A Threshold Crossed Omar Shakir, 2021 The widely held assumption that the Israeli occupation of Palestinian territory is a temporary situation and that the peace process will soon bring an end to Israeli abuses has obscured the reality on the ground today of Israel's entrenched discriminatory rule over Palestinians. A single authority, the Israeli government, rules primarily over the area between the Jordan River and Mediterranean Sea, populated by two groups of roughly equal size, methodologically privileging Jewish Israelis while repressing Palestinians most severely in the Occupied Palestinian Territory (OPT), made up of the West Bank, including East Jerusalem, and Gaza. Drawing on years of human rights documentation, case studies, and a review of government planning documents, statements by officials, and other sources, this report examines Israel's treatment of Palestinians and evaluates whether particular Israeli policies and practices in certain areas amount to the crimes against humanity of apartheid and persecution.
