Hypnotherapy is not the only discipline covered in this huge store of knowledge: among many other things, you will learn about health from a holistic point of view, benefits of nutrition, meditation, about relationships, sexuality and more. Steve Webster brilliantly explains: ? Simple, complex and metaphysical hypnotherapy. ? The differences between hypnosis and hypnotherapy. ? Approaches and amazing new techniques to use on different personality types. ? How to use 18 Laws of Suggestibility to rid clients of illness, disease and behavioral disorder, and how to reprogram your mind. ? Mechanics of hypnosis, the scientific intricacies, and 27 diagnostic tools to help you.... ? How to treat the top 35 afflictions like weight loss, anxiety, pain, sleep disorders, and social phobias. ? Guided imagery, neuroplasticity, epigenetics, neuro-linguistic programming, ideomotor responses and the power of dream venting. ? Your clients coping, blocking, release, and defense mechanisms. ? Body syndromes, how emotions affect us, and the subconscious mind. ? How one health disorder, HHS, might be responsible for 85% of afflictions. ? The real Law of Attraction, and how to make it work for you. Steve has coined a new description for hypnotherapists Consciousness Engineers because thats what they are! The clients consciousness creates their reality, and the hypnotherapist adjusts that consciousness. The subconscious mind vibrates at a level where it does not know illness, disease and behavioral disorder; but the conscious mind vibrates at a lower level and attracts these negative energies. After reading the Consciousness Engineering section (Volume 2), you will understand: ? Your 3 minds, their vibrational levels, and how to increase your power of creation. ? How to manifest anything, and how to become an ascended master. ? Learn what the subconscious mind is, and how to guide your client to engage with it, and harness its amazing powers. The two volumes explain how you create your whole world, and how to create a world that brings you (and your clients!) joy and peace. It explains levels of consciousness, how to increase yours, and how you are immortal in your quantum world. With over 100 inductions, deepeners and convincers, with over 100 original diagrams and images, and with over 100 informative tables and quotes. This book really is your hypnotherapy Bible! Hypnosis is a controversial practice with many myths about its power and dangers. 'Hypnosis, Healing and the Christian' cuts through the confusion to present a balanced defense of the use of hypnosis by Christians, arguing that it is a powerful tool in bringing about psychological change. John Court avoids minimizing the dangers of this powerful phenomenon, as he discusses examples of clinical hypnosis by Christians who have found emotional and spiritual benefits from its use. Setting ethical concerns about the use of hypnosis firmly within a framework of the biblical material, he argues that hypnosis is a morally neutral technique which may be used for good or ill. Its use by pagan and other religions should not prevent its constructive and godly use by Christians. This stimulating book will be of interest not only to those involved in counseling and healing ministries but also to Christians interested in broader understanding of how our human minds work. This step-by-step introduction to self-hypnosis is an original and well-crafted work that takes the novice reader through the basic steps of the subject and details how it can be applied for health, happiness, well-being and personal development. Packed with information and easy-to-understand techniques, it's designed to be used both by people new to hypnosis and by therapists already working with clients. Included are sections on trance states, diet, exercise, breathing, positive mental programming, boosting the immune system and confidence building. The outstanding feedback from THE ART OF SPIRITUAL HYPNOSIS: ACCESSING DIVINE WISDOM inspired Book Two of the spiritual hypnosis series...containing over 20 amazing case summaries contributed by veteran hypnotherapists. Read about life-changing sessions, resulting in emotional healings and physical healings. Some of these true stories have literally been called Miracles of the Mind by more than one hypnosis professional. Did God really participate in some of these sessions? Many people believe so. What are some of the other possible explanations for some of these amazing true stories? LIFE IS NOTHING SHORT OF A MIRACLE. LIVE IT AS IF THERE IS NO TIME LEFT. GET ANSWERS TO IT. David Rodríguez has spent a lifetime traveling and as a student of metaphysics describes from his personal experience, the use of hypnosis and transpersonal hypnotherapy to expand the human experience and potential while describing the many problems and challenges his clients have had and, at the same time, he gives us a non-dogmatic spiritual point of view. The quest for self-knowledge and awareness has gained increasing popularity over the past several decades, with an explosion of beliefs and methodologies. Central to these practices is the exploration of past lives. From the curious layperson to the traditional doctor of medicine, people are employing various techniques in an effort to facilitate this experience. Certified hypnotherapy instructor Mary Lee LaBay has written Past Life Regression: A Guide for Practitioners as a comprehensive text for beginning as well as veteran therapists. Ms. LaBay covers both basic and advanced techniques in a philosophical context, to help practitioners generate maximum healing and change during the past life session. Through case studies and concise instructions, the author demonstrates practical and elegant uses of these techniques that allow the client to discover life purpose, aspects of their relationships, roots of disease, addiction, and phobias, as well as a wide range of other life issues. Have you ever wondered how professional Mediums come to have faith in their psychic and mediumistic abilities? Join Garry Gewant - NJ medium, hypnotist and educator - on his spiritual evolution. From his childhood encounter with a ghostly apparition at age five, through denial and eventual validation of his psychic abilities, Garrys humor and easygoing storytelling will keep you spellbound as he describes his metaphysical exploration. Share his life-changing synchronicities and experiences at various metaphysical retreats with authors and mentors Dr. Brian Weiss, James Van Praagh, and John Holland, among others. Garrys unique voice brings you into the room as he uses hypnosis to help clients overcome smoking, fears, and detrimental behavior. Be there in his dentists chair as Garry undergoes a root canal using self-hypnosis instead of

Novocain! Eventually, Garry recognizes that his clients loved ones in spirit are enhancing his hypnosis sessions, with profound results. When he recognizes and accepts the synchronicities in his life, he gains the resolve to pursue his abilities as a psychic, medium, and past life regressionist. And in so doing, Garry forms a stronger connection with the spirit realm that leads him - and YOU, the reader - on a unique spiritual journey. Dr. Michael Newton is world-famous for his spiritual regression techniques that take hypnotic subjects back to their time in the spirit world. His two best-selling books of client case studies, *Journey of Souls* and *Destiny of Souls*, have left thousands of readers eager to discover their own afterlife adventures, their soul companions and guides, and their purpose in this lifetime. Now, for the first time in print, Dr. Newton reveals his step-by-step methods. His experiential approach to the spiritual realms sheds light on the age-old questions of who we are, where we came from, and why we are here. This groundbreaking guidebook, designed for both hypnosis professionals and the general public, completes the afterlife trilogy by Dr. Newton. This book will reconnect you to divine truth, and provide a solid foundation for finding peace, wholeness, and fulfillment in a world of uncertainty and chaos. The book takes you through a spiritual and psychological inner healing process that will resonate with your being's deepest core. The ultimate self-help book if you're seeking freedom from self-deception. This book will be your companion on the road to the life that God intended for you. The book gives you access to real power and a new blueprint for rebuilding your life. You'll gain the clarity to:

- Pursue worthy dreams and make them your reality
- Incorporate relaxation and balance into a stressful lifestyle
- Improve your mental, physical and emotional health

If you're seeking the courage to face a new chapter in your life or trying to gain a fresh perspective on life itself, this book will give you specific guidance from ancient wisdom that has become relatively obscure in modern society. It will plant the seeds and provide the framework for the transformation of both soul and spirit. Transpersonal Hypnosis presents a multidimensional, energy-based view of human awareness that integrates disparate biological, psychological, and spiritual therapeutic techniques. Each of the chapters - all from world-renowned contributors - includes both a historical overview and the theory behind the development of each technique. The authors emphasize experimental studies that examine the validity of using hypnotically accessed transpersonal states of consciousness to heal the body, mind, and spirit. Several clinical vignettes highlight the types of medical and psychological symptoms responsive to these approaches. The emerging field of spiritually-influenced treatments is transforming the practice of medicine. The first book in the world, which talks about de-hypnosis and explains spiritual dimensions of hypnosis in an eastern way. Hypnosis is spiritual in the sense that in hypnosis, illusion is created to destroy illusion. It applies the principle of *similia similibus curentur*: let like be cured by like. In this book, there are two parts. The first part of this book will wake you up from maya and de-hypnotize you by creating awareness using traditional gyana. The second part of the book teaches some time-tested, verified, and effective modern hypnosis methods to de-hypnotize and integrate you. It is said, "to take out a nail, use another nail." Hypnosis uses illusion to remove illusions and delusions of your perceptions about yourself, your guilt, fears, phobias, anxiety, and hatred, etc. Sounds strange though, when I tell you to use hypnosis for de-hypnosis. However, that is the quickest way to get out of mental illusions and delusions. Nothing is ever coincidental. Everything happens for a reason. "Reason is around and within each one of us." Learn to create the reason within. George Spiric Fraxon This book is a work on the discovery of the Energy of Life. It has been forty years old, and it reveals to you the potentials of spiritual energy that has not been known so far. By identifying the power, you will be able to put all your potentials at the maximum and put into the function of the present moment and a healthy and effective functioning! Getting a chance for big changes, go to your eternity! Let's be the creator of our future . . . GSF Papers presented at the National Conference on Hypnotherapy : the Therapy of New Millennium, held at Vadodara during 9-11 January 2009. This latest book from Dr. Michael Likey covers not only the topic of Mystical Self-Hypnosis, but also helps you to choose between the modalities (as a patient, or therapist) of Meditation or Self-Hypnosis. (discussing the differences as well as similarities) As well, a base of Theocentric Psychology/Spiritual Mind-Science is provided, as well as a primer on the workings of the human brain from a spiritual perspective, differences between western and eastern psychotherapy, as well as the latest spiritual technologies and tools to help you work through issues as outlined in Dr. Likey's anonymous clients' case-histories. Contacting spirit guides is as old as civilization itself. Shamans dating back to at least 50,000 B.C. ritually contacted nonphysical entities. The Mystery Schools of Ancient Egypt, Greece, Persia, Rome, and India also dealt with contacting spirit guides. Every major religion acknowledges the reality of incarnate entities or spirits, whether they are called saints, angels, the Holy Spirit, and so on. One of the purposes of this book is to demystify this process. The media's depiction of spirit contact has led to the false assumption that anyone who establishes this contact must be in great danger. In reality, this communication is natural, relatively simple, and a wonderful growth experience. Spirit communication removes the fear of death and bereavement, and results in a form of spiritual empowerment. Contacting your spirit guides can help us: Develop your intuition and other psychic abilities. Increase your ability to love yourself and others. Become more aware of the workings of the universe. Establish better contact with your own Masters and Guides and Higher Self to facilitate your own spiritual evolution. Protect you from negative entities and/or other forces in the universe. Access the wisdom of the ancients. Establish and maintain your own physical, mental, emotional, and spiritual health. Overcome bad habits and fears. Eliminate the fear of death. See into the future. Master the art of out-of-body experiences. Learn your true karmic purpose. Spirit Guide Contact Through Hypnosis includes free audio companion downloads. A guide to self-hypnosis that explains how to enter a hypnotic trance, direct the subconscious, and use hypnosis to lose weight, increase self-confidence, eliminate bad habits and phobias, and treat other conditions. Dr. Michael Likey teaches you the workings of the human brain in a way that both professionals and lay-people alike can understand. How the practices of self-hypnosis and meditation from a mystical perspective can help you to live an even more productive and quality life is also addressed. Hypnotherapy is a spiritual science, with tremendous possibilities of achieving holistic health, without using medicines. Use of hypnosis in treatment is known for millennia and had become popular in the 19th century. But, with the advent of psychoanalysis and advanced medical facilities, it declined in popularity, to be revived in the second half of last century. Modern hypnotherapy is a rather young branch of healing discipline. It is not properly understood and not utilized to its full extent, mainly due to the misconceptions and lack of awareness. In 'Hypnotherapy: Healing through the Mind' Dr. Uma Devi has tried to present hypnosis and its therapeutic uses and benefits in a simple manner. The principles and procedures of hypnotherapy and its applications are described, with actual case studies from the author's experience. Its easily understandable language and lucid presentation are sure to make the book appealing to the readers. This book fills a lacuna in the published literature on clinical hypnotherapy, where the different aspects of hypnotherapy and its varied applications are presented under a single title. Topics covered include power of subconscious mind, steps in hypnotherapy session, emotional basis of physical diseases, visualisation and guided imagery, self hypnosis and regression therapy. Applications including case studies in clinical, non-clinical and childrens issues are described. This is not just another book about hypnosis! Noted clinical psychologist Dr. Fredrick Woodard instructs you in the five principles of perceptual hypnosis, a method and tool that explores spirituality and psycho-hypnotherapy by aiding you in altering your everyday experiences through a change of awareness. Learn to adjust and expand your personal world and increase perceptions readily available to you. Change how you see yourself in the universe and improve your ability to maintain and maximize your spiritual growth. Explore the aspects of the universe that were previously invisible, and identify and reduce unfounded threats unhampered by fear. Is something missing in your life? Reviews "An incredible book, utterly riveting, absolutely magical!" SP "I really liked this book and thought it was a good read. If you are someone that meditates I'm sure you will also find it interesting. It's not that long and not very expensive so for me it's like, why not? I'm a big fan of self hypnosis as I used it to achieve a beautiful birth several years ago. Since then I have been kind of doing my own thing meditating but this book really helped me expand my mental exercises. It essentially gives a ton of different ways to explore your own psyche. I find it to be a very helpful guide to self hypnosis. The chapter on scary dreams tremendously helped me navigate this problem with my 5 year old daughter. Now each night before bed she gets so excited to go to her personal Fantasyland, where we often deal with the things that are troubling her in a safe and self-empowered way. For this reason alone it was worth it to me. Also I'm a lifelong student of astrology and I loved his combination of these two worlds, astrological archetypes and deep meditation. Good stuff." AT "This a fun book to read. Noel's writing style is informative and flows nicely. I have the Kindle version. Buy it you'll like it!" MK "Digs deep into the issues of life, be it struggles or challenges. Noel not only explains the roots of inner dragons, but also describes how to identify them. Living with Dragons is an insightful and practical look at the negative thoughts and emotions that can impede our lives on a daily basis. This book will not only help you shed light on things you may have tried to hide, but it will also guide you towards practical steps to slay your Dragons. No matter what negativity fills your inner World, Living with Dragons will help you move towards it, face it head on, and squash it." C "This work is a vital and necessary tool for anyone wishing to understand and confront their 'inner demons'...or 'dragons' as Noel so aptly names them. His

prodigious experience as a clinical psychologist is clearly apparent here, yet it is not couched in confusing medical terminology but instead with mythologies we all know, and instructions on 'how to' that are so very easy to read and to understand. In fact he makes it hard not to want to attempt this journey inward, and to meet those inner dragons that we all have somewhere within. Herein he gives invaluable directions on ways in which to make this inward journey via trance and self-hypnosis methods, both safely and productively. The examples he gives are not only fascinating but intensely engaging in every way. This work is inspiring, exciting and riveting, and I strongly recommend it." S Havens explores the hypnotic pathways that can lead to an alternate experiential world. This world of inner peace and happiness can be created by even a momentary immersion in the unknown potentials that lie just beneath the surface of everyone's conscious awareness.
