The Leadership Code Dave Ulrich, Norm Smallwood, Kate Sweetman, 2009-01-08 What makes a great leader? It's a question that has been tackled by thousands. In fact, there are literally tens of thousands of leadership studies, theories, frameworks, models, and recommended best practices. But where are the clear, simple answers we need for our daily work lives? Are there any? Dave Ulrich, Norm Smallwood, and Kate Sweetman set out to answer these questions to crack the code of leadership. Drawing on decades of research, experience, the authors conducted extensive interviews with a variety of respected CEOs, academics, experienced executives, and seasoned consultants, and heard the same five essentials repeated again and again. These five rules became *The Leadership Code*. In *The Leadership Code*, the authors break down great leadership into day-to-day actions so that you know what to do Monday morning. Crack the leadership code and take your leadership to the next level.

Leading Colleges and Universities Stephen Joel Trachtenberg, Gerald B. Kauvar, E. Gordon Gee, 2018-04-16 How experienced college and university leaders guide successful institutions and why they sometimes lose their way. Today's college and university leaders face complex problems that test their political acumen, as well as their judgment, intellect, empathy, and ability to plan and improvise. How do they thoughtfully and creatively rise to the challenge? In *Leading Colleges and Universities*, editors Stephen Joel Trachtenberg, Gerald B. Kauvar, and E. Gordon Gee bring together a host of presidents and other leaders in higher education who describe how they dealt with the issues. Each contributor has been effective as a president or other significant leader in postsecondary education. In this book, they share real-life examples and stories that illustrate how they have dealt with the challenges they encountered. Together, they answer these and other core questions: How do you manage college athletics, faculty, a governing board, donors, and a local community? What do you need to know about crisis management and legal affairs? When should you be outspoken in the media, and when should you be quiet? The book does not shy away from hot contemporary issues, tackling such controversial matters as free speech, Title IX, athletics, fraternities, student and faculty diversity, and board relations. Presidents and would-be presidents, as well as boards, search committees, state boards, legislators, and others involved in higher education will find much helpful guidance in this timely book.
