Set within the backdrop of 19th-century America, these stories are timeless in their exploration of the darker aspects of human nature and the consequences of unchecked desire. Readers will be drawn into Hawthorne's world of moral ambiguity and compelling narratives, leaving

them contemplating the complexities of the human experience long after the final page is turned. This collection is a must-read for those who appreciate classic literature and the art of the short story, providing insight into Hawthorne's enduring legacy as a prominent American author. Twice-Told Tales is a short story collection in two volumes by Nathaniel Hawthorne. The first was published in the spring of 1837, and the second in 1842. The stories had all been previously published in magazines and annuals, hence the name. Nathaniel Hawthorne (1804-1864) was a 19th century American novelist and short story writer. He is seen as a key figure in the development of American literature for his tales of the nation's colonial history. Nathaniel Hawthorne was born on July 4, 1804, in Salem, Massachusetts, where his birthplace is now a museum. William Hathorne, who emigrated from England in 1630, was the first of Hawthorne's ancestors to arrive in the colonies. Hawthorne attended Bowdoin College at the expense of an uncle from 1821 to 1824, befriending classmates Henry Wadsworth Longfellow and future president Franklin Pierce. Hawthorne is best-known today for his many short stories (he called them "tales") and his four major romances written between 1850 and 1860: The Scarlet Letter (1850), The House of the Seven Gables (1851), The Blithedale Romance (1852) and The Marble Faun (1860). Another novel-length romance, Fanshawe was published anonymously in 1828. Hawthorne's work belongs to Romanticism, an artistic and intellectual movement characterized by an emphasis on individual freedom from social conventions or political restraints, on human imagination, and on nature in a typically idealized form. Presents a selection of fifteen short fiction stories by nineteenth-century American author Nathaniel Hawthorne. When Edward Temple was about eight or nine years old he was afflicted with a disorder of the eyes. It was so severe, and his sight was naturally so delicate, that the surgeon felt some apprehensions lest the boy should become totally blind. He therefore gave strict directions to keep him in a darkened chamber, with a bandage over his eyes. Not a ray of the blessed light of heaven could be suffered to visit the poor lad. Written in a richly suggestive style, Hawthorne's five world-famous novels are permeated by his own history as well as America's In The House of the Seven Gables, Nathaniel Hawthorne alludes to his ancestor's involvement in the Salem witch trials, as he follows the fortunes of two rival families, the Maules and the Pyncheons. The novel moves across 150 years of American history, from an ancestral crime condoned by Puritan theocracy to reconciliation and a new beginning in the bustling Jacksonian era. Considered Hawthorne's greatest work, The Scarlet Letter is a dramatic allegory of the social consequences of adultery and the subversive force of personal desire in a community of laws. The transgression of Hester Prynne and Arthur

Dimmesdale, the innate lawlessness of their bastard child Pearl, and the torturous jealousy of the husband Roger Chillingworth eventually erupt through the stern reserve of Puritan Boston. The Scarlet Letter engages the moral and romantic imagination of readers who ponder the question of sexual freedom and its place in the social world. Fanshawe is an engrossing apprentice work that Hawthorne published anonymously and later sought to suppress. Written during his undergraduate years at Bowdoin College, it is a tragic romance of an ascetic scholar's love for a merchant's daughter. The Blithedale Romance is a novel about the perils, which Hawthorne knew firsthand, of living in a utopian community. The utilitarian reformer Hollingsworth, the reticent narrator Miles Coverdale, the unearthly Priscilla, and the sensuous Zenobia (purportedly modeled on Margaret Fuller) act out a drama of love and rejection, idealism and chicanery, millennial hope and suicidal despair on an experimental commune in rural Massachusetts. The Marble Faun, Hawthorne's last finished novel, uses Italian landscapes where sunlight gives way to mythological shadings as a background for mysteries of identity and murder. Its two young Americans, Kenyon and Hilda, become caught up in the disastrous passion of Donatello, an ingenuous nobleman, for the beautiful, mysterious Miriam, a woman trying to escape her past. It is an excellent fiction book for individuals who love fiction books. Mosses from an Old Manse is a short story collection by Nathaniel Hawthorne, first published in 1846. Many of the tales collected in Mosses from an Old Manse are allegories and, typical of Hawthorne, focus on the negative side of human nature. Hawthorne's friend Herman Melville noted this aspect in his review "Hawthorne and His Mosses": This black conceit pervades him through and through. You may be witched by his sunlight, -transported by the bright gildings in the skies he builds over you; but there is the blackness of darkness beyond; and even his bright gildings but fringe and play upon the edges of thunder-cloud Widely regarded as one of the most important literary voices of nineteenth-century America, Nathaniel Hawthorne is best known as the author of such novels as The Scarlet Letter and The House of the Seven Gables. In this collection originally intended for a young-adult audience, Hawthorne ekes instructive moral lessons and fascinating facts from the life stories of prominent figures in history. Jorge Luis Borges creía que en los cuentos de Nathaniel Hawthorne se inaugura el modo particular de ensoñación del cual surgirá el lenguaje oceánico de Herman Melville, las pesadillas de Edgar Allan Poe y las alucinaciones de William Faulkner. De hecho, cuando se les pidió a seis escritores argentinos que nombraran sus relatos predilectos, Borges escogió sin vacilar el "Wakefield" de Hawthorne, una "breve y ominosa parábola" que prefigura el mundo de Kafka, autor que a su vez "modifica y afina la lectura de

He therefore gave strict directions to keep him in a darkened chamber, with a bandage over his eyes. Not a ray of the blessed light of heaven could be suffered to visit the poor lad. This was a sad thing for Edward. It was just the same as if there were to be no more sunshine, nor moonlight, nor glow of the cheerful fire, nor light of lamps. A night had begun which was to continue perhaps for months, - a longer and drearier night than that which voyagers are compelled to endure when their ship is icebound, throughout the winter, in the Arctic Ocean. His dear father and mother, his brother George, and the sweet face of little Emily Robinson must all vanish and leave him in utter darkness and solitude. Their voices and footsteps, it is true, would be heard around him; he would feel his mother's embrace and the kind pressure of all their hands; but still it would seem as if they were a thousand miles away. Beginning with Fanshawe (1828), a work published privately and anonymously, Nathaniel Hawthorne's fiction helped shape the course of American literature. Both Poe and Melville lavished praise on his next books, Twice-Told Tales and Mosses from an Old Manse, collections that helped establish the short story as an important American literary genre. With the publication of The Scarlet Letter in 1850, Hawthorne's reputation was secure. Set in the harsh Puritan community of seventeenth-century Boston, this famous tale of an adulterous entanglement gave American literature its first heroine, Hester Prynne. D. H. Lawrence called The Scarlet Letter "one of the greatest allegories in all literature." The House of the Seven Gables, a novel set in a mansion haunted by a centuries-old curse, followed a year later. Also included in this volume are The Blithedale Romance, the depiction of a utopian community that cannot survive the passions of its members; The Marble Faun, Hawthorne's last novel, inspired by his yearlong stay in Italy; and tales from The Snow-Image, his final collection of short stories. Hawthorne's themes of alienation, guilt, and isolation ensure that he remains pertinent, and his writing is infused with a distinct sense of place. As Henry James wrote, "He offers the most vivid reflection of New England life that has found its way into our literature." All of his virtues are abundantly demonstrated in this most substantial representation of his work.
