## Jason Stearns

*Dancing in the Glory of Monsters* Jason Stearns, 2012-03-27 A meticulously researched and comprehensive Financial Times history of the devastating war in the heart of Africa's Congo with first hand accounts of the continent's worst conflict in modern times At the heart of Africa is the Congo a country the size of Western Europe bordering nine other nations that since 1996 has been wracked by a brutal war in which millions have died In *Dancing in the Glory of Monsters* renowned political activist and researcher Jason K Stearns has written a compelling and deeply reported narrative of how Congo became a failed state that collapsed into a war of retaliatory massacres Stearns brilliantly describes the key perpetrators many of whom he met personally and highlights the nature of the political system that brought these people to power as well as the moral decisions with which the war confronted them Now updated with a new introduction *Dancing in the Glory of Monsters* tells the full story of Africa's Great War *Dancing in the Glory of Monsters* Jason K. Stearns, 2012 **Africa's World War** Gerard Prunier, 2008-12-31 The Rwandan genocide sparked a horrific bloodbath that swept across sub-Saharan Africa ultimately leading to the deaths of some four million people In this extraordinary history of the recent wars in Central Africa Gerard Prunier offers a gripping account of how one grisly episode laid the groundwork for a sweeping and disastrous upheaval Prunier vividly describes the grisly aftermath of the Rwandan genocide when some two million refugees a third of Rwanda's population fled to exile in Zaire in 1996 The new Rwandan regime then crossed into Zaire and attacked the refugees slaughtering upwards of 400 000 people The Rwandan forces then turned on Zaire's despotic President Mobutu and with the help of a number of allied African countries overthrew him But as Prunier shows the collapse of the Mobutu regime and the ascension of the corrupt and erratic Laurent D sir Kabila created a power vacuum that drew Rwanda Uganda Angola Zimbabwe Sudan and other African nations into an extended and chaotic war The heart of the book documents how the whole core of the African continent became engulfed in an intractable and bloody conflict after 1998 a devastating war that only wound down following the assassination of Kabila in 2001 Prunier not only captures all this in his riveting narrative but he also indicts the international community for its utter lack of interest in what was then the largest conflict in the world Praise for the hardcover The most ambitious of several remarkable new books that reexamine the extraordinary tragedy of Congo and Central Africa since the Rwandan genocide of 1994 New York Review of Books One of the first books to lay bare the complex dynamic between Rwanda and Congo that has been driving this disaster Jeffrey Gettleman New York Times Book Review Lucid meticulously researched and incisive Prunier's will likely become the standard account of this under-reported tragedy Publishers Weekly *Consuming the Congo* Peter Eichstaedt, 2011-07 Describes the conflict minerals mined in the

Congo amidst armed conflict and human rights abuses including gold diamonds coltan tin and tungsten used in cell phones computers and other electronics Explores the slave labor violence and disease killing millions of Congolese mining these resources and offers ways one can help **Big Game Shooting - The Lion in South Africa** F. C. Selous,2011-10-19 Frederick Courteney Selous 1851 1917 was a British explorer hunter and conservationist and is most remembered for his activities in Southeast Africa Selous explored lesser known areas where he recorded ethnographic notes and collected specimens Big Game Shooting published in 1894 is an anecdotal account that chronicles his experiences of hunting the lion in South Africa and offers a personal insight into late nineteenth and early twentieth century game hunting practices It would suit anyone with an interest in the culture of hunting from that period from the historian to the enthusiast This vintage text is being republished in a high quality modern and affordable edition complete with the original artwork and a specially written concise biography **Why Comrades Go to War** Philip Roessler,Harry Verhoeven,2019-12-30 In October 1996 a group of ageing Marxists and unemployed youth coalesced to revolt against Mobutu Sese Seko president of Zaire Congo since 1965 Backed by a Rwanda led regional coalition that drew support from Asmara to Luanda the rebels of the AFDL marched over 1500 kilometers in seven months to crush the dictatorship To the Congolese rebels and their Pan Africanist allies the vanquishing of the Mobutu regime represented nothing short of a second independence for Congo and Central Africa as a whole and the dawning of a new regional order of peace and security Within fifteen months however Central Africa s liberation peace would collapse triggering a cataclysmic fratricide between the heroes of the war against Mobutu and igniting the deadliest conflict since World War II This book gives an account Africa s Great War It argues that the seeds of Africa s Great War were sown in the revolutionary struggle against Mobutu the way the revolution came together the way it was organized and paradoxically the very way it succeeded In particular the book argues that the overthrow of Mobutu proved a Pyrrhic victory because the protagonists ignored the philosophy of Julius Nyerere the father of Africa s liberation movements they put the gun before the unglamorous but essential task of building the domestic and regional political institutions and organizational structures necessary to consolidate peace after revolution **Shake Hands With the Devil** Romeo Dallaire,2009-02-24 On the tenth anniversary of the date that UN peacekeepers landed in Rwanda Random House Canada is proud to publish the unforgettable first hand account of the genocide by the man who led the UN mission Digging deep into shattering memories General Dallaire has written a powerful story of betrayal na vet racism and international politics His message is simple and undeniable Never again When Lt Gen Rom o Dallaire received the call to serve as force commander of the UN intervention in Rwanda in 1993 he thought he was heading off on a modest and straightforward peacekeeping mission Thirteen months later he flew home from Africa broken disillusioned and suicidal having witnessed the slaughter of 800 000 Rwandans in only a hundred days In Shake Hands with the Devil he takes the reader with him on a return voyage into the hell of Rwanda vividly recreating the events the international community turned its back on This book

is an unsparing eyewitness account of the failure by humanity to stop the genocide despite timely warnings Woven through the story of this disastrous mission is Dallaire's own journey from confident Cold Warrior to devastated UN commander to retired general engaged in a painful struggle to find a measure of peace reconciliation and hope This book is General Dallaire's personal account of his conversion from a man certain of his worth and secure in his assumptions to a man conscious of his own weaknesses and failures and critical of the institutions he'd relied on It might not sit easily with standard ideas of military leadership but understanding what happened to General Dallaire and his mission to Rwanda is crucial to understanding the moral minefields our peacekeepers are forced to negotiate when we ask them to step into the world's dirty wars Excerpt from *Shake Hands with the Devil* My story is not a strictly military account nor a clinical academic study of the breakdown of Rwanda It is not a simplistic indictment of the many failures of the UN as a force for peace in the world It is not a story of heroes and villains although such a work could easily be written This book is a *cri de coeur* for the slaughtered thousands a tribute to the souls hacked apart by machetes because of their supposed difference from those who sought to hang on to power This book is the account of a few humans who were entrusted with the role of helping others taste the fruits of peace Instead we watched as the devil took control of paradise on earth and fed on the blood of the people we were supposed to protect

**The Great African War** Filip Reyntjens, 2009-08-24 This book examines a decade long period of instability violence and state decay in Central Africa from 1996 when the war started to 2006 when elections formally ended the political transition in the Democratic Republic of Congo A unique combination of circumstances explain the unravelling of the conflicts the collapsed Zairian Congolese state the continuation of the Rwandan civil war across borders the shifting alliances in the region the politics of identity in Rwanda Burundi and eastern DRC the ineptitude of the international community and the emergence of privatized and criminalized public spaces and economies linked to the global economy but largely disconnected from the state on whose territory the entrepreneurs of insecurity function As a complement to the existing literature this book seeks to provide an in depth analysis of concurrent developments in Zaire DRC Rwanda Burundi and Uganda in African and international contexts By adopting a non chronological approach it attempts to show the dynamics of the inter relationships between these realms and offers a toolkit for understanding the past and future of Central Africa

From CNDP to M23 Kivu Jason Stearns, 2012 **In the Footsteps of Mr Kurtz: Living on the Brink of Disaster in the Congo (Text Only)** Michela Wrong, 2012-07-10 Joyous a book that makes other journalists weep with envy The Economist Provocative touching and sensitively written an eloquent brilliantly researched account Sunday Times One of The Economist's best books by foreign correspondents The Democratic Republic of Congo Michael Deibert, 2013-09-12 Over the past two decades the Democratic Republic of Congo has been at the centre of the deadliest series of conflicts since the Second World War and now hosts the largest United Nations peacekeeping mission in the world In this compelling book acclaimed journalist Michael Deibert paints a picture of a nation in flux inching towards peace but at the same time

solidifying into another era of authoritarian rule under its enigmatic president Joseph Kabila Featuring a wealth of first hand interviews and secondary sources the narrative travels from war torn villages in the country s east to the chaotic pulsing capital of Kinshasa in order to bring us the voices of the Congolese from impoverished gold prospectors and market women to government officials as it explores the complicated political ethnic and economic geography of this tattered land A must read for anyone interested in contemporary Africa The Democratic Republic of Congo Between Hope and Despair sheds new light on this sprawling and often misunderstood country that has become iconic both for its great potential and dashed hopes

*The Congo Cables* Madeleine G. Kalb,1982      **Born from Lament** Katongole, Emmanuel,2017 There is no more urgent theological task than to provide an account of hope in Africa given its endless cycles of violence war poverty and displacement So claims Emmanuel Katongole an innovative theological voice from Africa In the midst of suffering Katongole says hope takes the form of arguing and wrestling with God Such lament is not merely a cry of pain it is a way of mourning protesting and appealing to God As he unpacks the rich theological and social dimensions of the practice of lament in Africa Katongole tells the stories of courageous Christian activists working for change in East Africa and invites readers to enter into lament along with them      *The War in Our Hearts* Eva Seyler,2019-03-24 Captain Jamie Graham is forever changed when he meets young Aveline Perrault Both of them broken and walled off from the cruel and cold world around them made even crueler and colder by the Great War the pair form an unlikely bond She finds in him the father she never had and with her love he faces the pain from his own childhood      *Encounters between Jesuits and Protestants in Africa* Robert Aleksander Maryks,Festo Mkenda, S.J.,2018-01-03 Protestants entering Africa in the nineteenth century sought to learn from earlier Jesuit presence in Ethiopia and southern Africa The nineteenth century was itself a century of missionary scramble for Africa during which the Jesuits encountered their Protestant counterparts as both sought to evangelize the African native Encounters between Jesuits and Protestants in Africa edited by Robert Alexander Maryks and Festo Mkenda S J presents critical reflections on the nature of those encounters in southern Africa and in Ethiopia Madagascar the Democratic Republic of Congo and Fernando Po Though largely marked by mutual suspicion and outright competition the encounters also reveal personal appreciations and support across denominational boundaries and thus manifest salient lessons for ecumenical encounters even in our own time This volume is the result of the second Boston College International Symposium on Jesuit Studies held at the Jesuit Historical Institute in Africa Nairobi Kenya in 2016 Thanks to generous support of the Institute for Advanced Jesuit Studies at Boston College it is available in Open Access      *King Leopold's Ghost* Adam Hochschild,2019-05-14 With an introduction by award winning novelist Barbara Kingsolver In the late nineteenth century when the great powers in Europe were tearing Africa apart and seizing ownership of land for themselves King Leopold of Belgium took hold of the vast and mostly unexplored territory surrounding the Congo River In his devastatingly barbarous colonization of this area Leopold stole its rubber and ivory pummelled its people and set up a ruthless regime that would

reduce the population by half While he did all this he carefully constructed an image of himself as a deeply feeling humanitarian Winner of the Duff Cooper Prize in 1999 King Leopold's Ghost is the true and haunting account of this man's brutal regime and its lasting effect on a ruined nation It is also the inspiring and deeply moving account of a handful of missionaries and other idealists who travelled to Africa and unwittingly found themselves in the middle of a gruesome holocaust Instead of turning away these brave few chose to stand up against Leopold Adam Hochschild brings life to this largely untold story and crucially casts blame on those responsible for this atrocity [The Coup](#) Ervand Abrahamian,2013-11-05 An absorbing account of the CIA's 1953 coup in Iran essential reading for anyone concerned about Iran's role in the world today Harper's Magazine In August 1953 the Central Intelligence Agency orchestrated the swift overthrow of Iran's democratically elected leader and installed Muhammad Reza Shah Pahlavi in his place When the 1979 Iranian Revolution deposed the shah and replaced his puppet government with a radical Islamic republic under Ayatollah Ruhollah Khomeini the shift reverberated throughout the Middle East and the world casting a long dark shadow over United States Iran relations that extends to the present day In this authoritative new history of the coup and its aftermath noted Iran scholar Ervand Abrahamian uncovers little known documents that challenge conventional interpretations and sheds new light on how the American role in the coup influenced diplomatic relations between the two countries past and present Drawing from the hitherto closed archives of British Petroleum the Foreign Office and the US State Department as well as from Iranian memoirs and published interviews Abrahamian's riveting account of this key historical event will change America's understanding of a crucial turning point in modern United States Iranian relations A Choice Outstanding Academic Title Not only is this book important because of its presentation of history It is also important because it might be predicting the future Counterpunch Subtle lucid and well proportioned The Spectator A valuable corrective to previous work and an important contribution to Iranian history American Historical Review *Aladdin: A New Translation* Paulo Lemos Horta,2018-11-27 From a dynamic French Syrian translator comes an authoritative modern glamorous and delightful Paris Review translation of the classic tale of magic lamps and jinn Since its first telling in Paris in 1709 Aladdin has captured the hearts and minds of readers authors illustrators and filmmakers For just as long popular adaptations have exoticized the tale or else reduced it to a rags to riches story for children With this smooth dark exciting interpretation Public Books acclaimed translator and poet Yasmine Seale and literary scholar Paulo Lemos Horta offer both a corrective and a definitive work an elegant faithful rendition of Aladdin that is destined to become a classic for decades to come [World War One in Southeast Asia](#) Heather Streets-Salter,2017-04-03 Although not a major player during the course of the First World War Southeast Asia was in fact altered by the war in multiple and profound ways Ranging across British Malaya the Dutch East Indies and French Indochina Heather Streets Salter reveals how the war shaped the region's political economic and social development both during 1914-18 and in the war's aftermath She shows how the region's strategic location between North America and India made it a

convenient way station for expatriate Indian revolutionaries who hoped to smuggle arms and people into India and thus to overthrow British rule whilst German consuls and agents entered into partnerships with both Indian and Vietnamese revolutionaries to undermine Allied authority and coordinate anti British and anti French operations World War One in Southeast Asia offers an entirely new perspective on anti colonialism and the Great War and radically extends our understanding of the conflict as a truly global phenomenon *Do Not Disturb* Michela Wrong,2021-03-30 A powerful investigation into a grisly political murder and the authoritarian regime behind it Do Not Disturb upends the narrative that Rwanda sold the world after one of the deadliest genocides of the twentieth century We think we know the story of Africa s Great Lakes region Following the Rwandan genocide an idealistic group of young rebels overthrew the brutal regime in Kigali ushering in an era of peace and stability that made Rwanda the donor darling of the West winning comparisons with Switzerland and Singapore But the truth was considerably more sinister Vividly sourcing her story with direct testimony from key participants Wrong uses the story of the murder of Patrick Karegeya once Rwanda s head of external intelligence and a quicksilver operator of supple charm to paint the portrait of a modern African dictatorship created in the chilling likeness of Paul Kagame the president who sanctioned his former friend s assassination
