In this stunning follow-up to Brian Freeman's remarkable debut novel, *Immoral*, Detective Jonathan Stride discovers that there are only two ways to go in Las Vegas. You can hit the jackpot. Or you can get Stripped... They looked like isolated cases: a hit-and-run and a celebrity murdered during a fling with a prostitute. No one could ever imagine they'd be linked to a brutal crime in Las Vegas's steamy past—and that the race against the clock to corner a determined serial killer would stir up secrets long thought buried with the dead. As detectives Jonathan Stride and Serena Dial are called separately to investigate, they have no idea what they're stepping into: a world where desperate ambition rules and loyalties know no

bounds, and where their own uncharted emotions and sexual desires will reach an explosive conclusion. Shocking, twisted, with edge-of-your-seat suspense, Stripped pushes the limits of its heroes and keeps the reader turning every page until the last plot twist. An exclusive look at one of the world's most successful and controversial companies, and the mysterious family behind it. BMW is arguably the most admired carmaker in the world. Its financial performance is the envy of its competitors, and BMW products inspire near-fanatical loyalty. While many carmakers struggle with falling sales, profits and market share, demand for BMWs continues to grow, frequently outpacing production. Now, David Kiley-Detroit Bureau Chief at USA Today and author of Getting the Bugs Out, which covered Volkswagen's demise and rebirth, goes inside the fabled German automaker to see how it does what it does so well. With unprecedented access to BMW executives, Kiley goes behind the walls of BMW's famed "Four Cylinders" headquarters in Munich at a time when the company is in its most aggressive, and some say riskiest, expansion in its history and when some of the company's new products, like the 7 Series sedan and Z4 roadster, are for the first time drawing as many barbs from critics as bouquets. Kiley covers intimate details of the boardroom drama surrounding the company's nearly disastrous acquisition and subsequent sale of the British Rover Group and its expansion into selling MINI and Rolls Royce cars. Besides being a world-class carmaker, BMW is also considered one of the smartest consumer marketing companies and Kiley explores the extraordinary value and management of the BMW brand mystique. He also takes a revealing look at the mysterious and ultra-private Quandt family of Bad Homburg Germany, which owns a controlling stake in BMW: Johanna and Susanne Quandt, two of the wealthiest women in Europe and Stefan Quandt, one of the wealthiest bachelors on the continent. David Kiley (Ann Arbor, MI) is the Detroit Bureau Chief at USA Today who has covered the auto industry for 17 years. He has been featured on Nightline, CNBC, CNN, MSNBC, NPR and the Today show. He is also the author of Getting the Bugs Out: The Rise, Fall, and Comeback of Volkswagen in America (0-471-26304-4), also available from Wiley.

The CMC Rope Rescue Technician Manual is the standard text for many fire departments, rescue teams and training programs across the country. The sixth edition reflects the latest advances in technology, equipment and procedures available to rescue professionals. Its concise style clearly sequences and describes the elements of rope rescue in a way that is both detailed and easy to understand. Well-drawn diagrams depict each recommended stage of rope rescue operations. The result is a very useful tool for rescue professionals at every skill level. CMC has been an innovator in the emergency services industry for over 40 years. In 1978 Jim Frank endeavored to make rescue safer and more efficient by founding California Mountain Company (later CMC Rescue, now CMC), a company that sourced and supplied specialized life safety equipment to the rescue community. Today, CMC is a globally recognized, employee-owned company that proudly manufactures many products in our ISO-certified Santa Barbara facility, and provides specialized education and training for rescue and rope access professionals. CMC recommends that all rope technicians seek qualified, hands-on instruction from a trusted source. The CMC School provides this type of training with a focus on learning-by-doing. Open enrollment and custom courses are available worldwide. For more information on CMC or the CMC School, visit cmcpro.com.
