disenfranchise African Americans and Latinos According to Alexander we have not ended racial caste in America we have merely redesigned it Thanks in a large part to the War on Drugs more than two million people are in America s prisons today an overwhelming majority of them are people of color who ve been jailed for minor drug charges When these adults leave prison they are often denied employment housing the right to vote and a quality education As a result they are rarely able to integrate successfully into society The New Jim Crow is a well argued call to dismantle a system of policies that continues to deny civil rights decades after the passing of the Civil Rights and Voting Rights Acts The summary and analysis in this ebook are intended to complement your reading experience and bring you closer to a great work of nonfiction [Building a Movement to End the New Jim Crow: an organizing guide](#) Daniel Hunter,2015 Seeks to focus people in the direction of dismantling our nation s huge and egregious prison industrial systems the old but new Jim Crow In it Daniel Hunter describes key organizing principles and offers an array of examples that describe concrete ways that individuals organizations and coalitions are achieving significant successes which cultivate the soil for more and more significant campaigns in this crucial struggle *An Analysis of Michelle Alexander's the New Jim Crow* Ryan Moore,2017-07-15 The United States has the world s largest prison population with more than two million behind bars Alexander says this is mainly due to America s war on drugs launched in 1982 In *The New Jim Crow* she explains how this government initiative has led to America s black citizens being imprisoned on a colossal scale She compares this mass detention with black men up to 50 times more likely to be jailed than white men to the Jim Crow era segregation that once pervaded the American South Though the Civil Rights Movement supposedly ended segregation in the early 1960s the war on drugs opened the door to a new racial caste system [An Analysis of Michelle Alexander's The New Jim Crow](#) Ryan Moore,2017-07-05 Michelle Alexander s *The New Jim Crow* Mass Incarceration in the Age of Colorblindness is an unflinching dissection of the racial biases built into the American prison system Named after the laws that enforced racial segregation in the southern United States until the mid 1960s *The New Jim Crow* argues that while America is now legally a colorblind society treating all races equally under the law many factors combine to build profound racial weighting into the legal system The US now has the world s highest rate of incarceration and a disproportionate percentage of the prison population is comprised of African American men Alexander s argument is that different legal factors have combined to mean both that African Americans are more likely to be targeted by police and to receive long jail sentences for their crimes While many of Alexander s arguments and statistics are to be found in other books and authors work *The New Jim Crow* is a masterful example of the reasoning skills that communicate arguments persuasively Alexander s skills are those fundamental to critical thinking reasoning organizing evidence examining other sides of the question and synthesizing points to create an overall argument that is as watertight as it is persuasive *North Webster* Ann Morris,Henrietta Ambrose,1993 Ten miles west of St Louis in the town of Webster Groves there is an old black community It is called North Webster because it covers the hill which rolls to the

Massey,Nancy A. Denton,1993 This powerful and disturbing book clearly links persistent poverty among blacks in the United States to the unparalleled degree of deliberate segregation they experience in American cities *American Apartheid* shows how the black ghetto was created by whites during the first half of the twentieth century in order to isolate growing urban black populations It goes on to show that despite the Fair Housing Act of 1968 segregation is perpetuated today through an interlocking set of individual actions institutional practices and governmental policies In some urban areas the degree of black segregation is so intense and occurs in so many dimensions simultaneously that it amounts to hypersegregation The authors demonstrate that this systematic segregation of African Americans leads inexorably to the creation of underclass communities during periods of economic downturn Under conditions of extreme segregation any increase in the overall rate of black poverty yields a marked increase in the geographic concentration of indigence and the deterioration of social and economic conditions in black communities As ghetto residents adapt to this increasingly harsh environment under a climate of racial isolation they evolve attitudes behaviors and practices that further marginalize their neighborhoods and undermine

their chances of success in mainstream American society This book is a sober challenge to those who argue that race is of declining significance in the United States today **The Cushion in the Road** Alice Walker, 2013-04-09 The National Book Award and Pulitzer Prize winning author of *The Color Purple* explores our modern world with compassion courage and humor Booklist Alice Walker once ached for retirement but in the turmoil of the Democratic primaries and the economic collapse of 2008 she realized she simply had a great deal more to say Leaving her meditation cushion behind she found herself traveling the world once again to speak of our intertwined personal spiritual and political destinies through ruminations poems essays and letters At the height of her literary powers this revered American novelist poet essayist and activist invites readers on a journey of political awakening and spiritual insight While visiting subjects she has addressed throughout her career including racism Africa Palestinian solidarity and Cuba as well as addressing emergent issues such as the presidency of Barack Obama and health care Walker explores her conflicting impulses to retreat into inner contemplation and to remain deeply engaged with the world Rich with humor and wisdom and informed by Walker's unique eye for the details of human and natural experience *The Cushion in the Road* is a heartfelt response to a new generation's yearning for public service Kirkus Reviews Walker's concern for the state of humanity and the planet comes through as impassioned and genuine Publishers Weekly Quintessential Alice Walker edgy demanding prayerful loving and aware An essential companion for those who wish to be a force for positive change in our perpetually challenging world ForeWord Magazine Infused with a quiet grace and gentle resolve to act responsibly Kirkus Reviews **Prison Profiteers** Tara Herivel, Paul Wright, 2011-05-10 No country in history has ever handed over so many inmates to private corporations This book looks at the consequences Eric Schlosser bestselling author of *Fast Food Nation* In *Prison Profiteers* coeditors Tara Herivel and Paul Wright follow the money to an astonishing constellation of prison administrators and politicians working in collusion with private parties to maximize profits Publishers Weekly From investment banks guard unions and the makers of Taser stun guns to health care providers telephone companies and the US military which relies heavily on prison labor this network of perversely motivated interests has turned the imprisonment of 1 out of every 135 Americans into a lucrative business Called an essential read for anyone who wants to understand what's gone wrong with criminal justice in the United States by ACLU National Prison Project director Elizabeth Alexander this incisive and deftly researched volume shows how billions of tax dollars designated for the public good end up lining the pockets of those private enterprises dedicated to keeping prisons packed An important analysis of a troubling social trend that is sure to inform and outrage any concerned citizen *Prison Profiteers* reframes the conversation by exposing those who stand to profit from the imprisonment of millions of Americans Booklist Indispensable An easy and accessible read and a necessary one The San Diego Union Tribune This is lucid eye opening reading for anyone interested in American justice Publishers Weekly Impressive A thoughtful comprehensive and accessible analysis of the money trail behind the prison industrial complex The Black Commentator *The Lost Education of Horace Tate* Vanessa

Siddle Walker, 2018-07-31 A Publishers Weekly Best Book of 2018 An important contribution to our understanding of how ordinary people found the strength to fight for equality for schoolchildren and their teachers Wall Street Journal In the epic tradition of Eyes on the Prize and with the cultural significance of John Lewis's March trilogy an ambitious and harrowing account of the devoted black educators who battled southern school segregation and inequality For two years an aging Dr Horace Tate a former teacher principal and state senator told Emory University professor Vanessa Siddle Walker about his clandestine travels on unpaved roads under the cover of night meeting with other educators and with Dr King Georgia politicians and even U S presidents Sometimes he and Walker spoke by phone sometimes in his office sometimes in his home always Tate shared fascinating stories of the times leading up to and following Brown v Board of Education Dramatically on his deathbed he asked Walker to return to his office in Atlanta in a building that was once the headquarters of another kind of southern strategy one driven by integrity and equality Just days after Dr Tate's passing in 2002 Walker honored his wish Up a dusty rickety staircase locked in a concealed attic she found the collection a massive archive documenting the underground actors and covert strategies behind the most significant era of the fight for educational justice Thus began Walker's sixteen year project to uncover the network of educators behind countless battles in courtrooms schools and communities for the education of black children Until now the courageous story of how black Americans in the South won so much and subsequently fell so far has been incomplete The Lost Education of Horace Tate is a monumental work that offers fresh insight into the southern struggle for human rights revealing little known accounts of leaders such as W E B Du Bois and James Weldon Johnson as well as hidden provocateurs like Horace Tate
