**The Last of Her Kind** Sigrid Nunez, 2006-12-12 The paths of two women from different walks of life intersect amid counterculture of the 1960s in this haunting and provocative novel from the National Book Award winning author of *The Friend Named a*. A Best Book of the Year by the San Francisco Chronicle and the Christian Science Monitor. Sigrid Nunez's *The Last of Her Kind* introduces two women who meet as freshmen on the Columbia campus in 1968. Georgette George does not know what to make of her brilliant idealistic roommate Ann Drayton and her obsessive disdain for the ruling class into which she was born. She is mortified by Ann's romanticization of the underprivileged class which Georgette herself is hoping college will enable her to escape. After the violent fight that ends their friendship, Georgette wants only to forget Ann and to turn her attention to the troubled runaway kid sister who has reappeared after years on the road. Then in 1976 Ann is convicted of murder. At first Ann's fate appears to be the inevitable outcome of her belief in the moral imperative to make justice in a world where there are no innocent white people. But searching for answers to the riddle of this friend of her youth, Georgette finds more complicated and mysterious forces at work. The novel's narrator, Georgette, illuminates the terrifying life of this difficult, doomed woman and in the process discovers how much their early encounter has determined her own path and why. Decades later, as she tells us, "I have never stopped thinking about her."

*Utopia, Limited* Anahid Nersessian, 2015-03-09 What is utopia if not a perfect world impossible to achieve? Anahid Nersessian reveals a basic misunderstanding lurking behind that ideal. In *Utopia Limited*, she enlists William Blake, William Wordsworth, John Keats, and others to redefine utopianism as a positive investment in limitations. Linking the ecological imperative to live within our means to the aesthetic philosophy of the Romantic period, Nersessian's theory of utopia promises not an unconditionally perfect world but a better world where we get less than we

hoped but more than we had For the Romantic writers the project of utopia and the project of art were identical Blake believed that without limits a work of art would be no more than a set of squiggles on a page or a string of nonsensical letters and sounds And without boundaries utopia is merely an extension of the world as we know it but blighted by a hunger for having it all Nersessian proposes that we think about utopia as the Romantics thought about aesthetics as a way to bind and thereby emancipate human political potential within a finite space Grounded in an intellectual tradition that begins with Immanuel Kant and includes Theodor Adorno and Northrop Frye Utopia Limited lays out a program of adjustment that applies the lessons of art to the rigors of life on an imperiled planet It is a sincere response to environmental devastation offering us a road map through a restricted future

**The Expendable Man** Dorothy B. Hughes,2012-07-03 It was surprising what old experiences remembered could do to a presumably educated civilized man And Hugh Denismore a young doctor driving his mother s Cadillac from Los Angeles to Phoenix is eminently educated and civilized He is privileged would seem to have the world at his feet even Then why does the sight of a few redneck teenagers disconcert him Why is he reluctant to pick up a disheveled girl hitchhiking along the desert highway And why is he the first person the police suspect when she is found dead in Arizona a few days later Dorothy B Hughes ranks with Raymond Chandler and Patricia Highsmith as a master of mid century noir In books like *In a Lonely Place* and *Ride the Pink Horse* she exposed a seething discontent underneath the veneer of twentieth century prosperity With *The Expendable Man* first published in 1963 Hughes upends the conventions of the wrong man narrative to deliver a story that engages readers even as it implicates them in the greatest of all American crimes
