing spouses Jean and Pat Abbott to dig through the dead man ’ s questionable past and determine in whose heart a murderous passion blossomed . . . “ Amusing and sophisticated. ” —Daily Star “ Smooth. ” —Saturday Review “ Brightly-told excitement, with good dressing and good food as you go along. ” —Lady

Resistance and Abolition in the Borderlands Sep 03 2021 While there is a long history of state violence toward immigrants in the United States, the essayists in this interdisciplinary collection tackle head-on the impacts of the Trump administration. This volume provides a well-argued look at the Trump era. Insightful contributions delve into the impact of Donald Trump ’ s rhetoric and policies on migrants detained and returned, immigrant children separated from their parents and placed in detention centers, and migrant women subjected to sexual and reproductive abuses, among other timely topics. The chapter authors document a long list in what the book calls “ Trump ’ s Reign of Terror. ” Organized thematically, the book has four sections: The first gathers histories about the Trump years ’ roots in a longer history of anti-migration; the second includes essays on artistic and activist responses on the border during the Trump years; the third critiques the normalization of Trump ’ s rhetoric and actions in popular media and culture; and the fourth envisions the future. Resistance and Abolition in the Borderlands is an essential reader for those wishing to understand the extent of the damage caused by the Trump era and its impact on Latinx people. American Journal of Numismatics Jun 12 2022

No Trace Nov 05 2021 In a London neighborhood known for its artists and bohemian style, six year old Tracey Rudd is abducted from her home without any warning, or sign of violence. She is the third child abducted under similar circumstances in recent weeks. But this case is different. She is the daughter of notorious contemporary artist Gabriel Rudd, best known for the grotesque "Dead Puppies," a work centered around his wife's suicide five years earlier. While Rudd exploits Tracey's abduction as an inspiration for a major new work in his upcoming exhibit, D.C.I. David Brock and Detective Sergeant Kathy Kolla hunt for the missing girls' kidnapper, who is suspiciously connected to the eccentric community of artists, dealers, and collectors in the neighborhood.

Lighter Than Air Oct 05 2021 Neville Florian Usborne entered the Royal Navy as a cadet in 1897. In the years between him joining up and the outbreak of the First World War, he engaged in a huge number of enterprises and endeavours. Praise and respect garnered in accordance with his achievements all helped to establish his reputation in later years as an 'irreplaceable' pioneer and a leading light of early British airship design. His fertile imagination and enterprising spirit fused to form a dynamic personality, able in wartime to draw up countless schemes in an effort to outwit the enemy. His chief task during the Great War was to dream up new tactics and designs to combat the Zeppelin menace, perceived as one of the most damaging threats of the entire conflict. He was also deeply involved in the design of the very successful SS and Coastal Class airships; indeed, during 1915 he was actually appointed Inspector Commander of Airships at the Admiralty. Unfortunately, his illustrious career was destined to be cut short in 1916 when he was killed testing a prototype of one of his own designs. This new biography seeks to shine a light on an overlooked pioneer of early aviation and it does so in entertaining and reverential style. The importance of Usborne the pioneer is made plain; as one of his contemporaries commented upon his death

No one can talk of the early days of British airship design without mention of his name and work. A personality was lost on that February day which was irreplaceable.

The Confederacy: History, Documents, Memoirs and Biographies May 12 2022 This meticulously edited collection offers you the true accounts about the Confederate States of America, including documents that were most influential for the creation of the states and the life stories of its principal leaders and officers. "The History of the Confederate States of America" and "The Rise and Fall of the Confederate Government" represent the best source for understanding the background, the creation, fight and the ultimate defeat, written by the President of the Confederate States, Jefferson Davis. The collection also includes memoirs and biographies of the Confederate Leaders: Jefferson Davis, General Robert E. Lee & Heros von Borcke. Finally, this collection is enriched with the most pivotal documents of the Confederate States. Contents: History of the Confederate States of America The Rise and Fall of the Confederate Government Memoirs & Biographies: Jefferson Davis by Frank H. Alfriend Robert E. The Flying Red Horse May 31 2021 The Abbotts travel to Texas and their dachshund finds a dead body in a mystery starring “ one of the more interesting married teams of detectives ” (Thrilling Detective). When Jean Abbott arrives in Dallas to join her private investigator husband, Pat, she ’ s disappointed to discover that their dog, Pancho, is not welcome at the hotel. She finds a temporary place for him with the daughter of Pat ’ s wealthy client, oilman Iles Dollahan. Then little Pancho comes across a corpse on the secretive family ’ s property—and the Dollahans put the pressure on to presume the death an accident so that it will be swiftly forgotten. With no obvious suspects to suggest murder, that could be a possibility—until Pat finds a will that changes everything. . . Praise for the Pat and Jean Abbott Mysteries “ Lively and exciting. ” —The New York Times “ Well-plotted and mystifying. ” —Saturday Review “ Quite good. ” —The Miami News

Fallen Jul 06 2024 An Adventure into the Stars and the PTSD Racked Mind Intelligence Officer Brendan Sean Murphy has served his country on the Middle East and Central Asia battlefields. However, his hard-won successes overseas came at the cost of failures at home. These events have drained his soul, leaving him racked with PTSD. When he intervenes to stop an anti-alien terrorist attack on the subway he is thrust into interstellar politics with the government naming him an intelligence attach é to the Sabia, a race that closely guards its own secrets.

Militias, corrupt politicians, and countries seeking military aid from the Sabia challenge Brendan's mission. On top of this, a medical mystery complicates the balance. Brendan's only chance at success involves accepting the impossible and unutterable. Only then can he learn the secrets in this Fallen world.

The Life and Work of Jefferson Davis Apr 30 2021 Jefferson Davis was an American politician who served as the first and only President of the Confederate States of America from 1861 to 1865. This collection presents to you a well sourced biography of Davis, which conveys the essence of the man and the determined politician. The edition also contains his most revealing works: "A Short History of the Confederate States of America" and "The Rise and Fall of the Confederate Government": Contents: Jefferson Davis by Frank H. Alfriend Works by Jefferson Davis: A Short History of the Confederate States of America: Before Secession Secession and Confederation The War The Rise and Fall of the Confederate Government

The Algorithm of Creation Aug 27 2023 2023 SMN Book Prize Winner - Significant Contribution to its Field The Algorithm of Creation is the last of Nicholas Hagger ' s quartet on the unity of the universe and humankind, and follows The Universe and the Light (1993), The One and the Many (1999) and The New Philosophy of Universalism (2009). It offers an algebraic formula written out for him by Junzaburo Nishiwaki, Japan ' s T.S. Eliot, in Tokyo in October 1965, that sums up the wisdom of the East: “ $+A + - A = 0.$ ” Based on ancient Chinese thinking, yin (dark) + yang (light) = the Tao, it shows all opposites reconciled in the underlying unity of the One Void whose emptiness is also a fullness. During a dinner at a conference of leading scientists at Jesus College, Cambridge in September 1992, watched by Nobel physics prizewinner Roger Penrose, Hagger reversed the formula to $0 = +A + - A$ when he wrote down the maths for his view of the origin and creation of the universe and showed the first two particles emerging from the Void ' s singularity, influenced by the 1992 discovery of ripples in the cosmic microwave background radiation and the Presocratic Anaximander of Miletus. In this work Hagger shows how this algebraic formula has worked as a universal algorithm, $0 = +A + - A = 0$. Its many variations have acted as rules that have controlled the creation and development of the expanding universe, its evolution and the rise of human history, religion and science, and its ultimate fate. The formula is behind many of

Hagger ' s works, and his application of this algorithm to all human knowledge of the universe and all disciplines takes him to a first-ever Theory of Everything, which is set out at the end: the algorithm of Creation containing 100 mathematical symbols (reflecting all the variations) that can be summed up in the above algorithm. This startling achievement has been made possible by his Universalist cross-disciplinary approach which focuses on the fundamental oneness of the universe and humankind, and the unitive vision.

The Golden Box May 04 2024 Jean Holly (still unmarried) leaves Taos to tend to family matters in her home town in Illinois, only to become involved in the murder of Mrs. Lake, owner of Fabian House. Patrick Abbott follows and takes up the chase for a murderer who is dangerously clever and determined.

Credlin & Co. Oct 29 2023 Credlin & Co. is the story of a relationship that determined the fate of a government. It shows in stunning detail the disastrous consequences of power abused, and the broken people left in its wake. 'Credlin was Abbott's enforcer, his disciplinarian, his counsellor, his brain, his mother. Her strength as a chief of staff was a sign of his weakness as a prime minister: she gave him the option of disengaging. Credlin allowed Abbott to be who he wanted to be: the good bloke, the philosopher, the weekend fire-fighter, the surfer, the orator, the man of action. If Abbott was a natural leader, it could have worked. But he lacked the most important attribute of all: judgement.' Tony Abbott and his chief of staff, Peta Credlin, ran a brilliant campaign in opposition. But their approach led to disaster in government. When Abbott became prime minister, he and Credlin ruthlessly controlled ministers, backbenchers, the public service and the media. They shut out voices that questioned Abbott's way. Everything started to unravel. Credlin & Co. is the story of a relationship that determined the fate of a government. It shows in stunning detail the disastrous consequences of power abused, and the broken people left in its wake.

An Odd Pilgrimage Apr 03 2024 Father Veniamin's son has been wounded in combat. Now, the priest must go to his son. However, his journey will require all four dimensions in order to save the one God loves.

Credlin and Co Feb 18 2023 Credlin was Abbott's enforcer, his disciplinarian, his counsellor, his brain, his mother. Tony Abbott and his chief of staff, Peta Credlin, ran a brilliant campaign in opposition. But their approach led to disaster in government. When Abbott became prime minister, he and Credlin ruthlessly controlled ministers, backbenchers, the public service and the media. They shut out voices that questioned Abbott's way. Everything started to unravel. *Credlin & Co.* is the story of a relationship that determined the fate of a government. It shows in stunning detail the disastrous consequences of power abused, and the broken people left in its wake.

The Yellow Violet Sep 15 2022 In this mystery filled with “ lively and exciting doings, ” a PI in 1940s San Francisco tries to determine whether a beautiful woman is being framed (The New York Times). Corpses have been turning up with yellow violets accompanying them, and the clue seems to point to a Spanish performer who is in town with her dachshund, Pancho. But private detective Pat Abbott suspects the plants were a plant—and now he ’ s juggling the murders with a missing person case that may involve a fascist conspiracy, even if means postponing his wedding, in this compelling crime novel in the acclaimed long-running series. Praise for the Pat and Jean Abbott Mysteries “ Amusing and sophisticated. ” —The Star (London) “ [A] well-plotted and mystifying case. ” —Saturday Review

Murder on the Purple Water Nov 29 2023 After a body is found on a Florida fishing boat, a vacationing PI and his wife must cast a wide net . . . After Capt. Cy Martingale ’ s boat is docked in Key West, a passenger is left behind—not just dead drunk, but dead. Pat and Jean Abbott are in town for some rest and relaxation, but the captain is a friend and he wants their help. Unfortunately, what he wants help with is getting rid of the body, since he doesn ’ t really trust the local police. Pat Abbott is not about to be an accessory to murder, so he turns to another kind of captain: his friend on the force in New Orleans. They ’ ll have to debate their theories of the case before they can reel in the killer . . . Praise for the Pat and Jean Abbott Mysteries “ One of the more interesting married teams of detectives . . . A sort of globetrotting Nick and Nora. ” —Thrilling Detective “ Lively and exciting. ” —The New York Times “ [A] well-plotted and mystifying case. ” —Saturday Review

Needs of Elementary and Secondary Education for the Seventies Jan 08 2022

The Dawn of Carrier Strike Mar 10 2022 A biography of a British pilot set against the backdrop of the Royal Navy 's fight to regain control of its aviation after the First World War. The establishment of the RAF came at a cost—and it was the Royal Navy that paid the price. In 1918 it had been pre-eminent in the technology and tactics of employing aircraft at sea, but once it lost control of its own air power, it struggled to make the RAF prioritize naval interests, in the process losing ground to the rival naval air forces of Japan and the United States. This book documents that struggle through the cash-strapped 1920s and '30s, culminating in the Navy regaining control of its aviation in 1937, but too late to properly prepare for the impending war. However, despite the lack of resources, British naval flying had made progress, especially in the advancement of carrier strike doctrine. These developments are neatly illustrated by the experiences of Lieutenant William Lucy, who was to become Britain 's first accredited air 'ace ' of the war and to lead the world 's first successful dive-bombing of a major warship. Making extensive use of the family archive, this book also reproduces many previously unseen photographs from Lucy 's album, showing many aspects of life in the Fleet Air Arm up to the end of the Norway campaign. The inter-war concentration on carrier strike would be spectacularly vindicated during World War II—and it was the Royal Navy that had led the way.

The Polkadot Murder Mar 22 2023 “ The Hollywood-cum-Santa Fe artists, both screwy and sensible, in the desert are all neatly caught in the lively style given to Mrs. Pat to narrate. Grade: A ” —The Saturday Review “ Plenty of excitement. ” —Kirkus From the jacket: “ Time was, ” said the sheriff of Santa Maria, “ when murder was murder in this country. ... But now we got artists and writers and therefore psychology. It's enough to ruin the country. ” It was lucky for Sheriff Trask that Pat Abbott and his lively wife, Jeanie, were vacationing in the little New Mexican artists ' colony the day a psychotic war veteran and a gangster's widow arrived on the Plaza. By an unlikely coincidence they were the former spouses of friends of the Abbotts who had just announced their engagement. Gilbert Mason, a Hollywood writer with a penchant for seeing the

worst, pointed out to Jeanie that it looked as if there would be no marriage, for the widow packed a gun. The first day of tension exploded into murder and kidnapping, both crimes committed almost simultaneously, as if they had been masterminded to confuse pursuit. Immediately everyone began to act out of character. Competent Vanessa Wells, a writer who had lived alone and liked it for years, turned nervous and absent-minded. Gilbert Mason, a confirmed gossip, acted as if he knew more than he told. The gangster's widow and her apeline retainer became good Samaritans. And the handsome war veteran, who'd always looked after himself, began to plot his own downfall. Through the exciting adventure Mrs. Crane conveys the many aspects of the New Mexican landscape, using the charm of Spanish-Indian culture, the backbiting of bohemia, and the terrifying, cruel loneliness of the desert to enhance the suspense.

Forget the Alamo Mar 02 2024 A New York Times bestseller! “ Lively and absorbing. . . ” — The New York Times Book Review "Engrossing." —Wall Street Journal “ Entertaining and well-researched . . . ” —Houston Chronicle Three noted Texan writers combine forces to tell the real story of the Alamo, dispelling the myths, exploring why they had their day for so long, and explaining why the ugly fight about its meaning is now coming to a head. Every nation needs its creation myth, and since Texas was a nation before it was a state, it's no surprise that its myths bite deep. There's no piece of history more important to Texans than the Battle of the Alamo, when Davy Crockett and a band of rebels went down in a blaze of glory fighting for independence from Mexico, losing the battle but setting Texas up to win the war. However, that version of events, as Forget the Alamo definitively shows, owes more to fantasy than reality. Just as the site of the Alamo was left in ruins for decades, its story was forgotten and twisted over time, with the contributions of Tejanos--Texans of Mexican origin, who fought alongside the Anglo rebels--scrubbed from the record, and the origin of the conflict over Mexico's push to abolish slavery papered over. Forget the Alamo provocatively explains the true story of the battle against the backdrop of Texas's struggle for independence, then shows how the sausage of myth got made in the Jim Crow South of the late nineteenth and early twentieth century. As uncomfortable as it may be to hear for some, celebrating the Alamo has long had an echo of celebrating whiteness. In the past forty-some years, waves of revisionists have come at this topic, and at times have made real progress toward a

more nuanced and inclusive story that doesn't alienate anyone. But we are not living in one of those times; the fight over the Alamo's meaning has become more pitched than ever in the past few years, even violent, as Texas's future begins to look more and more different from its past. It's the perfect time for a wise and generous-spirited book that shines the bright light of the truth into a place that's gotten awfully dark.

Geology - Mission Trails Park Feb 01 2024 Geology: Mission Trails Park by Patrick Abbott, Ph.D., geologist and professor emeritus at San Diego State University. This book explains the four phases of 126 million years of geologic history of Mission Trails Regional Park and identifies the "look and learn" sites within the park where geologic history can be observed and interpreted.
