A Call to Action:

Regulate Use of Cell Phones on the Road

When a cell phone goes off in a classroom or at a concert, we are irritated, but at least our lives are not endangered. When we are on the road, however, irresponsible cell phone users are more than irritating: They are putting our lives at risk. Many of us have witnessed drivers so distracted by dialing and chatting that they resemble drunk drivers, weaving between lanes, for example, or nearly running down pedestrians in crosswalks. A number of bills to regulate use of cell phones on the road have been introduced in state legislatures, and the time has come to push for their passage. Regulation is needed because drivers using phones are seriously impaired and because laws on negligent and reckless driving are not sufficient to punish offenders.

No one can deny that cell phones have caused traffic deaths and injuries. Cell phones were implicated in three fatal accidents in November 1999 alone. Early in November, two-year-old Morgan Pena was killed by a driver distracted by his cell phone. Morgan's mother, Patti Pena, reports that the driver "ran a stop sign at 45 mph, broadsided my vehicle and killed Morgan as she sat in her car seat." A week later, corrections officer Shannon Smith, who was guarding prisoners by the side of the road, was killed by a woman distracted by a phone call (Besthoff). On Thanksgiving weekend

Recitatif Toni Morrison, 2022-02-01 A beautiful arresting short story by Toni Morrison the only one she ever wrote about race and the relationships that shape us through life with an introduction by Zadie Smith Twyla and Roberta have known each other since they were eight years old and spent four months together as roommates in the St Bonaventure shelter Inseparable at the time they lose touch as they grow older only to find each other later at a diner then at a grocery store and again at a protest Seemingly at opposite ends of every problem and in disagreement each time they meet the two women still cannot deny the deep bond their shared experience has forged between them Written in 1980 and anthologized in a number of collections this is the first time *Recitatif* is being published as a stand alone hardcover In the story Twyla s and Roberta s races remain ambiguous We know that one is white and one is black but which is which And who is right about the race of the woman the girls tormented at the orphanage Morrison herself described this story as an experiment in the removal of all racial codes from a narrative about two characters of different races for whom racial identity is crucial *Recitatif* is a remarkable look into what keeps us together and what keeps us apart and about how perceptions are made tangible by reality
