This book offers a way to practice grammar, vocabulary, and reading using JLPT N5 level grammatical patterns in various example sentences. For each grammatical pattern, we'll switch out words and point out construction rules to give you a full understanding of how to use that form. This book includes 34 highly useful beginner-level grammatical patterns. At least five example sentences for each pattern. 200 sound files for every example sentence found in the book. Total sentence breakdowns fully understand the mechanics of each sentence: the vocabulary, grammar, and sentence structure. Meaning, usage, and construction of each grammatical pattern explained in plain English. Practice by creating Japanese sentences from each grammatical pattern; answers given. The download link for the sound files plus PDF version of the book found on the last page. *Japanese Grammar for English Speakers*. We highly recommend reading each example sentence several times, even dozens of times. Learning isolated vocabulary may be useful, but learning vocabulary within a natural context (sentence or phrase) while absorbing how the grammar is more efficient.
