The Silence of God (1897) has become a classic on the subject of why God has not directly intervened in the affairs of men for the past two thousand years. Here's how Anderson puts the question he addresses: "And to not a few this volume may be welcome as affording a clue to pressing difficulties which perplex and distress the thoughtful. Infidelity trades upon the silence of Heaven, the inaction of the Supreme. If there be a God, almighty and all-good, why does He not use His power and give proof of His goodness in the way men choose to expect of Him? The answer usually offered by the Christian apologist fails either to silence the opponent or to satisfy the believer. And rightly so, for it is lacking not only in cogency but in sympathy. The God of the Bible is infinite both in power and in compassion; and in other ages His people had public proof of this. Why, then, is He so silent?" The volume contains the 22 papers presented to Hanan Eshel before his death, covering topics in archaeology, history, and textual studies, with a particular emphasis on aspects relating to the Dead Sea Scrolls, spanning the late Iron Age through late Antiquity. The NIV is the world's best-selling modern translation, with over 150 million copies in print since its first full publication in 1978. This highly accurate and smooth-reading version of the Bible in modern English has the largest library of printed and electronic support material of any modern translation.
