"A powerful, revealing story of hope, love, justice, and the power of reading by a man who spent thirty years on death row for a crime he didn't commit"-- The Search for the Legacy of the USPHS Syphilis Study at Tuskegee is a collection of essays that seeks to redefine the "legacy" of the infamous Tuskegee Syphilis Study in light of recent findings from other scientific studies that challenge the long-standing, widely-held understanding of the study. These essays are written with thoughtful attention to fully integrate the essayists' perspectives on the impact of the study on the lives of Americans today and place the legacy of the study within the evolving picture of racial and ethnic relations in the United States. Each essayist looks through his or her own personal and professional prism to give an account of what constitutes that legacy today. Contributors include the two leading historians of the Tuskegee Syphilis Study and two former Surgeons General of the United States as well as other prominent scholars from the fields of public health, bioethics, psychology, biostatistics, medicine, dentistry, journalism, medical sociology, medical anthropology, and health disparities research. The Legacy Project: So the Next Generation Will Know is a collection of new songs born of the question, What would you like your legacy to be? Renowned songwriters Travis Cottrell, Larnelle Harris, Mike Harland, Krissy Nordhoff, Mark Harris, and others answered that question with incredible songs that range from uplifting and celebratory to prayerful and inspiring. The essential, cornerstone book of modern environmentalism is now offered in a handsome 40th anniversary edition which features a new Introduction by activist Terry Tempest Williams and a new Afterword by Carson biographer Linda Lear. Get more out of your legacy systems: more performance, functionality, reliability, and manageability Is your code easy to change? Can you get nearly instantaneous feedback when you do change it? Do you understand it? If the answer to any of these questions is no, you have legacy code, and it is draining time and money away from your development efforts. In this book, Michael Feathers offers start-to-finish strategies for working more effectively with large, untested legacy code bases. This book draws on material Michael created for his renowned Object Mentor seminars: techniques Michael has used in mentoring to help hundreds of developers, technical managers, and testers bring their legacy systems under control. The topics covered include Understanding the mechanics of software change: adding features, fixing bugs, improving design, optimizing performance Getting legacy code into a test harness Writing tests that protect you against introducing new problems Techniques that can be used with any language or platform—with examples in Java, C++, C, and C# Accurately identifying where code changes need to be made Coping with legacy systems that aren't object-oriented Handling applications that don't seem to have any structure This book also includes a catalog of twenty-four dependency-breaking techniques that help you work with program elements in isolation and make safer changes. Real solutions to a hidden epidemic: family estrangement. Estrangement from a family member is one of the most painful life experiences. It is devastating not only to the individuals directly involved--collateral damage can extend upward, downward, and across generations. More than 65 million Americans suffer such rifts, yet little guidance exists on how to cope with and overcome them. In this book, Karl Pillemer combines the advice of people who have successfully reconciled with powerful insights from social science research. The result is a unique guide to mending fractured families. Fault Lines shares for the first time findings from Dr. Pillemer's ten-year groundbreaking Cornell Reconciliation Project, based on the first national survey on estrangement; rich, in-depth interviews with hundreds of people who have experienced it; and insights from leading family researchers and therapists. He assures people who are estranged, and those who care about them, that they are not alone and that fissures can be bridged. Through the wisdom of people who have "been there," Fault Lines shows how healing is possible through clear steps that people can use right away in their own families. It addresses such questions as: How do rifts begin? What makes estrangement so painful? Why is it so often triggered by a single event? Are you ready to reconcile? How can you overcome past hurts to build a new future with a relative? Tackling a subject that is achingly familiar to almost everyone, especially in an era when powerful outside forces such as technology and mobility are lessening family cohesion, Dr. Pillemer combines dramatic stories, science-based guidance, and practical repair tools to help people find the path to reconciliation. Winner of the 2003 Trillium Book Award "Stories are wondrous things," award-winning author and scholar Thomas King declares in his 2003 CBC Massey Lectures. "And they are dangerous." Beginning with a traditional Native oral story, King weaves his way through literature and history, religion and politics, popular culture and social protest, gracefully elucidating North America's relationship with its Native peoples. Native culture has deep ties to storytelling, and yet no other North American culture has been the subject of more erroneous stories. The Indian of fact, as King says, bears little resemblance to the literary Indian, the dying Indian, the construct so powerfully and often destructively projected by White North America. With keen perception and wit, King illustrates that stories are the key to, and only hope for, human understanding. He compels us to listen well. This volume examines the legacy of the East-West divide since the implosion of the communist regimes in Europe. The ideals of 1989 have largely been frustrated by the crises and turmoil of the past decade. The liberal consensus was first challenged as early as the mid-2000s. In Eastern Europe, grievances were directed against the prevailing narratives of transition and ever sharper ethnic-racial antipathies surfaced in opposition to a supposedly postnational and multicultural West. In Western Europe, voices regretting the European Union's supposedly careless and premature expansion eastward began to appear on both sides of the left-right and liberal-conservative divides. The possibility of convergence between Europe's two halves has been reconceived as a threat to the European project. In a series of original essays and conversations, thirty-three contributors from the fields of European and global history, politics and culture address questions fundamental to our understanding of Europe today: How have perceptions and misperceptions between the two halves of the continent changed over the last three decades? Can one speak of a new East-West split? If so, what characterizes it and why has it reemerged? The contributions demonstrate a great variety of approaches, perspectives, emphases, and arguments in addressing the daunting dilemma of Europe's assumed East-West divide. Your Story Matters presents a dynamic and spiritually formative process for understanding and redeeming the past in order to live well in the present and into the future. Leslie Leyland Fields has used and taught this practical and inspiring writing process for decades, helping people from all walks of life to access memory and sift through the truth of their stories. This is not just a book for writers. Each one of us has a story, and understanding God's work in our stories is a vital part of our faith. Through the spiritual practice of writing, we can "remember" his acts among us, "declare his glory among the nations," and pass on to others what we have witnessed of God in this life: the mysterious, the tragic, the miraculous, the ordinary. With a companion video curriculum from RightNow Media, this is a "why not" book as opposed to a "how to" book. Leslie asks each of us an important question: "Why not learn to tell your story, in the context of the grander story of God?" A perfect picture book to share with children starting school or those riding the school bus for the first time. It's the first day of school for Tess, and it's also her very first ride on a school bus. Waiting at the bus stop with her older friend Gus, Tess eagerly asks, "Is this the bus for us, Gus?" as each vehicle passes by. Award-winning author and illustrator Suzanne Bloom introduces young readers to a diverse cast of characters and a variety of vehicles in this charming book that makes a great gift for any child about to start school. An all-encompassing look at the history and enduring impact of the Apollo space program In Apollo's Legacy, space historian Roger D. Launius explores the many-faceted stories told about the meaning of the Apollo program and how it forever altered American society. The Apollo missions marked the first time human beings left Earth's orbit and visited another world, and thus they loom large in our collective memory. Many have detailed the exciting events of the Apollo program, but Launius offers unique insight into its legacy as seen through multiple perspectives. He surveys a wide

range of viewpoints and narratives, both positive and negative, surrounding the program. These include the argument that Apollo epitomizes American technological--and political--progress; technological and scientific advances garnered from the program; critiques from both sides of the political spectrum about the program's expenses; and even conspiracy theories and denials of the program's very existence. Throughout the book, Launius weaves in stories from important moments in Apollo's history to draw readers into his analysis. Apollo's Legacy is a must-read for space buffs interested in new angles on a beloved cultural moment and those seeking a historic perspective on the Apollo program. Family stories help us understand who we are, where we've come from, and where we're going. Strengthening family bonds across generations, they remind us that we will be remembered. Anyone can capture their family stories, and Brenda Hudson makes it easy and fun with *Story by Story: 15 Projects to Write Your Family Legacy*. All you need to start is a few minutes and one story. From a small list of your favorite things to stories of life's pivotal moments, Hudson walks you through different ways to build a living legacy that will evolve and grow as you work. The best part is, there's no right or wrong way to write your family legacy. You decide! And it doesn't have to stop with you--your whole family can participate. The more you collaborate, the better you'll connect your family's past, present, and future legacy. Projects in *Story by Story* will help you document: - Family sayings - Self-portraits - Character sketches - Visual diaries - Mementos and heirlooms - Lessons you've learned - And much more! Brenda Hudson is an award-winning teacher and writer. Her passion is helping others express themselves through writing. She lives with her family in St. Paul, Minnesota. For information on her workshops, visit [voicedlife.com](http://voicedlife.com) A girl shares many experiences with her grandmother over the years, and many times the old woman gives her a small gift to help her remember their time together. Have you ever walked into a hotel room and wondered who stayed there through the years and what took place before you entered? In her debut short story collection, Merle Saferstein captures the essence of the famed Hollywood Beach Hotel and brings to life the characters that have crossed the threshold of Room 732. Set against the backdrop of Florida's Atlantic Ocean, Room 732 reflects the hotel's transformation from an elegant getaway during the '20s and '30s to a U. S. Navy training and indoctrination center during World War II. After the war, the upscale hotel re-opened. Then, in 1971, Florida Bible College moved in, followed by timeshares and condos. More recently, the ever-changing edifice was restored to the vacation resort it was originally intended to be. Woven through intimate letters, journal entries, and private conversations, each story explores the threads of connection, communication, and life experiences and echoes the culture of the times. Breathing life into the walls of Room 732, the characters experience a range of emotions as they live with the effects of war, the joy of discovering faith, the death of a loved one, the challenges of marriage, and the intimacy in relationships. You will meet two strangers who become friends, a seasoned Naval officer who is preparing sailors for war, and a young married woman who explores her innermost thoughts. You also will encounter a divorced father who is spending time with his daughter after a long absence, two cousins who have come to the hotel on a special mission, and many other individuals who have stories to tell. Answering the most pressing thirty-five questions of Next Generation members in a short and concise, yet competent way—leading academics, practitioners, and enterprising families come together to empower Next Generation legacies. Masterfully detangling the intricate dynamics of the family, ownership, business, and wealth, the authors share best practices, real-life examples, and critical questions for reflection. Part 1: Family Defining family · Managing family dynamics · Dealing with conflicts · Family communication · Preparing generational transitions · Keeping the family united Part 2: Ownership Responsibilities and rights · Preparation of future owners · Dealing with non-active owners · Ownership transfers · Board expectations and roles · Owner networks Part 3: Business Preparing business entry · Working with nonfamily executives · Hiring family members · Promoting family members · Letting go of family members · Engaging family business consultants Part 4: Wealth Dealing with wealth · Pursuing a vocation outside of the family enterprise · Leaving the family enterprise · Selling the family business · Starting a family office · Pursuing philanthropy and impact investing Enabling Next Generation Legacies is a powerful guide for Next Generation members and their families to ask better questions, make better decisions, live better lives, and build stronger legacies. PULITZER PRIZE FINALIST NATIONAL BOOK AWARD FINALIST A NEW YORK TIMES TOP 10 BOOK OF 2018 LOS ANGELES TIMES BOOK PRIZE WINNER ALA CARNEGIE MEDAL WINNER THE STONEWALL BOOK AWARD WINNER Soon to Be a Major Television Event, optioned by Amy Poehler "A page turner . . . An absorbing and emotionally riveting story about what it's like to live during times of crisis." —The New York Times Book Review A dazzling novel of friendship and redemption in the face of tragedy and loss set in 1980s Chicago and contemporary Paris In 1985, Yale Tishman, the development director for an art gallery in Chicago, is about to pull off an amazing coup, bringing in an extraordinary collection of 1920s paintings as a gift to the gallery. Yet as his career begins to flourish, the carnage of the AIDS epidemic grows around him. One by one, his friends are dying and after his friend Nico's funeral, the virus circles closer and closer to Yale himself. Soon the only person he has left is Fiona, Nico's little sister. Thirty years later, Fiona is in Paris tracking down her estranged daughter who disappeared into a cult. While staying with an old friend, a famous photographer who documented the Chicago crisis, she finds herself finally grappling with the devastating ways AIDS affected her life and her relationship with her daughter. The two intertwining stories take us through the heartbreak of the eighties and the chaos of the modern world, as both Yale and Fiona struggle to find goodness in the midst of disaster. Named a Best Book of 2018 by The New York Times Book Review, The Washington Post, NPR, San Francisco Chronicle, The Boston Globe, Entertainment Weekly, Buzzfeed, The Seattle Times, Bustle, Newsday, AM New York, BookPage, St. Louis Post-Dispatch, Lit Hub, Publishers Weekly, Kirkus Reviews, New York Public Library and Chicago Public Library "The notorious Soviet Gulag gets a radical reinterpretation in this remarkable work of cutting-edge history. By examining the history of Vorkuta, an Arctic coal-mining outpost established in the 1930s as a prison camp complex, Alan Barenberg's insightful study tests the idea that the Gulag was an 'archipelago' separated from Soviet society at large"--Cover. The surprising story of Pilates-the man and the method. We're losing tens of billions of dollars a year on broken software, and great new ideas such as agile development and Scrum don't always pay off. But there's hope. The nine software development practices in *Beyond Legacy Code* are designed to solve the problems facing our industry. Discover why these practices work, not just how they work, and dramatically increase the quality and maintainability of any software project. These nine practices could save the software industry. *Beyond Legacy Code* is filled with practical, hands-on advice and a common-sense exploration of why technical practices such as refactoring and test-first development are critical to building maintainable software. Discover how to avoid the pitfalls teams encounter when adopting these practices, and how to dramatically reduce the risk associated with building software--realizing significant savings in both the short and long term. With a deeper understanding of the principles behind the practices, you'll build software that's easier and less costly to maintain and extend. By adopting these nine key technical practices, you'll learn to say what, why, and for whom before how; build in small batches; integrate continuously; collaborate; create CLEAN code; write the test first; specify behaviors with tests; implement the design last; and refactor legacy code. Software developers will find hands-on, pragmatic advice for writing higher quality, more maintainable, and bug-free code. Managers, customers, and product owners will gain deeper insight into vital processes. By moving beyond the old-fashioned procedural thinking of the Industrial Revolution, and working together to embrace standards and practices that will advance software development, we can turn the legacy code crisis into a true Information Revolution. This grandparent's memory journal takes you on a journey that will become a cherished family memoir. Designed in a 12-month format, each month features 12 intriguing questions with space to write a personal answer. Questions explore family history, childhood memories, lighthearted incidents, cherished traditions, and the dreams and spiritual adventures encountered in a lifetime of living. The written words become windows to a grandparent's heart. A NEW YORK TIMES BESTSELLER One of NPR's "Books We Love" of 2021 Longlisted for the PEN/Jacqueline Bograd Weld Award for Biography Winner of the Christopher Award "Masterly. An epic story of four Japanese-American families and their sons who volunteered for military service and displayed uncommon heroism... Propulsive and gripping, in part because of Mr. Brown's ability to make us care deeply about the fates of these individual soldiers...a page-turner." – Wall Street Journal From the #1 New York Times bestselling author of *The Boys in the Boat*, a gripping World War II saga of patriotism and resistance, focusing on four Japanese American men and their families, and the contributions and sacrifices that they made for the sake of the nation. In the days and months after Pearl Harbor, the lives of Japanese Americans across the continent and Hawaii were changed forever. In this unforgettable chronicle of war-time America and the battlefields of Europe, Daniel James Brown portrays the journey of Rudy Tokiwa, Fred Shiosaki, and Kats Miho, who volunteered for the 442nd Regimental Combat Team and were deployed to France, Germany, and Italy, where they were asked to do the near impossible. Brown also tells the story of these soldiers' parents, immigrants who were forced to submit to life in concentration camps on U.S. soil. Woven throughout is the chronicle of Gordon Hirabayashi, one of a cadre of patriotic resisters who stood up against their government in defense of their own rights. Whether fighting on battlefields or in courtrooms, these were Americans under unprecedented strain, doing what Americans do best—striving, resisting, pushing back, rising up, standing on principle, laying down their lives, and enduring. Illustrated text urges the reader to nurture his or her dreams and work to make them a reality. The IT industry is obsessed with new technologies. Courses, books, and magazines mostly focus on what is new. Starting with what a legacy system looks like to applying various techniques for maintaining and securing these systems, this book gives you all the knowledge you need to maintain a legacy system. "Heartfelt and ever-endearing—equal parts information and inspiration. This is a book to keep by your bedside and return to

often.”—Amy Dickinson, nationally syndicated advice columnist "Ask Amy" More than one thousand extraordinary Americans share their stories and the wisdom they have gained on living, loving, and finding happiness. After a chance encounter with an extraordinary ninety-year-old woman, renowned gerontologist Karl Pillemer began to wonder what older people know about life that the rest of us don't. His quest led him to interview more than one thousand Americans over the age of sixty-five to seek their counsel on all the big issues— children, marriage, money, career, aging. Their moving stories and uncompromisingly honest answers often surprised him. And he found that he consistently heard advice that pointed to these thirty lessons for living. Here he weaves their personal recollections of difficulties overcome and lives well lived into a timeless book filled with the hard-won advice these older Americans wish someone had given them when they were young. Like *This I Believe*, *StoryCorps's Listening Is an Act of Love*, and *Tuesdays with Morrie*, *30 Lessons for Living* is a book to keep and to give. Offering clear advice toward a more fulfilling life, it is as useful as it is inspiring. #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD WINNER • A dramatic expansion of a groundbreaking work of journalism. The 1619 Project: A New Origin Story offers a profoundly revealing vision of the American past and present. “[A] groundbreaking compendium . . . bracing and urgent . . . This collection is an extraordinary update to an ongoing project of vital truth-telling.”—Esquire NOW AN EMMY-NOMINATED HULU ORIGINAL DOCUSERIES • FINALIST FOR THE KIRKUS PRIZE • ONE OF THE BEST BOOKS OF THE YEAR: The Washington Post, NPR, Esquire, Marie Claire, Electric Lit, Ms. magazine, Kirkus Reviews, Booklist In late August 1619, a ship arrived in the British colony of Virginia bearing a cargo of twenty to thirty enslaved people from Africa. Their arrival led to the barbaric and unprecedented system of American chattel slavery that would last for the next 250 years. This is sometimes referred to as the country's original sin, but it is more than that: It is the source of so much that still defines the United States. The New York Times Magazine's award-winning 1619 Project issue reframed our understanding of American history by placing slavery and its continuing legacy at the center of our national narrative. This book substantially expands on that work, weaving together eighteen essays that explore the legacy of slavery in present-day America with thirty-six poems and works of fiction that illuminate key moments of oppression, struggle, and resistance. The essays show how the inheritance of 1619 reaches into every part of contemporary American society, from politics, music, diet, traffic, and citizenship to capitalism, religion, and our democracy itself. This book that speaks directly to our current moment, contextualizing the systems of race and caste within which we operate today. It reveals long-glossed-over truths around our nation's founding and construction—and the way that the legacy of slavery did not end with emancipation, but continues to shape contemporary American life. Smith • Bryan Stevenson • Nafissa Thompson-Spires • Natasha Trethewey • Linda Villarosa • Jesmyn Ward Most grandparents don't want to read a big, thick book. They want an affordable, inviting book that gives them a quick refresher and an overview. *How to Build the Grandma Connection* is a powerful pocket guide that helps people navigate the modern territory of grandparenthood. Whether you are a new grandparent, have been one for years, or are a parent who wants to encourage a close bond between your children and their grandparents, this book is filled with ideas and insights you'll turn to again and again. It explains: -- Why Grandparents are VIPs -- 5 Simple Steps to Building the Grandma (and Grandpa) Connection -- Tons of Terrific Tips for Grandparents Near and Far -- including tips for babysitting and visits, child development, dealing with conflicts, sharing life stories, giving gifts and keepsakes -- The 5 Life Lessons of Grandparenthood -- The Most Complete Listing Ever of the Best Books for Sharing with Grandchildren -- Other Books & Resources to Help Make Relationships with Grandchildren and Adult Children Rewarding and Special Developed from Susan V. Bosak's popular Grandma Connection Workshops, *How to Build the Grandma Connection* fills a market niche. Grandparents across the country have told Susan what they need, and she's covered it all -- clearly and concisely. There will be ongoing national and regional print, radio, and TV publicity for this title. As an author, speaker, researcher, and educator, Susan travels extensively doing workshops, and is a popular radio and television guest. "*Truman Capote and the Legacy of In Cold Blood*" is the anatomy of the origins of an American literary landmark and its legacy. This "important and timely" (Drew Faust, Harvard Magazine) #1 New York Times bestseller examines the legacy of slavery in America—and how both history and memory continue to shape our everyday lives. Beginning in his hometown of New Orleans, Clint Smith leads the reader on an unforgettable tour of monuments and landmarks—those that are honest about the past and those that are not—that offer an intergenerational story of how slavery has been central in shaping our nation's collective history, and ourselves. It is the story of the Monticello Plantation in Virginia, the estate where Thomas Jefferson wrote letters espousing the urgent need for liberty while enslaving more than four hundred people. It is the story of the Whitney Plantation, one of the only former plantations devoted to preserving the experience of the enslaved people whose lives and work sustained it. It is the story of Angola, a former plantation-turned-maximum-security prison in Louisiana that is filled with Black men who work across the 18,000-acre land for virtually no pay. And it is the story of Blandford Cemetery, the final resting place of tens of thousands of Confederate soldiers. A deeply researched and transporting exploration of the legacy of slavery and its imprint on centuries of American history, *How the Word Is Passed* illustrates how some of our country's most essential stories are hidden in plain view—whether in places we might drive by on our way to work, holidays such as Juneteenth, or entire neighborhoods like downtown Manhattan, where the brutal history of the trade in enslaved men, women, and children has been deeply imprinted. Informed by scholarship and brought to life by the story of people living today, Smith's debut work of nonfiction is a landmark of reflection and insight that offers a new understanding of the hopeful role that memory and history can play in making sense of our country and how it has come to be. Winner of the National Book Critics Circle Award for Nonfiction Winner of the Stowe Prize Winner of 2022 Hillman Prize for Book Journalism A New York Times 10 Best Books of 2021 The remarkable story of the Algebra Project, a community-based effort to develop math-science literacy in disadvantaged schools—as told by the program's founder “Bob Moses was a hero of mine. His quiet confidence helped shape the civil rights movement, and he inspired generations of young people looking to make a difference”—Barack Obama At a time when popular solutions to the educational plight of poor children of color are imposed from the outside—national standards, high-stakes tests, charismatic individual saviors—the acclaimed Algebra Project and its founder, Robert Moses, offer a vision of school reform based in the power of communities. Begun in 1982, the Algebra Project is transforming math education in twenty-five cities. Founded on the belief that math-science literacy is a prerequisite for full citizenship in society, the Project works with entire communities—parents, teachers, and especially students—to create a culture of literacy around algebra, a crucial stepping-stone to college math and opportunity. Telling the story of this remarkable program, Robert Moses draws on lessons from the 1960s Southern voter registration he famously helped organize: “Everyone said sharecroppers didn't want to vote. It wasn't until we got them demanding to vote that we got attention. Today, when kids are falling wholesale through the cracks, people say they don't want to learn. We have to get the kids themselves to demand what everyone says they don't want.” We see the Algebra Project organizing community by community. Older kids serve as coaches for younger students and build a self-sustained tradition of leadership. Teachers use innovative techniques. And we see the remarkable success stories of schools like the predominately poor Hart School in Bessemer, Alabama, which outscored the city's middle-class flagship school in just three years. *Radical Equations* provides a model for anyone looking for a community-based solution to the problems of our disadvantaged schools. A New York Times bestseller! A pioneering and timely study of how to navigate life's biggest transitions with meaning, purpose, and skill Bruce Feiler, author of the New York Times bestsellers *The Secrets of Happy Families* and *Council of Dads*, has long explored the stories that give our lives meaning. Galvanized by a personal crisis, he spent the last few years crisscrossing the country, collecting hundreds of life stories in all fifty states from Americans who'd been through major life changes—from losing jobs to losing loved ones; from changing careers to changing relationships; from getting sober to getting healthy to simply looking for a fresh start. He then spent a year coding these stories, identifying patterns and takeaways that can help all of us survive and thrive in times of change. What Feiler discovered was a world in which transitions are becoming more plentiful and mastering the skills to manage them is more urgent for all of us. The idea that we'll have one job, one relationship, one source of happiness is hopelessly outdated. We all feel unnerved by this upheaval. We're concerned that our lives are not what we expected, that we've veered off course, living life out of order. But we're not alone. *Life Is in the Transitions* introduces the fresh, illuminating vision of the nonlinear life, in which each of us faces dozens of disruptors. One in ten of those becomes what Feiler calls a lifequake, a massive change that leads to a life transition. The average length of these transitions is five years. The upshot: We all spend half our lives in this unsettled state. You or someone you know is going through one now. The most exciting thing Feiler identified is a powerful new tool kit for navigating these pivotal times. Drawing on his extraordinary trove of insights, he lays out specific strategies each of us can use to reimagine and rebuild our lives, often stronger than before.

From a master storyteller with an essential message, Life Is in the Transitions can move readers of any age to think deeply about times of change and how to transform them into periods of creativity and growth. It's time to finish what they started. Juliane's woken to a world she barely recognizes with no memory of the days leading up to her time in cryogenic suspension. Plagued by guilt, Stephen longs to sleep without being haunted by the faces of those he's lost. Both are seeking more than answers. The defeat of the Watch has created an opportunity for a new world order to step in and take power. On one side, there are the Sorcerers, a group of super-humans whose abilities come at a terrible price. On the other--genetically modified individuals who are now more beast than man. Juliane is on a mission to reclaim her legacy. Stephen is out to save his soul. Can either stop the upcoming war before it destroys what's left of humankind? In this struggle for survival of the fittest, they may have to find a way to save themselves first. Do you want to know EXACTLY what to change to WIN your pageant? Do you need a PAGEANT COACH that isn't afraid to tell you the truth? Listen, YOU know you are meant for something SPECTACULAR, but you haven't cracked the code to win big. You're in the right place. This honest and direct book will teach you exactly what you need to know to show up for your pageant as a TOP CONTENDER, positioned to WIN and prepared to perform with the greatest CONFIDENCE. Beauty, Truth and Grace is like having your personal coach in your back pocket - an entire coaching system with step-by-step trainings that leave nothing to chance. You'll know you're on the RIGHT path. Pageantry is a beautiful, wonderful, EXCITING world - especially if you win. Listen, it's no secret that pageantry gets confusing. It sometimes feels like they want it to be complex so that it's harder to win. Pageant contestants get confused by the often conflicting ideas of what it really take for a woman to climb to the top. When you're new to pageantry or just haven't had a title big enough to break into this wild, beautiful, thrilling world, it's hard to know what really goes on in the judges minds and what the competition is doing to STAND OUT. The simple concepts that are revealed in Beauty, Truth and Grace show you EXACTLY how to prepare so you are easily positioned to win. Alycia has been coaching clients around the globe for over 10 years. She is the host of the iTunes #1 pageant podcast and creator of her signature course, Pageant Interview Game Plan. Alycia has competed in every major pageant system across the United States and held several titles including Miss Maryland and Miss California. She has judged pageants, hosted pageants, choreographed for pageants, and now coaches women to win their pageants around the world. Alycia's master's degree in adult learning theory allows her to structure her training to best adhere to a woman so that her techniques are easily understood and perfectly aligned. Her success has allowed her to be featured in magazines and tv shows including OK! Magazine, PopSugarTV, The Steve Harvey Show, NBC, and more. No one has a better combination of the breadth of experience and technical training than Alycia does to deliver this level of coaching in such a simple form for you to apply to your own pageant preparation. Alycia breaks down all the phases of Comprehensive Pageant Preparation Plan into an easy-to-follow guide for you that will simplify the complexities of pageantry so that you can see exactly what separates winners from the rest of the competition. After reading this book, you'll be able to: Showcase your pageant BRAND on stage Communicate to your judges why YOU are the BEST person to win the pageant Control your pageant INTERVIEW (even before you arrive) Manage your nerves and Speak with ease Stand out as the Most OBVIOUS choice to win the pageant In order to win you have to do three things: 1. Radiate Beauty so everyone you meet will want to know you and adore you. 2. Know the Truth about what you bring to the table as a winner so that no one can beat you. 3. Present Grace with your look, communication, and performance HINT: it doesn't have to cost a lot of money to win, but I'll show you how to raise big bucks if you want to spend a lot anyway Follow the advice in this book and you will be able to confidently compete against even the most seasoned pageant competition. You'll get immediate clarity about how you can soar in pageantry and take home the crown - it's simpler than you think. Are you ready to win your pageant? Scroll to the top and click the "BUY NOW" button.
