If you ally compulsion such a referred Strategic Management By John Pearce And Richard Robinson ebook that will find the money for you worth, acquire the unconditionally best seller from us currently from several preferred authors. If you desire to humorous books, lots of novels, tale, jokes, and more fictions collections are next launched, from best seller to one of the most current released.

You may not be perplexed to enjoy all book collections Strategic Management By John Pearce And Richard Robinson that we will extremely offer. It is not on the costs. Its just about what you infatuation currently. This Strategic Management By John Pearce And Richard Robinson , as one of the most full of zip sellers here will extremely be along with the best options to review.

Eventually, you will very discover a additional experience and triumph by spending more cash. still when? complete you recognize that you require to get those every needs later than having significantly cash? Why dont you try to get something basic in the beginning? Thats something that will lead you to comprehend even more going on for the globe, experience, some places, as soon as history, amusement, and a lot more?

It is your categorically own become old to put on an act reviewing habit. along with guides you could enjoy now is Strategic Management By John Pearce And Richard Robinson below.

As recognized, adventure as capably as experience roughly lesson, amusement, as with ease as accord can be gotten by just checking out a book Strategic Management By John Pearce And Richard Robinson plus it is not directly done, you could believe even more in relation to this life, regarding the world.

We pay for you this proper as without difficulty as easy pretentiousness to get those all. We manage to pay for Strategic Management By John Pearce And Richard Robinson and numerous ebook collections from fictions to scientific research in any way. in the middle of them is this Strategic Management By John Pearce And Richard Robinson that can be your partner.

Yeah, reviewing a books Strategic Management By John Pearce And Richard Robinson could be credited with your near associates listings. This is just one of the solutions for you to be successful. As understood, execution does not suggest that you have fabulous points.

Comprehending as without difficulty as pact even more than further will allow each success. adjacent to, the revelation as capably as perception of this Strategic Management By John Pearce And Richard Robinson can be taken as well as picked to act.

Contemporary research in strategic management, with an emphasis on conceptual tools and skills created by scholars and practitioners in the field. Sulphur Springs native Frank Webster Pearce was a soldier in Texas' own 36th Infantry Division and the 111th Engineer Combat Battalion. The Division's story has been told before, but never from start to finish by a combat engineer, whose footprints stirred the sands of three invasion beaches, wallowed through the mud, and trudged in the snow of every battle. From training in the United States to the war's end in Austria, Pearce chronicled it all.. With the combination of diary, numerous letters home, and official division reports, this is the most complete look ever produced on the 111th Engineers and their war against Hitler's Germany. This is a primary account written daily as the events unfolded. It was the war years. Here you find out

how to properly bury a man in the water soaked Italian soil, a fool proof way to smuggle liquor from the US to the soldiers overseas, the foul stench of death reeking across the battlefield, and the beauty of exploding artillery shells in the night sky. These are his thoughts and letters as he wrote them--raw and unfiltered. London, 1793: Young firebrand John Pearce, on the run from the authorities, is illegally press-ganged from the Pelican Tavern into brutal life aboard HMS Brilliant, a frigate on its way to war. Shipboard life is hard, brutal, and dangerous--that anyone chooses it suggests that life ashore is even worse. But Pearce is not alone; he is drawn to a disparate group of men pressed alongside him who eventually form an exclusive gun crew, the Pelicans, with Pearce their elected leader. The Pelicans find solidarity in facing together the cruelty of their hard-nosed captain, Barclay, and the daily threat of bullying, flogging--even murder. The one light on the horizon is the captain's wife, Emily, who is also aboard and new to life at sea. During an action-packed two weeks, as HMS Brilliant chases a French privateer across the English Channel, Pearce discovers the British Navy is a world in which he can prosper, and he and the Pelicans form friendships that will last a lifetime. Free from jail, John Pearce is not free from the smugglers whose boat he stole. They want bloody revenge and are prepared to chase him to the ends of the earth to get it. The court martial papers that threaten to also damn Pearce are at risk due to the calculating schemes of Ralph Barclay. But the danger is only just beginning, for Pearce must undertake a dangerous mission in support of a massive revolt in the Vendée region of France. As high rebellious ambition turns to bloody disaster, Pearce faces real peril, climaxing in one of the greatest battles of the French Revolutionary Wars: the Glorious First of June. The thirteenth volume in the popular John Pearce Adventures set on the high seas 1795: Just as Lieutenant John Pearce feels that he has been freed from an old foe, a new one takes his place. In the face of fresh antagonism, and with complications in his relationship with the recently widowed Emily Barclay, Pearce must juggle personal difficulties with the call of service. Aboard HMS Flirt, Pearce and his Pelicans soon join the squadron led by Horatio Nelson on a reconnaissance which results in the destruction of a key French battery – though the success is short-lived. In raids ashore, split loyalties, and bloody sea fights, Pearce must show bravery and resource to ensure his survival and return to Emily. Only luck and Pearce's fierce appetite for battle can save them from the perils ahead. 1794: In the wake of the Glorious First of June, Lieutenant John Pearce has pressing matters to attend to. He must undertake an urgent commission from Lord Hood, track down midshipman Toby Burns, and placate Emily Barclay. Meanwhile smugglers whose ship Pearce inadvertently stole are on his tail. And it is not only John Pearce who has his fair share of trouble. The triumphant Channel Fleet returns, but the battle is already the subject of controversy—and Ralph Barclay is accused of holding back from the action. Pearce turns the table on his enemies and sets off for the Mediterranean with Emily Barclay. He can only hope that his troubles will end along with his mission. But are they only just beginning? Revolution. Bloodshed. Glory. 1793. Returning triumphant from Corsica, Lieutenant John Pearce receives a mixed welcome. But with the siege of Toulon escalating in violence and the French Revolutionary Army preparing to attack, all thoughts of revenge must be put on hold as Pearce is entrusted with a dangerous mission. When their assignment goes awry, it is up to Pearce and his comrades to prevent the inevitable bloodshed, but challenging the Revolutionaries as well as their navy could be a fatal mistake - Set against the backdrop of the bloody French Revolution, A Flag of Truce brilliantly combines a gripping adventure with intricate historical detail, to explosive effect. John Pearce, having negotiated the highly questionable sale of the two French prizes taken in The Devil to Pay, has left HMS Flirt, as well as the crew and the wounded Henry Digby, in Brindisi and is now headed for Naples to see his lover. In an uncomfortable journey he seeks to work out a way to best both Admiral Sir William Hotham and Captain Ralph Barclay, men who are his sworn enemies. All his calculations are thrown into turmoil when he discovers that Emily is pregnant which, while it is a cause for joy, is also a reason to worry; she is still married to Ralph Barclay and by the laws of the time he can claim the child as his own. Social enterprises are businesses run for a social or environmental purpose, to deliver benefits to the community and not to generate profits for individuals or shareholders. Good examples range from the Appin Community Cooperative in the Scottish highlands to Coin Street Community Builders in London. Pressed into King George's navy for the second time in a month, John Pearce finds himself working aboard HMS Griffin, sailing the Channel in search of the numerous French privateers preying on English merchant ships. Pearce, however, has other things on his mind. He must find a way off the ship in order to rescue his ailing father from the dangers of revolutionary Paris. By inciting mutiny, he hopes to escape the ship unnoticed. But travelling to France, John Pearce discovers that his worst fears have become reality. All he can do is return to the Griffin -- and exact his revenge. Although a large number of cemeteries have been explored in Roman Britain they have never been seen as central to the study of the province. This collection of twenty-eight papers, from a symposium held at the University of Durham in 1997, explores different approaches to examine the contribution that cemeteries can make to our wider understanding of Roman society. The papers are grouped under five headings: The reconstruction of mortuary rituals; Burial and social status; The dead in the landscape; Burial and ethnicity and society; Religion and Burial in late Roman Britain and Italy. It is 1793. John Pearce and his Pelicans are going home - to gain their freedom and put the treacherous Captain Ralph Barclay in the dock. Emily Barclay discovers Pearce has papers that would ruin her husband's career and her future security. And then comes that dread thing: a fire aboard a wooden ship of war! Cast adrift, Pearce and his Pelicans find help from an unlikely source. Finally, back on British soil, they hope they have reached the end of their troubles, but with the documents missing, the real concerns have only just begun. Emily Barclay holds the key, but where do her loyalties lie? Lieutenant John Pearce is in London seeking protection for his friends, the Pelicans, from a reluctant Admiralty. Sitting in the tavern where they were first press ganged, Pearce considers his future. Lacking the evidence of

perjury, he once had to bring Captain Ralph Barclay to justice, his prospects are not promising. Ralph Barclay's young wife, Emily, is refusing to live under the same roof as him and she has the means to get her own way: the evidence Pearce believes was lost at sea. Pearce's Lieutenant John Pearce is in London seeking protection for his friends, the Pelicans, from a reluctant Admiralty. Lacking the evidence of perjury, he once had to bring Captain Ralph Barclay to justice, his prospects are not promising. Ralph Barclay's young wife, Emily, is refusing to live under the same roof as him and she has the means to get her own way: the evidence Pearce believes was lost at sea. Pearce's companions finally arrive in London just in time to join Pearce in fetching a ship laden with contraband back from France -- an illegal act but very profitable. Are Pearce and his Pelicans sailing into prosperity or danger? companions finally arrive in London just in time to join Pearce in fetching a ship laden with contraband back from France -- an illegal act but very profitable. Are Pearce and his Pelicans sailing into prosperity or danger? Organizational success crucially depends on having a superior strategy and effectively implementing it. Companies that outperform their rivals typically have a better grasp of what customers value, who their competitors are, and how they can create an enduring competitive advantage. Successful strategies reflect a solid grasp of relevant forces in the external and competitive environment, a clear strategic intent, and a deep understanding of a company's core competencies and assets. Generic strategies rarely propel a firm to a leadership position. Knowing where to go and ending carefully considered, creative ways of getting there are the hallmarks of successful strategy. His long-ago lover brings a cryptic letter to Paris, pulling Eddie Grant reluctantly into a web of intrigue and death - but giving him one slim chance to find the terrorists who murdered his family seven years before. The letter sparks a dangerous quest across Paris, the Loire Valley, and the gleaming beaches of the Florida Gulf Coast for the most valuable Nazi loot that remains missing, a famous Raphael self-portrait from the early 16th century. The painting and the crates of bullion that accompanied it were intended to finance the Fourth Reich, or so the rumors said. Jen Wetzmueller, daughter of his late father's World War II colleague in American Army intelligence, found the letter after her father was run down by a car in the streets of Sarasota. For Eddie, it brings the long-cold case of his family's murder back to life. Its clues propel him from his Paris home to Florida, where he barely escapes with his life. Then it's back home, to burrow into the darkest reaches of the German occupation. Along the way, he and Jen restart the brief, fiercely passionate affair that he abandoned, to his regret, 20 years before. Most of all, *Treasure of Saint-Lazare* is a novel of Paris. The painting, *Portrait of a Young Man*, remains missing, although the Polish government said recently that it still exists and is in a safe place. "Bravo!" (Ronald Rosbottom, author of *When Paris Went Dark*) "An exceptionally well written book with a fast-paced story line and many plot surprises." (Connield, Amazon reviewer) A "fast-paced thriller spanning the globe from Paris to the states." (Carole P. Roman, Amazon reviewer) "I read it once and then waited a week and read it again." (Amazon reviewer) "John Pearce is entrusted with the task of escorting 5,000 radical French sailors to a port on the Atlantic coast where they are to be set free. But when the assignment goes awry, it is up to Pearce and his trio of friends, the Pelicans, to prevent judicial murder"-- "A salty blend of seafaring adventure and whodunit" *Literary Review* Few men have been more important to the life of Kentucky than three of those who governed it between 1930 and 1963—Albert B. Chandler, Earle C. Clements, and Bert T. Combs. While reams of newspaper copy have been written about them, the historical record offers little to mark their roles in the drama of Kentucky and the nation. In this authoritative and sometimes intimate view of Bluegrass State politics and government at ground level, John Ed Pearce—one of Kentucky's favorite writers—helps fill this gap. In half a century as a close observer of Kentucky politics—as reporter, editorial writer, and columnist for the *Louisville Courier-Journal*—Pearce has seen the full spectacle. He watched "Happy" Chandler vault into national prominence with his flamboyant campaign style. He was shaken by Earle Clements for asking an awkward question. He joined in the laughter when a striptease artist was commissioned a Kentucky Colonel during the Combs administration. And he watched as the successive governors struggled to move the state forward, each in his own way. Yet this is more than a newsman's account of events. Pearce probes for the roots of the troubles that have slowed Kentucky's progress. He traces the divisions that have plagued the state for almost two centuries, divisions springing from the nature of Kentucky's beginnings. He studies the lack of leadership that has hampered the always dominant Democratic party and the bitter factionalism that has kept the party from developing a cohesive philosophy. When the candidate of one faction has taken office, he shows, the losing faction has usually made political hay by bolting to the opposition party or torpedoing the governor's efforts in the legislature instead of uniting behind a progressive party program. The outcome of such long-term factionalism is a state that must now run fast to catch up.

1794. In the wake of the Glorious First of June, an equivocal success for the British naval fleet against the French Revolutionary forces, Lieutenant John Pearce has pressing matters to attend to. He must undertake an urgent commission from Lord Hood, track down Midshipman Toby Burns, and placate Emily Barclay who, estranged from her husband, is now under Pearce's protection. Meanwhile, smugglers whose ship Pearce inadvertently stole are on his tail, determined to get their money or kill him in revenge – possibly both. And it is not only John Pearce who has his fair share of trouble. The triumphant Channel Fleet returns, with Ralph Barclay limping from a musket ball in the thigh, Cornelius Gherson fuming at the jokes about his cowardice, and bully-boy Devenow sporting a wounded shoulder and a cauliflower ear. But the battle is already the subject of controversy – both the French and British claim victory, and Barclay is accused of holding back from the action. Pearce turns the tables on his enemies with the aid of his crew, conjures up a trick to free his friends and sets off for the Mediterranean with Emily Barclay. He must fight a ferocious sea battle on the way to aid an old friend, and can only hope that his troubles will end along with his mission. But are they

only just beginning?" Among the darkest corners of Kentucky's past are the grisly feuds that tore apart the hills of Eastern Kentucky from the late nineteenth century until well into the twentieth. Now, from the tangled threads of conflicting testimony, John Ed Pearce, Kentucky's best known journalist, weaves engrossing accounts of six of the most notorious accounts to uncover what really happened and why. His story of those days of darkness brings to light new evidence, questions commonly held beliefs about the feuds, and us and long-running feuds—those in Breathitt, Clay Harlan, Perry, Pike, and Rowan counties. What caused the feuds that left Kentucky with its lingering reputation for violence? Who were the feudists, and what forces—social, political, financial—hurled them at each other? Did Big Jim Howard really kill Governor William Goebel? Did Joe Eversole die trying to protect small mountain landowners from ruthless Eastern mineral exploiters? Did the Hatfield-McCoy fight start over a hog? For years, Pearce has interviewed descendants of feuding families and examined skimpy court records and often fictional newspaper reports to rest some of the more popular legends.

The fifteenth volume in the popular John Pearce Adventures set on the high seas 1796: Lieutenant John Pearce is hiding in the smugglers' hub of Gravelines with his mysterious companion, known only to him as Oliphant, trapped in French territory with no way out. Although they find a crew willing to take them to England, they discover on the journey that Pearce's old enemies, the Tolland brothers, are still active on the route and danger may be lurking close to shore. While being in his homeland brings Pearce closer to Emily Barclay and their young son, Adam, the constant need for discretion is an additional strain on their already fragile relationship. Then, just as things may be looking up, it seems Henry Dundas has another role for him and Oliphant: a mission to north-east Spain.

London 1793: Young firebrand John Pearce is illegally press-ganged and dragged off to a brutal life aboard HMS Brilliant, a frigate on its way to war. He meets a disparate group of men, all victims of the Press and obliged to crew a ship's cannon. They quickly form an exclusive band, and Pearce, a natural leader, becomes their gun captain. Shipboard life under the hard-nosed Captain Barclay carries the daily threat of bullying and flogging, but as HMS Brilliant chases French privateer across the English Channel, his young, curvaceous wife Emily provides a light on the horizon. Sequel to *Treasure of Saint-Lazare 1794*. Lieutenant John Pearce is caught between a feuding trio of admirals. One puts him in a position of danger while another asks him to undertake a hazardous commission in order to protect his friends, the Pelicans. Meanwhile, Pearce is also trying to construct a perjury case against Admiral Ralph Barclay. Barclay's own wife has turned against him, but by law she cannot testify against her husband. Her cowardly nephew has become a pawn in the Admiral's game, the objective of which is to finally silence Pearce. At the center of sweeping change to food retailing practices in Victorian and Edwardian England lies one man: John Pearce. An innovative businessman and a quintessential rags-to-riches success story, Pearce was at the forefront of the rise of the mass food market in London. With his catering company Pearce & Plenty, he fed millions of workers who wanted fast, nutritious, and tasty food. David W. Gutzke mines a wide range of primary sources to offer a portrait of a pivotal figure in London and a leader of the temperance catering movement who had "done more than can be readily recognised to render London a sober city." By studying Pearce's companies as well as those of his competitors, this book documents a half century of changing consumption habits in London.

"John Pearce faces a court martial, but will cowardly Toby Burns, chief witness, stand up to questioning? With the matter unresolved, HMS Hazard is put under the command of Horatio Nelson, with whom no cruise can be without incident. Sure enough, battle is joined with two Spanish frigates, though success is short-lived and flight in the face of a superior foe becomes the only option. In London, the government denies prize money for the cargo of silver Pearce took off the Santa Leocadia, claiming it as property of the Crown. Pearce's prize agent seeks to fight this, only to be outmanoeuvred by devious Henry Dundas. Worse, some very bad pennies from the past have come back to haunt the life of Emily Barclay and the thief-taker Walter Hodgson. From Elba, Pearce is sent on a mission to collect fleeing members of the Corsican government: an assignment which looks simple but is anything but. Seeking a solution which will not risk his ship, he sets out to negotiate the aid of a local clan chief, inadvertently putting himself, his crew, and his rescued charges in jeopardy. Pearce finds himself trapped in a deep Corsican bay, facing odds of two to one, which he can only overcome by employing devious tactics. And even successful, he will be forced to make a decision: to follow his instincts or to obey his orders"-- John Pearce was born in 1763 in North Carolina. He married Ann Cain, daughter of James Cain, Sr. and Elizabeth, in about 1793. They had eleven children. John died in 1828 in Camden, Georgia. Descendants and relatives lived mainly in Georgia and Florida.

London, 1793: In this first installment of the popular high-seas nautical adventure series, young firebrand John Pearce, on the run from the authorities, is illegally press-ganged from the Pelican Tavern into brutal life aboard HMS Brilliant, a frigate on its way to war. Shipboard life is hard, brutal, and dangerous—that anyone chooses it suggests that life ashore is even worse. But Pearce is not alone; he is drawn to a disparate group of men pressed alongside him who eventually form an exclusive gun crew, the Pelicans, with Pearce their elected leader. The Pelicans find solidarity in facing together the cruelty of their hard-nosed captain, Barclay, and the daily threat of bullying, flogging—even murder. The one light on the horizon is the captain's wife, Emily, who is also aboard and new to life at sea. During an action-packed two weeks, as HMS Brilliant chases a French privateer across the English Channel, Pearce discovers the British Navy is a world in which he can prosper, and he and the Pelicans form friendships that will last a lifetime. July, 1793. Since being press-ganged into service in King George's Navy, John Pearce has endured a whirlwind few months of wild storms and bitter battles with the enemy. When the trio of Pearce's friends, the Pelicans, are shipped off to the Mediterranean, he vows to liberate the men who have stuck by him through thick and thin. The sixteenth volume in the popular John Pearce Adventures set on the high seas 1796: John Pearce is stuck with a difficult mission — a raw crew of Quota Men forced to enlist in the Royal Navy and four

brand-new midshipmen as well as Samuel Oliphant, companion cum spy, whom he finds a constant irritant. In his favour he commands the sound and speedy warship HMS Hazard, a pair of competent officers and, of course, his trusty old friends the Pelicans. Their primary mission is to head for the Mediterranean Fleet and warn Admiral Sir John Jervis of impending danger he will face fighting a combined French/Spanish fleet. But there is a serious distraction: the imminent arrival of a Spanish vessel from South America carrying silver, for which the Spaniards are waiting before declaring war. Stop that and they will lack the funds to truly engage as an enemy of Britannia — but it is a distraction from Pearce's main task and specific orders. Can he resist the lure of such a valuable capture and risk his ship in a dangerous battle to gain it, or will his duty come first? The Text-Book of Astrology, written by noted English astrologer Alfred John Pearce, was first published as a combined edition in London in 1911. It includes the author's individual books on: Genethliacal Astrology Mundane Astrology Astro-Meteorology Medical Astrology Elections This classic work is filled with numerous examples and its original publication was praised in the the Spiritualist: "Even for those who desire only to obtain a general knowledge of the subject, or at most be able to cast and read an astrological figure, Mr. Pearce's book may be recommended as easily intelligible, and containing much interesting matter, besides the process that will be chiefly useful to the student whose aims are more ambitious. To the latter it is invaluable. It is enriched with many interesting notices of nativities illustrating the different rules and doctrines of the science." Faced with a ship in need of repair, enemy attacks and the threat of wily Admiral Hotham, John Pearce is sailing into danger. Meanwhile Ralph Barclay is on his way to the Mediterranean. Thinking his wife still with Pearce and that he can repair his marriage by rescuing her, he sails in pursuit, Hotham half-hoping he suffers the same fate as the admiral has in store for Pearce. Can John Pearce fight to first save himself and his charges from captivity and then to be free from the enemy? It is a battle that will require all of his wits. The fourteenth volume in the popular John Pearce Adventures set on the high seas 1796: Lieutenant John Pearce is heading home aboard a hospital ship crammed with human cargo, yet the journey is far from plain sailing. Evading capture by an Algerine warship, Pearce attempts to save his disparate band of friends, the Pelicans, from being pressed into service on a British frigate—only for the group to risk being hanged for desertion once home. While using his cunning to protect his friends, his clandestine relationship with widow Emily Barclay becomes more complicated. In a whirlwind of forged wills, devious trades, contrived murders, and dangerous spy missions, Pearce does not know whom to trust. All he can hope to do is survive. The seventeenth volume in the popular John Pearce Adventures set on the high seas John Pearce discovers that Madrid plans to desert the British-led coalition and join the enemy. In company with Lord Langholm, he has taken a Spanish treasure ship. But a violent Atlantic westerly forces them into a deep bay overlooked by Spaniards, who have created a trap with cannon on the heights aimed at the narrow entrance. Pearce must take the lead, exposed to plunging fire, lucky the guns do not quite have the range. Then, having succeeded, he must get Langholm's frigate and the damaged Santa Leocadia through the same bottleneck. Only quick thinking and an act of sheer inspiration make it possible. His orders take him via Gibraltar, then on to Admiral Jervis, who hates him, to warn of Spanish duplicity. Finally, Jervis sends him to Bastia in Corsica, where the Viceroy, Sir Gilbert Elliot, is seeking to hold the island for Britannia in the face of Napoleon's successes in Italy. In night actions, outnumbered on land and sea, Pearce must fight the Francophile Corsicans, who are arming themselves for an insurrection. Will he succeed, or will he, HMS Hazard, and the Pelicans pay the ultimate price of failure? When John Pearce is sent on a mission to collect fleeing members of the Corsican government, he seeks the aid of a local clan chief, inadvertently putting himself, his crew, and his rescued charges in jeopardy. He got them all...All but one. Now the leader of the gang is in his sights -- but at terrible risk to Aurélie, the love of his life. You might think Eddie Grant has done everything he can but it wouldn't be true, at least not yet. The half-American, half-French golden boy of Paris cleaned up most of the gang that murdered his father, his wife, and his young son. The evil genius behind the plot remains out of reach, invisible, as though he never existed, but Eddie's thirst for revenge remains as keen as ever. He won't settle for mere justice. In a glittering salon in the most expensive quartier of Paris, Eddie's man surfaces, linked to a shady French banker, an American TV goldbug, and a pretentious Texas congressman running for president. He's back in Paris and on the prowl for Stinger missiles, with which he plans to threaten Charles De Gaulle, the diamond of French airports. Eddie must stop him. When the goldbug dies a gruesome death, Eddie must come to a decision: does he or doesn't he follow the case to the end? The wrong choice could be the last one he ever makes. Does vengeance outweigh the call of his growing romance with the beautiful Aurélie? She's clear about it -- at her urging, he jumps back into the fray, calling for help from his friend Jeremy Bentham, a retired two-star general he served under as company commander during the First Gulf War. The bewitching Jen, who he thought was far in the past, plays a key role. In his public life, Eddie is heir to a great American industrial fortune and an investing genius who has multiplied the wealth his father left behind -- and Aurélie's handsome companion at the society events and Sorbonne soirées she loves but he would rather avoid. In the background, he's a CIA "unofficial," who volunteers to be the Paris eyes and ears for his CIA and Desert Storm friend Icky Crane. Kirkus Reviews said Last Stop: Paris is "A full-throttle adventure through modern Europe and the Mediterranean that's part thriller, part mystery, and all rollicking ride." Shelf Unbound Magazine selected it as one of the six best indie books of the year.
