Hall,Naomi E. Langmore,2017-09-11 Bird song traditionally regarded as primarily a male trait is in fact widespread among female songbirds and was probably present in the ancestor of modern songbirds Odom et al 2014 *Nature Communications* These recent findings challenge the view that sexual dimorphism in the expression and complexity of song is largely the outcome of sexual selection on males It is now clear that understanding the evolution of bird song requires explaining variation within and among species in the expression and complexity of female song To do this we need a better understanding of the nature of variation in female song in different contexts and systems as well as the fitness costs and benefits of variation in the expression and complexity of female song This Research Topic draws together current research on female song with the goal of understanding the fitness costs and benefits of the diversity of female singing behaviour apparent among songbirds It includes articles ranging from single species studies investigating how female song varies with

context and contrasts with male song to comparative analyses exploring relationships between female song and ecological social and other factors as well as opinion pieces

**Threads of Time** Mugo Theuri, 2023-05-29 Mugo Theuri was plucked from his reporting job at the lawcourts in Nakuru after barely three months in post and driven to Nairobi for what would turn out to be 49 days of torture in the infamous Nyayo House Jailed for four years he joined the Liberation University the study group in prison and emerged a much more thoughtful and reflective man He uses personal memoir to thread his personal experiences into the historical events in the country and the world His experience with the courts and his attempt to get justice for his wrongful imprisonment enable him to reflect on the justice system just as his average scholarship give him clarity of how the country's systems and policies discriminate against the poor and frustrate the right to justice and education The candour with which *Threads of Time* is rendered allows the reader into the writer's personal crisis in struggling to reconcile his father's public role as headman during the Mau Mau war of independence in a context where most of his family were guerrillas in the forest as well as his relationship with religion

**The Hindi Music Jukebox** Manek Premchand, 2018-07-18 This Indian film music book is a collection of eighty essays about the people who made remarkable music in Bollywood cinema especially during the great era and the ideas such people brought to the recording studios When songs had to go without rhythms or when melodies had plenty of Q n A in them In this music book we flirt with Rock n Roll and scan songs that speed up at the end we peep behind the screen to see what the idea was behind chorus songs in our films even if there was no one to sing that chorus on the screen it's a huge list These pages are a reflection of the time when everyone was fired up in their art and when no one wanted to finish last in the race It is about artists who every now and then dreamt ideas and only after crystallizing things perfectly in their mind's eye went out to translate and transform their dreams into unforgettable melodies in Indian movies Jukebox will interest the layman as well as the academician
