# Abnormal Lectures At The College De France 1974 75 Michel Foucault

**Abnormal** Michel Foucault, 2003 Michel Foucault remains one of the towering intellectual figures of the last half century. Michel Foucault's works on sexuality, madness, the prison, and medicine are classics, and his example continues to challenge and inspire. The philosopher gave public lectures at the College de France from 1971 until his death in 1984; these lectures were seminal events and created benchmarks for contemporary critical inquiry. The lectures comprising *Abnormal* begin by examining the role of psychiatry in modern criminal justice and its method of categorizing individuals who resemble their crime before they commit it. Michel Foucault shows how and why defining abnormality and normality were prerogatives of power in the 19th century and shaped the institutions. The College de France lectures add to our appreciation of the philosopher's thought and offer a unique window into his way of thinking. *Abnormal* Michel Foucault, 2004-09-01. From 1971 until his death in 1984, Foucault gave public lectures at the world-famous College de France. Attended by thousands, these were seminal events in the world of French letters. Picador is proud to be publishing the lectures in thirteen volumes. The lectures comprising *Abnormal* begin by examining the role of psychiatry in modern criminal justice and its method of categorizing individuals who resemble their crime before they commit it. Building on the themes of societal self-defense in *Society Must Be Defended*, Foucault shows how and why defining abnormality and normality were prerogatives of power in the nineteenth century. The College de France lectures add immeasurably to our appreciation of Foucault's work and offer a unique window into his thinking. **Psychiatric Power** Michel Foucault, 2008-06-24. In *Psychiatric Power*, the fourth volume in the collection of his groundbreaking lectures at the Collège de France, Michel Foucault addresses and expands upon the ideas in his seminal *Madness and Civilization*, sketching the genealogy of psychiatry and of its characteristic form of power-knowledge. *Madness and Civilization* undertook the archeology of the division according to which, in Western Society, the madman found himself separated from the sane. That book ends with the medicalization of madness at the beginning of the nineteenth century. *Psychiatric Power* continues this discourse up to the end of the nineteenth century and the double depsychiatrization of madness now dispersed between the neurologist and the psychoanalyst. Presented in a conversational tone, *Psychiatric Power* brings fresh access and light to the work of one of the past century's preeminent thinkers.

"Society Must Be Defended" Michel Foucault, 2003-12. Foreword: François Ewald and Alessandro Fontana. Introduction: Arnold I. Davidson. One: 7 January 1976. What is a lecture? Subjugated knowledges. Historical knowledge of struggles, genealogies, and scientific discourse. Power or what is at stake in genealogies. Juridical and economic conceptions of power. Power as repression and power as war. Clausewitz's aphorism inverted. Two: 14 January 1976. War and power. Philosophy and the limits of power. Law and royal power. Law, domination, and subjugation. Analytics of power: questions of method. Theory of sovereignty. Disciplinary power. Rule and norm. Three: 21 January 1976. Theory of sovereignty and operators of domination. War

as analyzer of power relations The binary structure of society Historico political discourse the discourse of perpetual war The dialectic and its codifications The discourse of race struggle and its transcriptions Four 28 January 1976 Historical discourse and its supporters The counterhistory of race struggle Roman history and biblical history Revolutionary discourse Birth and transformation of racism Race purity and State racism the Nazi transformation and the Soviet transformation Five 4 February 1976 Answer to a question on anti Semitism Hobbes on war and sovereignty The discourse on the Conquest in England royalists parliamentarians and Levellers The binary schema and political historicism What Hobbes wanted to eliminate Six 11 February 1976 Stories about origins The Trojan myth France s heredity Franco Gallia Invasion history and public right National dualism The knowledge of the prince Boulainvillier s Etat de la France The clerk the intendant and the knowledge of the aristocracy A new subject of history History and constitution Seven 18 February 1976 Nation and nations The Roman conquest Grandeur and decadence of the Romans Boulainvilliers on the freedom of the Germans The Soissons vase Origins of feudalism Church right and the language of State Boulainvilliers three generalizations about war law of history and law of nature the institutions of war the calculation of forces Remarks on war Eight 25 February 1976 Boulainvilliers and the constitution of a historico political continuum Historicism Tragedy and public right The central administration of history The problematic of the Enlightenment and the genealogy of knowledges The four operations of disciplinary knowledge and their effects Philosophy and science Disciplining knowledges Nine 3 March 1976 Tactical generalization of historical knowledge Constitution Revolution and cyclical history The savage and the barbarian Three ways of filtering barbarism tactics of historical discourse Questions of method the epistemological field and the antihistoricism of the bourgeoisie Reactivation of historical discourse during the Revolution Feudalism and the gothic novel Ten 10 March 1976 The political reworking of the idea of the nation during the Revolution Sieyes Theoretical implications and effects on historical discourse The new history s grids of intelligibility domination and totalization Montlosier and Augustin Thierry Birth of the dialectic Eleven 17 March 1976 From the power of sovereignty to power over life Make live and let die From man as body to man as species the birth of biopower Biopower s fields of application Population Of death and of the death of Franco in particular Articulations of discipline and regulation workers housing sexuality and the norm Biopower and racism Racism functions and domains Nazism Socialism Course Summary Situating the Lectures Alessandro Fontana and Mauro Bertani Index *The Courage of Truth* M. Foucault,2011-04-20 The Courage of the Truth is the last course that Michel Foucault delivered at the College de France before his death in 1984 In this course he continues the theme of the previous year s lectures in exploring the notion of truth telling in politics to establish a number of ethically irreducible conditionsbased on courage and conviction **Penal Theories and Institutions** Michel Foucault,2019-11-22 What characterizes the act of justice is not resort to a court and to judges it is not the intervention of magistrates even if they had to be simple mediators or arbitrators What characterizes the juridical act the process or the procedure in the broad sense is the regulated

development of a dispute And the intervention of judges their opinion or decision is only ever an episode in this development What defines the juridical order is the way in which one confronts one another the way in which one struggles The rule and the struggle the rule in the struggle this is the juridical Michel Foucault Penal Theories and Institutions is the title Michel Foucault gave to the lectures he delivered at the Collège de France from November 1971 to March 1972 In these lectures Michel Foucault presents for the first time his approach to the question of power that will be the focus of his research up to the writing of Discipline and Punish 1975 and beyond His analysis starts with a detailed account of Richelieu's repression of the Nu pieds revolt 1639 1640 and then goes on to show how the apparatus of power developed by the monarchy on this occasion breaks with the system of juridical and judicial institutions of the Middle Ages and opens out onto a judicial State apparatus a repressive system whose function is focused on the confinement of those who challenge its order Michel Foucault systemizes the approach of a history of truth on the basis of the study of juridico political matrices that he had begun in the previous year's lectures Lectures on the Will to Know and which is at the heart of the notion of knowledge power In these lectures Foucault develops his theory of justice and penal law The appearance of this volume marks the end of the publication of the series Foucault's courses at the Collège de France the first volume of which was published in 1997

**The Punitive Society** Michel Foucault, 2018-08-07 These thirteen lectures on the punitive society delivered at the Collège de France in the first three months of 1973 examine the way in which the relations between justice and truth that govern modern penal law were forged and question what links them to the emergence of a new punitive regime that still dominates contemporary society Praise for Foucault's Lectures at the Collège de France Series Ideas spark off nearly every page The words may have been spoken in the 1970s but they seem as alive and relevant as if they had been written yesterday Bookforum Foucault is quite central to our sense of where we are He is carrying out in the noblest way the promiscuous aim of true culture The Nation Foucault has an alert and sensitive mind that can ignore the familiar surfaces of established intellectual coded and ask new questions He gives dramatic quality to the movement of culture The New York Review of Books

**Lectures on the Will to Know** M. Foucault, 2013-04-09 In the first of his annual series of lectures at the Collège de France Foucault develops a vigorous Nietzschean history of the will to know through an analysis of changing procedures of truth legal forms and class struggles in ancient Greece

**Subjectivity and Truth** Michel Foucault, 2017-07-22 The working hypothesis is this it is true that sexuality as experience is obviously not independent of codes and systems of prohibitions but it needs to be recalled straightaway that these codes are astonishingly stable continuous and slow to change It needs to be recalled also that the way in which they are observed or transgressed also seems to be very stable and very repetitive On the other hand the point of historical mobility what no doubt change most often what are most fragile are modalities of experience Michel Foucault In 1981 Foucault delivered a course of lectures which marked a decisive reorientation in his thought and of the project of a History of Sexuality outlined in 1976 It was in these lectures that arts of

living became the focal point around which he developed a new way of thinking about subjectivity. It was also the moment when Foucault problematized a conception of ethics understood as the patient elaboration of a relationship of self to self. It was the study of the sexual experience of the Ancients that made these new conceptual developments possible. Within this framework, Foucault examined medical writings, tracts on marriage, the philosophy of love, or the prognostic value of erotic dreams for evidence of a structuration of the subject in his relationship to pleasures, aphrodisia, which is prior to the modern construction of a science of sexuality, as well as to the Christian fearful obsession with the flesh. What was actually at stake was establishing that the imposition of a scrupulous and interminable hermeneutics of desire was the invention of Christianity. But to do this, it was necessary to establish the irreducible specificity of ancient techniques of self. In these lectures, which clearly foreshadow *The Use of Pleasures* and *The Care of Self*, Foucault examines the Greek subordination of gender differences to the primacy of an opposition between active and passive, as well as the development by Imperial stoicism of a model of the conjugal bond which advocates unwavering fidelity and shared feelings, and which leads to the disqualification of homosexuality.

*Heinrich Kaan's "Psychopathia Sexualis" (1844)* Heinrich Kaan, 2016-10-25. With Heinrich Kaan's book, we have then what could be called the date of birth, or in any case the date of the emergence of sexuality and sexual aberrations in the psychiatric field. Michel Foucault, *Abnormal Lectures at the Collège de France*, 1974-1975. Heinrich Kaan's fascinating work, part medical treatise, part sexual taxonomy, part activist statement, and part anti-onanist tract, takes us back to the origins of sexology. He links the sexual instinct to the imagination, for the first time creating what Foucault called a unified field of sexual abnormality. Kaan's taxonomy consists of six sexual aberrations: masturbation, pederasty, lesbian love, necrophilia, bestiality, and the violation of statues. Kaan not only inaugurated the field of sexology but played a significant role in the regimes of knowledge production and discipline about psychiatric and sexual subjects. As Benjamin Kahan argues in his Introduction, Kaan's text crucially enables us to see how homosexuality replaced masturbation as the central concern of Euro-American sexual regulation. Kaan's work, translated into English for the first time here, opens a new window onto the history of sexuality and the history of sexology and reconfigures our understanding of Richard von Krafft-Ebing's book of the same name, published some forty years later.

*Feminist Interpretations of Michel Foucault* Susan Hekman, 2010-11-01. Despite the possibilities, however, Foucault's approach has raised serious questions about an equally crucial area of feminist thought: politics. Some feminist critics of Foucault have argued that his deconstruction of the concept of woman also deconstructs the possibility of a feminist politics. Several essays explore the implications of this deconstruction for feminist politics and suggest that a Foucauldian feminist politics is not viable.

**The Cambridge Foucault Lexicon** Leonard Lawlor, John Nale, 2014-04-21. The Cambridge Foucault Lexicon is a reference tool that provides clear and incisive definitions and descriptions of all of Foucault's major terms and influences, including history, knowledge, language, philosophy, and power. It also includes entries on philosophers about whom Foucault wrote and who influenced Foucault's thinking, such

as Deleuze Heidegger Nietzsche and Canguilhem The entries are written by scholars of Foucault from a variety of disciplines such as philosophy gender studies political science and history Together they shed light on concepts key to Foucault and to ongoing discussions of his work today [Confessions of the Flesh](#) Michel Foucault,2021 Brought to light at last the fourth volume in the famous History of Sexuality series by one of the most influential thinkers of the twentieth century his final work which he had completed but not yet published upon his death in 1984 Michel Foucault's philosophy has made an indelible impact on Western thought and his History of Sexuality series which traces cultural and intellectual notions of sexuality arguing that it is profoundly shaped by the power structures applied to it is one of his most influential works At the time of his death in 1984 he had completed but not yet edited or published the fourth volume which posits that the origins of totalitarian self surveillance began with the Christian practice of confession This is a text both sweeping and deeply personal as Foucault born into a French Catholic family undoubtedly wrestled with these issues himself Since he had stipulated Pas de publication posthume this text has long been secreted away However the sale of the Foucault archives in 2013 which made this text available to scholars prompted his nephew to seek wider publication This attitude was shared by Foucault's longtime partner Daniel Defert who said What is this privilege given to Ph D students I have adopted this principle It is either everybody or nobody [The Birth of Biopolitics](#) Michel Foucault,2010-03-02 The sixth volume in Foucault's prestigious groundbreaking series of lectures at the Collège de France from 1970 to 1984 **The Foucault Effect** Michel Foucault,1991-07-09 Based on Foucault's 1978 and 1979 lectures on rationalities of government this work examines the art or activity of government and the different ways in which it has been made thinkable and practicable There are also contributions of other scholars exploring modern manifestations of government **Discipline and Punish** Michel Foucault,2012-04-18 A brilliant work from the most influential philosopher since Sartre In this indispensable work a brilliant thinker suggests that such vaunted reforms as the abolition of torture and the emergence of the modern penitentiary have merely shifted the focus of punishment from the prisoner's body to his soul **Foucault's Last Decade** Stuart Elden,2016-05-17 On 26 August 1974 Michel Foucault completed work on Discipline and Punish and on that very same day began writing the first volume of The History of Sexuality A little under ten years later on 25 June 1984 shortly after the second and third volumes were published he was dead This decade is one of the most fascinating of his career It begins with the initiation of the sexuality project and ends with its enforced and premature closure Yet in 1974 he had something very different in mind for The History of Sexuality than the way things were left in 1984 Foucault originally planned a thematically organised series of six volumes but wrote little of what he promised and published none of them Instead over the course of the next decade he took his work in very different directions studying lecturing and writing about historical periods stretching back to antiquity This book offers a detailed intellectual history of both the abandoned thematic project and the more properly historical version left incomplete at his death It draws on all Foucault's writings in this period his courses at

the Coll ge de France and lectures elsewhere as well as material archived in France and California to provide a comprehensive overview and synthetic account of Foucault s last decade *On the Government of the Living* Michel Foucault,2016-03-08 With these lectures Foucault inaugurates his investigations of truth telling in the ethical domain of practices of techniques of the self How and why he asks does the government of men require those subject to power to be subjects who must tell the truth about themselves Publisher s website *The Government of Self and Others* M. Foucault,Arnold I. Davidson,Graham Burchell,2010-04-14 An exciting and highly original examination of the practices of truth telling and speaking out freely parr sia in ancient Greek tragedy and philosophy Foucault discusses the difficult and changing practices of truth telling in ancient democracies and tyrannies and offers a new perspective on the specific relationship of philosophy to politics **The Passion of Michel Foucault** James Miller,2000 Based on extensive new research and a bold interpretation of the man and his texts The Passion of Michel Foucault is a startling look at one of this century s most influential philosophers It chronicles every stage of Foucault s personal and professional odyssey from his early interest in dreams to his final preoccupation with sexuality and the nature of personal identity
