World Civilizations Ap 5th Edition

World Civilizations Peter N. Stearns, 2007 With 83 additional outline and four color maps World Civilizations The Global Experience Fifth Edition Atlas Edition helps students with geography one of the most difficult aspects of World history courses for many The maps are accompanied by review questions that call on students to identify important geographical areas and think critically about the connection between geography and historical events The maps are on perforated pages and are organized by chapter so that they can be assigned easily and collected The primary goal of World Civilizations is to present a truly global history since the development of agriculture and herding to the present Using a unique periodization this book divides the main periods of human history according to changes in the nature and extent of global contacts This global world history text emphasizes the major stages in the interactions among different peoples and societies while also assessing the development of major societies Presenting social and cultural as well as political and economic aspects the book examines key civilizations in world history World Civilizations balances this discussion of independent developments in the world's major civilizations with comparative analysis of the results of global contact

World Civilizations Peter N. Stearns, Longman (Firm : New York, N.Y.), Pearson Education, Inc, 2011 World Civilizations AP Edition encourages students to grasp concepts and patterns across a huge breadth of time and space and helps to facilitate global understandings and connections in the classroom This text captures a truly global approach by discussing and comparing major societies and focusing on their interactions World Civilizations AP Edition presents a clear factual framework while stimulating analysis about global contacts regional patterns and the whole process of change and continuity on a world stage This text identifies six periods in world history Each period is determined by three basic criteria a geographical rebalancing among major civilizational areas an increase in the intensity and extent of contact across civilizations or in the case of the earliest period crossregional contact and the emergence of new and roughly parallel developments in many major civilizations Based on comparative work and focuses on global processes this text helps students see the history of the world as one based on multiple disciplines Publisher
