Along The Way Journey Of A Father And Son Martin Sheen

Along the Way Martin Sheen, Emilio Estevez, 2012-05-10 Spanning nearly 50 years of family history the book chronicles the remarkable lives of two creative talents Martin Sheen and Emilio Estevez It s a story of father and son set against the backdrop of Hollywood this narrative is organized around their physical and spiritual journey along the Camino de Santiago Spain the thousand year old pilgrimage path which traverses Galicia It is the area from which Sheen s father emigrated to the U S and to which Estevez s own son has returned Along the Way will focus not just on the lives these men have chosen as artists but also and most importantly on the one they have lived together It is a story of family bonds and artistic advances and setbacks of good choices and hard choices of opportunities lost and opportunities found Sheen and Estevez will share what they have experienced and learned from each other in their forty eight years as father and son as fathers of sons as actors and director as spiritual seekers and as concerned citizens of the world Readers will meet them as real people rather than icons as two men who have accumulated decades of wisdom and insight they are now ready to share **Off the Road**

Jack Hitt, 2005-03 *Off the Road* is a delightfully irreverent tour of the 500 mile pilgrimage route from France to Santiago de Compostela Spain sights people believe God once touched Harper s contributing editor Jack Hitt writes of the many colorful pilgrims he met along the way in this offbeat journey through landscape and belief **Mushroom** Cynthia D.

Bertelsen, 2013-09-15 Known as the meat of the vegetable world mushrooms have their ardent supporters as well as their fierce detractors Hobbits go crazy over them while Diderot thought they should be sent back to the dung heap where they are born In *Mushroom* Cynthia D Bertelsen examines the colorful history of these divisive edible fungi As she reveals their story is fraught with murder and accidental death hunger and gluttony sickness and health religion and war Some cultures equate them with the rottenness of life while others delight in cooking and eating them And then there are those magic mushrooms which some people link to ancient religious beliefs To tell this story Bertelsen travels to the nineteenth century when mushrooms entered the realm of haute cuisine after millennia of being picked from the wild for use in everyday cooking and medicine She describes how this new demand drove entrepreneurs and farmers to seek methods for cultivating mushrooms including experiments in domesticating the highly sought after but elusive truffles and she explores the popular pastime of mushroom hunting and includes numerous historic and contemporary recipes Packed with images of mushrooms from around the globe this savory book will be essential reading for fans of this surprising earthy fungus **Stories I Only**
