**Racial Profiling and the Effects it has on Blacks
in the Criminal Justice System.**

Research Paper On Racial Profiling

Anthony Gennaro Vito

Research Paper On Racial Profiling

Shopping While Black Shaun L. Gabbidon, George E. Higgins, 2020-05-25 Winner of the 2022 Academy of Criminal Justice Sciences Outstanding Book Award Shopping While Black Consumer Racial Profiling in America lays out the results of nearly two decades of research on racial profiling in retail settings Gabbidon and Higgins address the generally neglected racial profiling that occurs in retail settings Although there is no existing national database on shoplifting or consumer racial profiling CRP from which to study the problem they survey relevant legal cases and available data sources This problem clearly affects a large number of racial ethnic minorities and causes real harm to the victims such as the emotional trauma attached to being excessively monitored in stores and in the worst case scenarios falsely accused of shoplifting Their analysis is informed by their own experience one co author is a former security executive for a large retailer and both are Black men who understand firsthand the sting of being profiled because of their color After providing an overview of the history of CRP and the official and unofficial data sources and criminological literature on this topic they address public opinion polls as well as the extent and impact of victimization They also provide a review of CRP litigation provide recommendations for retailers to reduce racial profiling and also chart some directions for future research This book is appropriate for researchers as well as advanced undergraduates and graduate students in Criminology Black Studies Ethnic Studies Sociology Security Studies and Law programs and will be of interest to the general reader **Racial Profiling** Brian L. Withrow, 2006 In doing so this text becomes the most comprehensive and unbiased treatise of the racial profiling controversy available BOOK JACKET

Racial Profiling Noël Merino, 2014-12-22 The writings in this anthology have been selected to introduce your readers to a wide array of viewpoints on the use of racial profiling in law enforcement Written by foremost authorities in the field these essays express leading liberal conservative and centrist views Each chapter asks a relevant question about the topic and the viewpoints that follow are grouped into yes and no categories Questions debated in this book are whether racial profiling is a problem whether Arab Muslims should be profiled in the War on Terror what the causes and consequences of racial profiling are and what should be done about it **Police Brutality, Racial Profiling, and Discrimination in the Criminal Justice System** Egharevba, Stephen, 2016-11-17 In order to protect and defend citizens the foundational concepts of fairness and equality must be adhered to within any criminal justice system When this is not the case accountability of authorities should be pursued to maintain the integrity and pursuit of justice Police Brutality Racial Profiling and Discrimination in the Criminal Justice System is an authoritative reference source for the latest scholarly material on social problems involving victimization of minorities and police accountability Presenting relevant perspectives on a global and cross cultural scale this book is ideally designed for researchers professionals upper level students and practitioners involved in the fields of criminal justice and corrections *Racial Profiling* Ronnie A. Dunn, Wornie Reed, 2011 New Publication Now Available Racial profiling is a

phenomenon that has been around for many years As of 2007 there had been over 200 court cases involving allegations of racial and ethnic profiling against law enforcement agencies in the United States Consequently it is an issue of significant concern While racial profiling can affect many aspects of the lives of minorities including Arab and Muslim Americans Racial Profiling Causes and Consequences focuses on the driving while black DWB phenomenon Among the most frequently occurring incidences of racial profiling is traffic stops for minor traffic violations which often result in vehicle searches for contraband That is the focus of this book which includes several studies of traffic stops and assesses traffic stops from several perspectives Racial Profiling Causes and Consequences Includes a study that analyzes reports from several states on data collected in traffic stops These data indicate the race of the driver and the disposition of the traffic stop i e race search and yield for contraband This data was examined for evidence of racial discrimination Features several personal stories of DWB in order to illuminate the pervasiveness of its occurrence Presents a comprehensive study of traffic ticketing in Cleveland Ohio This study integrates research methods used in other studies to provide an enhanced estimate of the driving population within the particular geographic area being studied Provides an analysis of the DWB issue from an institutional racism perspective rather than the traditional individual racist police officer paradigm in which the issue is generally discussed Highlights the less obvious concomitant socioeconomic and legal ramifications of DWB such as the revocation of one s driver s license due to the accumulation of points for moving traffic violations and the various economic costs and hardships that stem from this loss of driving privileges the possibility of multiple traffic infractions being added to a police record as was the case with Timothy Thomas the young black man shot to death by Cincinnati police in 2001

Suspect Race Jack Glaser, 2015 In *Suspect Race* social psychologist and public policy expert Jack Glaser leverages a century s worth of social psychological research to provide a clear understanding of how stereotypes even those operating outside of conscious awareness or control can cause police to make discriminatory judgments and decisions about who to suspect stop question search use force on and arrest Glaser argues that stereotyping even nonconscious stereotyping is a completely normal human mental process but that it leads to undesirable discriminatory outcomes Additionally he finds evidence that racial profiling can actually increase crime and he considers the implications for racial profiling in counterterrorism *Suspect Race* brings to bear the vast scientific literature on intergroup stereotyping to offer the first in depth and accessible understanding of the primary cause of racial profiling and to explore implications for policy

Racial Profiling Karen S. Glover, 2009-08-16 Karen S Glover investigates the social science practices of racial profiling inquiry examining their key influence in shaping public understandings of race law and law enforcement Commonly manifesting in the traffic stop the association with racial minority status and criminality challenges the fundamental principle of equal justice under the law as described in the U S Constitution Communities of color have long voiced resistance to racialized law and law enforcement yet the body of knowledge about racial profiling rarely engages these voices Applying a critical race framework Glover provides

in depth interview data and analysis that demonstrate the broad social and legal realms of citizenship that are inherent to the racial profiling phenomenon To demonstrate the often subtle workings of race and the law in the post Civil Rights era the book includes examination of the 1996 U S Supreme Court s Whren decision a judicial pronouncement that allows pretextual action by law enforcement and thus widens law enforcement powers in decisions concerning when and against whom law is applied

Racial Profiling Michael L. Birzer, 2012-11-14 Many racial minority communities claim profiling occurs frequently in their neighborhoods Police authorities for the most part deny that they engage in racially biased police tactics A handful of books have been published on the topic but they tend to offer only anecdotal reports offering little reliable insight Few use a qualitative methodological lens to provide the context of how minority citizens experience racial profiling

Racial Profiling They Stopped Me Because I m places minority citizens who believe they have been racially profiled by police authorities at the center of the data Using primary empirical studies and extensive in depth interviews the book draws on nearly two years of field research into how minorities experience racial profiling by police authorities The author interviewed more than 100 racial and ethnic minority citizens Citing 87 of these cases the book examines each individual case and employs a rigorous qualitative phenomenological method to develop dominant themes and determine their associated meaning Through an exploration of these themes we can learn What racial profiling is its historical context and how formal legal codes and public policy generally define it The best methods of data collection and the advantages of collecting racial profiling data How certain challenges can prevent data collection from properly identifying racial profiling or bias based policing practices Data analysis and methods of determining the validity of the data The impact of pretextual stops and the effect of Whren v United States A compelling account of how minority citizens experience racial profiling and how they ascribe and give meaning to these experiences the book provides a candid discussion of what the findings of the research mean for the police racial minority citizens and future racial profiling research

Michael L Birzer was recently interviewed on public radio about his book *Racial Profiling They Stopped Me Because I m*

Racial Profiling Katheryn Russell-Brown, 2020 In recent years there have been several widely publicized cases in which racial profiling became police brutality As well there have been scores of famous Black men who have offered their personal accounts as victims of racial profiling All of these have helped to propel the issue onto the nation s front burner The varied responses to racial profiling indicate the range of groups affected by and concerned about the practice Notably this includes former President Bill Clinton who shared his belief that racial profiling is a national problem The issue of racial profiling has evoked a wide range of policy responses including legislation political commentary community protests and empirical study The groundswell of activity around the topic invites a preliminary assessment and critique of the state of the existing literature on racial profiling This article divided into four parts provides a status report on racial profiling research The first section discusses and analyzes how the term racial profiling has been defined The second part categorizes the legislation federal and state introduced in response to the problem of racial

targeting This section also provides an overview of the empirical research on racial profiling The third part includes a critique and assessment of the existing literature and offers a road map for future legislation and research on racial profiling

Racial Profiling Anthony Gennaro Vito,2016-12-08 Racial Profiling Using Propensity Score Matching to Examine Focal Concerns Theory combines theory and propensity score matching to offer readers a better understanding of racial profiling through traffic stop data concerning the race and gender of the driver The book examines the likelihood of a citation search or consent search for similarly situated African American and Caucasian drivers in general similarly situated African American and Caucasian male drivers and similarly situated African American and Caucasian female drivers Whether and why police exercise racial profiling in their decisionmaking is one of the most hotly debated topics in criminal justice In this work Anthony Vito uses Focal Concerns Theory to explain police officer decisionmaking in traffic stop outcomes via propensity score matching revealing the intersectional dynamics of racial profiling and gender bias by the Louisville Police Department The unique approach of looking at the Focal Concerns Theory components of blameworthiness protection of the community and practical constraints and consequences together with propensity score matching provides a theoretical lens for analysis and a model for future studies This book is an original and timely resource for researchers scholars practitioners and other stakeholders focusing on the problem of racial profiling in policing

Profiles in Injustice David A. Harris,2003 Argues that racial profiling by police officers highway troopers and customs officials is morally reprehensible and does not help catch criminals but rather contributes to the moral decay of American society

Racial Profiling Studies in Law Enforcement Jim Cleary,2000

Racial Profiling Laurie E. Ekstrand,Evi L. Rezmovic,2000-12 Racial profiling of motorists by law enforcement that is using race as a key factor in deciding whether to make a traffic stop is an issue that has received increased attention in recent years Numerous allegations of racial profiling of motorists have been made and several lawsuits have been won This report provides info on the findings and methodologies that have been conducted on racial profiling of motorists and federal state and local data available on motorist stops The analyses indicates that African American motorists in particular and minority motorists in general were proportionately more likely than whites to be stopped on the roadways studied

Measuring Racial Discrimination National Research Council,Division of Behavioral and Social Sciences and Education,Committee on National Statistics,Panel on Methods for Assessing Discrimination,2004-07-24 Many racial and ethnic groups in the United States including blacks Hispanics Asians American Indians and others have historically faced severe discrimination pervasive and open denial of civil social political educational and economic opportunities Today large differences among racial and ethnic groups continue to exist in employment income and wealth housing education criminal justice health and other areas While many factors may contribute to such differences their size and extent suggest that various forms of discriminatory treatment persist in U S society and serve to undercut the achievement of equal opportunity

Measuring Racial Discrimination considers the definition of race and racial discrimination reviews the existing techniques

used to measure racial discrimination and identifies new tools and areas for future research The book conducts a thorough evaluation of current methodologies for a wide range of circumstances in which racial discrimination may occur and makes recommendations on how to better assess the presence and effects of discrimination *A Resource Guide on Racial Profiling Data Collection Systems* U.s. Department of Justice, Deborah Ramirez, Jack McDevitt, Amy Farrell, 2012-09-25 On June 9 10 1999 President Bill Clinton Attorney General Janet Reno civil rights leaders police and other government leaders participated in the Strengthening Police Community Relationships conference in Washington D C During the conference President Clinton called racial profiling a morally indefensible deeply corrosive practice and further stated that racial profiling is in fact the opposite of good police work where actions are based on hard facts not stereotypes It is wrong it is destructive and it must stop As a result of increased national concern over racial profiling the President directed federal agencies to begin gathering data on the race and ethnicity of persons stopped for future analysis At a later session of the same conference participants discussed the design and implementation of racial profiling data collection systems That discussion featured presentations by state and local jurisdictions where efforts were already under way to collect data on the race ethnicity and gender of the individuals police stop This guide is an outgrowth of that breakout session As its title suggests the guide is designed to provide law enforcement state and local elected officials civil rights leaders community organizations and other local stakeholders with strategies and practices for gathering and analyzing data about police stops By providing information about the nature characteristics and demographics of police enforcement patterns these data collection efforts have the potential for shifting the rhetoric surrounding racial profiling from accusations anecdotal stories and stereotypes to a more rational discussion about the appropriate allocation of police resources Well planned and comprehensive data collection efforts can serve as a catalyst for nurturing and shaping this type of community and police discussion This guide is a blueprint that police and communities can use to develop data collection systems It offers practical information about implementing these systems and analyzing the data The guide is not intended to serve as a comprehensive and thorough inventory of all existing data collection systems It focuses on providing detailed descriptions of data collection efforts in a few selected sites San Jose California which has designed a simple letter code system allowing information to be collected verbally via radio or by computer San Diego California which utilizes an online data collection system North Carolina the first state to collect data on traffic stops pursuant to state legislation Great Britain which uses a paper based system to collect information on both traffic and pedestrian stops and searches and New Jersey which is collecting information on traffic stops pursuant to a consent decree with the U S Department of Justice DOJ These sites were first identified by DOJ in preparation for the conference and represent various population sizes and geographic locations Site visits were later made to obtain further information about each site s data collection process Since the conference there has been a flurry of activity in this area and hundreds of jurisdictions have begun to initiate data collection efforts This resource

guide is organized into four main sections Chapter 2 An introduction to the nature of the problem of racial profiling Chapter 3 A general description of data collection and its limitations Chapter 4 Study site descriptions and analysis Chapter 5 Recommendations and future goals The selected site approach of this resource guide is intended to encourage and guide police and communities as they begin to take action to evaluate allegations of racial profiling and to help police and communities learn from one another's experiences and successes

Racial Profiling and the NYPD Jay L. Newberry, 2017-06-15 This book analyzes New York City's stop and frisk data both pre and post constitutionality ruling examining the existence of both profiling and unequal treatment among the three largest groups identified in the database Blacks Whites and Hispanics The purpose for using these two time periods is to determine which group's benefited the most from the ruling This research goes beyond standard statistics to identify the place that race holds in contributing to the stop disparities Specifically this research will add a spatial element to the numbers by analyzing the determinants of stop location by race applying a principal component analysis to a mixture of census and stop and frisk data to determine the influence of location on stops by race The results present a way of determining the plausibility of stops being the product of racial profiling or just a matter of happenstance

[Black and Mainstream Press' Framing of Racial Profiling](#) Mia Moody-Ramirez, Mia Nodeen Moody, 2008 Racial profiling has been a controversial topic in civil rights dialogue for centuries beginning with the Negro Free Registry in the slave era emerging again with the 1980s War on Drugs and climaxing with the 2000 War on Terror This study offers an in depth overview of the evolution of racial profiling in the United States throughout these diverse periods It specifically offers an in depth examination of how mainstream and Black press newspapers framed the phenomena of racial profiling three years before and after the September 11 terrorist attacks It offers readers a peek at the various types of frames ethnic groups and sources that journalists chose in their quest to cover the issue Moreover it defines compares and contrasts the differences in Black and Mainstream media's coverage of the issue and the unique purpose that each media form serves Finally this work provides a brilliant example of a frame analysis carried to its full extent

Good Cop, Bad Cop Milton Heumann, Lance Cassak, 2003 Good Cop Bad Cop looks at the rise of racial profiling one of the most important and hotly debated topics in criminal justice and traces its development from its origins in criminal profiling through the use of profiles in drug trafficking prevention efforts in airports and on the U S highways until it became synonymous with racial discrimination by law enforcement The authors draw upon an extensive body of primary sources social science literature and court cases to examine how law enforcement legislators and the courts have handled racial profiling They also review the debate over racial profiling offering arguments made by its opponents and defenders before and after the events of September 11 and describe its development as both a legal and a cultural concept

[Race and Crime](#) Helen Taylor Greene, Shaun L. Gabbidon, 2011-04-18 Race and Crime A Text Reader includes a collection of recent articles on race and crime published in a number of leading criminal justice journals along with original textual material that serves to

explain and unify the readings Through discussion of selected articles numerous topics are explored including the historical social economic and political contexts of race and crime such as class gender comparative perspectives justice issues theories and statistics [Racial Profiling and Discrimination](#) Corinne Grinapol,2015-07-15 Although society has come a long way toward accepting all kinds of people flagrant racial profiling and discrimination remain a harsh reality This helpful book covers different types of discrimination illustrated with real life stories Readers will learn what they can do if they experience racial profiling and are in the thick of the struggle to navigate the legal system More importantly they will learn what steps they can take to avoid getting into trouble in the first place Readers will be guided through key elements of the justice system with an eye toward making a bad situation as bearable as possible
